

**STATE OF NEW MEXICO
LAND GRANT COUNCIL
LAND GRANT SUPPORT FUND GRANT AGREEMENT
PROJECT NO. 19-LGSF-04**

THIS AGREEMENT is made and entered into as of the 1st day of February, 2019, by and between the New Mexico Land Grant Council, a body administratively attached to the Department of Finance and Administration, 1829 Sigma Chi NE, Albuquerque, NM 87106, hereinafter called the "Council", and the Anton Chico Land Grant hereinafter called the "Grantee".

RECITALS

WHEREAS, in the Laws of 2018, the Legislature made an appropriation to the Council, funds from which the Council is making available to the Grantee pursuant to this Agreement and the Council's powers and duties set forth in Section 49-11-4 NMSA 1978; and

WHEREAS, the Council has decided to make a grant to the Grantee based on the Grantee's Land Grant Support Fund application to the Council; and

WHEREAS, the Grantee accepts the Council's grant in accordance with the terms and conditions of this Agreement; and

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants and obligations contained herein, the parties hereby mutually agree as follows:

ARTICLE I - PROJECT DESCRIPTION, AMOUNT OF GRANT AND REVERSION DATE.

A. The project that is the subject of this Agreement is described as follows:

19-LGSF-04 - \$5,650.00

GRANT REVERSION DATE: June 30, 2019

To purchase equipment and furnishing needed to set up a land grant administrative office; for the purchase of a vehicle for use by the land grant natural resources enforcement officer; and to plan, design, construct, renovate, furnish and equip capital improvements to the land grant multipurpose community building. This includes but is not limited to: office equipment such as computers, printers, scanners, and office furniture; a vehicle; and the purchase of materials, goods, equipment and services relating to capital improvements and renovations of the land grant multipurpose community building.

The Grantee's total grant award, in the form of reimbursement shall not exceed the appropriation amount of Five Thousand and Six Hundred Fifty Dollars and Zero Cents [\$5,650.00].

The referenced project shall be referred to throughout the remainder of this Agreement as the "Project". The information contained in Exhibit 1, attached hereto and incorporated by reference, is referred to collectively throughout the remainder of this Agreement as the "Project Description". The Grantee shall reference the Project's number in all correspondence with, and submissions to, the Council concerning the Project, including, but not limited to, requests for payment and reports.

ARTICLE II - LIMITATION ON COUNCIL'S OBLIGATION TO MAKE GRANT DISBURSEMENT TO GRANTEE.

A. The Grantee agrees and affirmatively states that it will implement, in all respects, the Project in the agreed upon time frame. The Grantee shall provide all necessary qualified personnel, material, and facilities to implement the Project. The Grantee is responsible for financing its share (if any) of the costs of the Project, including any and all Project overruns.

B. Project funds shall not be used for purposes other than those agreed upon and specified in the Project Description.

C. Unless specifically allowed by law and agreed upon in advance by the Council and/or DFA, Project funds cannot be used to reimburse Grantee for indirect Project costs.

ARTICLE III - NOTICE PROVISIONS: GRANTEE AND COUNCIL DESIGNATED REPRESENTATIVES.

Whenever written notices, including written decisions, are to be given or received, related to this Agreement, the following provisions shall apply.

The Grantee and the Council hereby designate the persons listed below as their official representative concerning all matters related to this Agreement:

Grantee: Anton Chico Land Grant
Name: Roberto Mondragon
Title: Treasurer
Address: P.O. Box 130
Anton Chico, NM 87711
Email: eleonbarbon@aol.com
Telephone: (505) 366-3472

Council: NM Land Grant Council
Name: Arturo Archuleta
Title: Program Manager
Address: New Mexico Land Grant Council
1829 Sigma Chi NE,
Albuquerque, NM 87106
Email: carchuleta02@unm.edu
Telephone: (505) 328-4104

The Grantee and the Council agree that they shall send all notices, including written decisions, related to this Agreement to the appropriate individual designated above by email, or regular mail. In the case of mailings, notices shall be deemed to have been given and received upon the date of the receiving party's actual receipt or five calendar days after mailing, whichever shall first occur. In the case of email transmissions, the notice shall be deemed to have been given and received on the date reflected on the delivery receipt of email.

ARTICLE IV - REVERSION DATE, TERM, EARLY TERMINATION.

A. This Agreement, upon being duly executed by both parties, shall be effective as of the date of execution by the Council. The Agreement terminates by operation of law on June 30, 2019 (Reversion Date) unless terminated before the Reversion Date pursuant to Article V below.

B. The parties agree that the Project's funds must be "expended" on or before the Reversion Date or, if applicable, the date of early termination of the Agreement pursuant to Article V below. For the purposes of reimbursement or payment by the Council under this Agreement, it is not sufficient for the Grantee to "encumber" the Project funds on its books on or before the Project's Reversion Date or date of early termination pursuant to Article V below. Funds are "expended" and an "expenditure" has been incurred by the Grantee when, in furtherance of fulfilling its obligations under this Agreement, the Grantee receives delivery of qualifying goods or title to such goods is transferred to the Grantee, or as of the date that qualifying services are rendered for the Grantee by a vendor/contractor. Qualifying goods and services are those that are necessary for the Grantee's fulfillment of the Project as set forth in Exhibit 1. The parties specifically agree that funds are *not* "expended" and an "expenditure" has *not* occurred as of the date they are "encumbered" by the Grantee pursuant to a contract or purchase order with a third party.

ARTICLE V - EARLY TERMINATION.

A. Early Termination Before Reversion Date Due to Completion of the Project or Complete Expenditure of the Appropriation or Violation of this Agreement.

Early termination includes:

- (i) Termination due to completion of the Project before the Reversion Date; or
- (ii) Termination due to complete expenditure of the Appropriation amount before the Reversion Date; or
- (iii) Termination for violation of the terms of this Agreement; or
- (iv) Termination for suspected mishandling of public funds, including but not limited to: fraud, waste, abuse, or conflicts of interest.

Either the Council or the Grantee may terminate this Agreement early prior to the Reversion Date by providing the other party with a minimum of fifteen (15) days advance, written notice of early termination. Grantee hereby waives any rights to assert an impairment of contract claim against the Council or the State of New Mexico in the event of early termination of this Agreement by the Council pursuant to Article V (A).

B. Early Termination Before Reversion Date Due to Non-appropriation

The terms of this Agreement are expressly made contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. Throughout this Agreement the term “non-appropriate” or “non-appropriation” includes the following actions by the New Mexico Legislature: de-authorization, re-authorization or revocation of a prior authorization. The Legislature may choose to non-appropriate the Appropriation referred to in the Recitals and, if that occurs, the Council *shall* early terminate this Agreement for non-appropriation by giving the Grantee written notice of such termination, as of the effective date of the law making the non-appropriation. The parties agree that the Council’s and/or DFA’s decision as to whether sufficient appropriations or authorizations are available shall be final and the Grantee hereby waives its rights, if any, to assert an impairment of contract claim against the Council or the State of New Mexico in the event of early termination of this Agreement by the Council pursuant to Article V (B).

C. Limitation on Council’s Obligation to Make Grant Disbursements to Grantee in the Event of Early Termination.

In the event of early termination of this Agreement by either party, the Council’s sole obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II.

ARTICLE VI - SUSPENSION OF NEW OR FURTHER OBLIGATIONS.

A. The Council may choose, in its absolute discretion, to direct the Grantee to suspend entering into new and further obligations. If the Council does so, the Grantee shall immediately cease from entering into new or further written obligations with third parties upon the date the Grantee receives written notice given by the Council as provided in Article III. The Council may direct the Grantee to implement a corrective action plan in accordance with Article VI (D).

B. In the event that the Council directs the Grantee to suspend entering into new and further obligations, the Council’s sole obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Council informing the Grantee that the suspension has been lifted or that the Agreement has been terminated early with Article V.

D. In the event that the Council chooses, in its absolute discretion to direct the Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI (A), the Council may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the suspension. Such corrective action plan must be approved by the Council and be signed by the Grantee. Failure to sign a corrective action plan and meet the terms and deadlines set forth in the signed corrective action plan, shall be deemed to be a violation of the terms of this Agreement for purposes of early termination in Article V(A)(iii). The corrective action plan is in addition to, and not in lieu of, any other equitable or legal remedy, including but not limited to early termination.

ARTICLE VII - AMENDMENT

A. This Agreement shall not be altered, changed, or amended except by instrument in writing duly executed by both the parties hereto.

ARTICLE VIII - REPORT.

A. The Grantee shall submit to the Council a Final Report for the Project. The Final Report shall be submitted on a form provided by the Council and contain such information as the Council may require. The Final Report form is attached hereto and incorporated by reference as Exhibit 3. The Council shall provide Grantee with a minimum of thirty (30) days advance, written notice of any change to the Final Report format or content. The paper Final Report must be submitted within five (5) days after the Project's Reversion Date or within fifteen (15) days of the date of Early Termination, which ever first occurs.

B. During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article XI (B), the Council may (i) request such additional information regarding the Project as it deems necessary and (ii) conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project. Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Council. Requests made pursuant to this subparagraph B are in addition to and not in lieu of the final reporting described in subparagraphs A of this article.

ARTICLE IX - REQUEST FOR PAYMENT PROCEDURES AND DEADLINES

A. The Grantee shall request payment by submitting a request for payment, in the form attached hereto and incorporated by reference as Exhibit 2. Payment requests are subject to the following procedures:

- (i) The Grantee must submit one original copy of each request for payment.
- (ii) Each request for payment must contain proof of payment by the Grantee or liabilities incurred by the Grantee in the form of a notarized certification by Grantee's designated representative in Article III. herein, that the expenditures are valid or liabilities incurred by the Grantee in the form of actual unpaid invoices received by the Grantee for services rendered by a third party or items of tangible personal property received by the Grantee for the implementation of the Project.
- (iii) In cases where the Grantee is submitting a request for payment to the Council based upon invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement, good or services have been received, and are a valid liability of the Grantee, the Grantee shall make payment to those contractors or vendors within five (5) calendar days from the date of cashing or depositing of the State warrant. A copy of the cancelled check from the Grantee to the contractor or vendor shall be submitted to the Council within ten (10) business days.

B. Requests for Payments shall be submitted by Grantee to the Council no later than July 1, 2019.

C. The Grantee's failure to abide by the requirements set forth in Article II shall result in the denial of its request for payment or will delay the processing of requests for payment. The Council has the right to reject a payment request for the Project until it is satisfied that the expenditures in the request for payment are for permissible purposes within the meaning of the Project Description and that the expenditures and the Grantee are otherwise in compliance with this Agreement, including, but not limited to, compliance with the reporting requirements and the requirements set forth in Article II. The Council's and/or DFA's authority to reject any requests for payment are in addition to, and not in lieu of, any other legal or equitable remedy available to the Council due to Grantee's violation of this Agreement.

ARTICLE X - PROJECT CONDITIONS AND RESTRICTIONS; REPRESENTATIONS AND WARRANTIES.

A. The Grantee hereby represents, agrees and warrants that the following general conditions and restrictions are applicable to the Project:

- (i) The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the Procurement Code or local procurement ordinance, where applicable.
- (ii) The Project may only benefit private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico, the "Anti-Donation Clause."
- (iii) The Grantee shall not at any time convert any property acquired or developed with the Project's funds to uses other than those specified in the Project Description without the Council's express, advance, and written approval.
- (iv) The Grantee has the legal authority to receive and expend the Project's funds.
- (v) This Agreement has been duly authorized by the Grantee, the person executing this Agreement has authority to do so, and, once executed by the Grantee, this Agreement shall constitute a binding obligation of the Grantee, enforceable according to its terms.
- (vi) This Agreement and the Grantee's obligations hereunder do not conflict with any law or ordinance or resolution applicable to the Grantee, the Grantee's charter, if applicable, or any judgment or decree to which it is subject.
- (vii) The Grantee has independently confirmed that the Project Description, including, but not limited to, the amount and Reversion Date, is consistent with their approved application.
- (viii) The Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign the Agreement and to sign requests for payment.
- (ix) The Grantee shall abide by New Mexico laws regarding Conflict of Interest and Governmental Conduct and Federal Whistleblower laws. The Grantee specifically agrees that no officer or employee of the local jurisdiction or its designees or agents, no member of the governing body, and no other public official of the locality who exercises any function or responsibility with respect to this Grant, during his/her tenure or for one year thereafter, shall have any interest, direct or indirect, in any

contract or subcontract, or the proceeds thereof, for work to be performed pursuant to this Grant. Further, Grantee shall require all of its contractors to incorporate in all subcontracts the language set forth in this paragraph prohibiting conflicts of interest.

- (x) The Grantee certifies, to the best of its knowledge and belief, no funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of this or any agency or body in connection with the awarding of any Third Party Obligation and that the Grantee shall require certifying language prohibiting lobbying to be included in the award documents for all sub-awards, including subcontracts, loans and cooperative agreements. All sub-recipients shall be required to certify accordingly.
- (xi) The Grantee shall comply with all federal and state laws, rules and regulations pertaining to equal employment opportunity. In accordance with all such laws, rules and regulations the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age or handicap, be excluded from employment with Grantee, be excluded from participation in the Project, be denied benefits or otherwise be subject to discrimination under, any activity performed under this Agreement. If Grantee is found to be not in compliance with these requirements during the life of this Agreement, the Grantee agrees to take appropriate steps to correct any deficiencies. The Grantee's failure to implement such appropriate steps within a reasonable time constitutes additional grounds for terminating this Agreement.

ARTICLE XI - STRICT ACCOUNTABILITY OF RECEIPTS AND DISBURSEMENTS; PROJECT RECORDS.

A. The Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles, and, if feasible, maintain a separate bank account or fund with a separate organizational code, for the funds to assure separate budgeting and accounting of the funds.

B. For a period of six (6) years following the Project's completion, the Grantee shall maintain all Project related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the total funds from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Council shall prescribe.

C. The Grantee shall make all Project records available to the Department of Finance and Administration and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor finds that any or all of these funds were improperly expended, the Grantee may be required to reimburse to the State of New Mexico, to the originating fund, any and all amounts found to be improperly expended.

ARTICLE XII - IMPROPERLY REIMBURSED FUNDS.

If the Council determines that the Grantee was improperly reimbursed with Project funds due, but not limited, to fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, or violation of this Agreement, then the Grantee shall immediately return such funds to the Council for disposition in accordance with law.

ARTICLE XIII - LIABILITY.

Neither party shall be responsible for liability incurred as a result of the other party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

ARTICLE XIV - SCOPE OF AGREEMENT.

This Agreement constitutes the entire and exclusive agreement between the Grantee and the Council concerning the subject matter hereof. This Agreement supersedes any and all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

ARTICLE XV - REQUIRED NON-APPROPRIATIONS CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT.

The Grantee acknowledges and agrees that Grantee shall include a "non-appropriations" clause in any and all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement. The non-appropriations clause shall state as follows:

"The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Legislature, the Anton Chico Land Grant may immediately terminate this Agreement by giving written notice of such termination. The Anton Chico Land Grant's decision as to whether sufficient appropriations are available shall be accepted by the Vendor/Contractor and shall be final. Vendor/Contractor hereby waives any rights to assert an impairment of contract claim against the Anton Chico Land Grant, the New Mexico Land Grant Council or the State of New Mexico in the event of immediate or early termination of this Agreement by the Anton Chico Land Grant, the New Mexico Land Grant Council or the State of New Mexico"

ARTICLE XVI - REQUIRED TERMINATION CLAUSE
IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE
UNDER THIS AGREEMENT.

Grantee acknowledges and agrees that Grantee shall include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

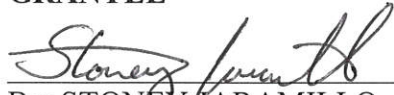

“This contract is funded in whole or in part by funds made available under a New Mexico Land Grant Support Fund Agreement. Should the New Mexico Land Grant Council terminate the Agreement early, the Anton Chico Land Grant may terminate this contract early by providing the contractor with written notice of such termination. In the event that this contract is terminated early pursuant to the terms of this paragraph, the Anton Chico Land Grant’s only liability shall be to pay [Insert contractor or vendor’s name] for acceptable goods delivered and services rendered before the termination date.”

Grantee hereby waives any rights to assert an impairment of contract claim against the Council or the State of New Mexico in the event of early termination of this Agreement by the Council.

[THIS SPACE LEFT BLANK INTENTIONALLY]

IN WITNESS WHEREOF, the parties have duly executed this Agreement as of the date of execution by the Council.

ANTON CHICO LAND GRANT

June 30, 2019

To: Whom it may concern:

Re: Anton Chico Land Grant project 19-LGSF-04

The Anton Chico Land Grant utilized its Land Grant Support Fund Project (19-LGSF-04) grant to purchase a 2005 Ford F-150 (vin# 1FTPW14505KF06691) that will be utilized to patrol the common lands of the land grant for the protection of the land grants natural resources. The vehicle was purchased from a private seller (Isabel Quinones) that would not take a check for the purchase of the vehicle. Therefore the Treasurer wrote out a check to Rafael Jaramillo the Land Grant Manager, in order to cash the check and purchase the vehicle. A copy of the cashed check, as well as the bill of sale and title from the seller are attached to the final pay request. The Land Grant is in the process of registering the truck. In addition, to the vehicle the Land Grant also purchased a Lenovo Laptop from OfficeMax for use in the day to day operations of the Land Grant

ANTON CHICO LAND GRANT

June 30, 2019

To: Whom it may concern:

Re: Anton Chico Land Grant project 19-LGSF-04

The Anton Chico Land Grant has completed all of the purchases related to our FY 2019 Land Grant Support award, 19-LGSF-04. This includes the purchase of a 2005 F150 and a Lenovo Laptop computer. The remaining balance of the award after these purchases is \$50.01. The Anton Chico Land Grant will make no more purchases under this award and we therefore request that the \$50.01 be reverted.

A handwritten signature in black ink, appearing to read "Stoney Jaramillo", is positioned above the title "Anton Chico Land Grant President".

Authorized Signature

STATE OF NEW MEXICO
GENERAL SERVICES DEPARTMENT- PURCHASING DIVISION
TERMS AND CONDITIONS UNLESS OTHERWISE SPECIFIED

SPD-101A (04/19)

1. **GENERAL:** When the State Purchasing Agent issues a purchase document in response to the Vendors bid, a binding contract is created.
2. **VARIATION IN QUANTITY:** No variation in the quantity of any item called for by this order will be accepted unless such variation has been caused by conditions of loading, shipping, packing or allowances in manufacturing process, and then only to the extent, if any, specified elsewhere in this order.
3. **ASSIGNMENT:**
 - A: Neither the order, nor any interest therein, nor claim thereunder, shall be assigned or transferred by the Vendor, except as set forth in subparagraph 3B below or as expressly authorized in writing by the STATE PURCHASING AGENTS OFFICE. No such assignment or transfer shall relieve the Vendor from the obligations and liabilities under this order.
 - B: Vendor agrees that any and all claims for overcharge resulting from antitrust violations which are borne by the State as to goods, services, and materials purchased in connection with this bid are hereby assigned to the State.
4. **STATE FURNISHED PROPERTY:** State furnished property shall be returned to the state upon request in the same condition as received except for ordinary wear, tear, and modifications ordered hereunder.
5. **DISCOUNTS:** Prompt payment discounts will not be considered in computing the low bid. Discounts for payment within 20 days will be considered after the award of the contract. Discounted time will be computed from the date of receipt of the merchandise or invoice, whichever is later.
6. **INSPECTION:** Final inspection and acceptance will be made at the destination. Supplies rejected at the destination for non-conformance with specifications shall be removed, at the Vendors risk and expense, promptly after notice of rejection.
7. **INSPECTION OF PLANT:** The State Purchasing Agent may inspect, at any reasonable time, the part of the contractors, or any subcontractors plant or place of business, which is related to the performance of this contract.
8. **COMMERCIAL WARRANTY:** The Vendor agrees that the supplies or services furnished under this order shall be covered by the most favorable commercial warranties the Vendor gives to any customer for such supplies or services, and that the rights and remedies provided herein shall extend to the State and are in addition to and do not limit any rights afforded to the State by any other cause of this order. Vendor agrees not to disclaim warranties of fitness for a particular purpose or merchantability.
9. **TAXES:** The unit price shall exclude all State taxes.
10. **PACKING, SHIPPING AND INVOICING:**
 - A: The States purchase document number and the Vendors name, users name and location shall be shown on each packing and delivery ticket, package, bill of lading and other correspondence in connection with the shipment. The users count will be accepted by the Vendor as final and conclusive on all shipments not accompanied by a packing ticket.
 - B: The Vendors invoice shall be submitted in triplicate, duly certified and shall contain the following information: order number, description of supplies or services, quantities, unit prices and extended totals. Separate invoices shall be rendered for each and every complete shipment.
 - C: Invoices must be submitted to the using agency and NOT THE STATE PURCHASING AGENT.
11. **DEFAULT:** The State reserves the right to cancel all or any part of this order without cost to the State, if the Vendor fails to meet the provisions of this order and, except as otherwise provided herein, to hold the Vendor liable for any excess cost occasioned by the State due to the Vendors default. The Vendor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Vendor, such causes include, but are not restricted to, acts of God or of the public enemy, acts of the State or of the Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargos, unusually severe weather and defaults of subcontractors due to any of the above, unless the State shall determine that the supplies or services to be furnished by the subcontractor where obtainable from other sources in sufficient time to permit the Vendor to meet the required delivery scheduled. The rights and remedies of the State provided in this paragraph shall not be exclusive and are in addition to any other rights now being provided by law or under this order.
12. **NON-COLLUSION:** In signing this bid, the Vendor certifies he/she has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this proposal submitted to the State Purchasing Agent.
13. **NON-DISCRIMINATION:** Vendors doing business with the State of New Mexico must be in compliance with the Federal Civil Rights Act of 1964 and Title VII of that Act, Rev., 1979.
14. **THE PROCUREMENT CODE:** Sections 13-1-28 through 13-1-199 NMSA 1978 imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.
15. All bid items are to be NEW and most current production, unless otherwise specified.
16. **PAYMENT FOR PURCHASES:** Except as otherwise agreed to: late payment charges may be assessed against the user state agency in the amount and under the conditions set forth in section 13-14158 NMSA 1978.
17. **WORKERS COMPENSATION:** The Contractor agrees to comply with state laws and rules pertaining to workers compensation benefits for its employees. If the Contractor fails to comply with Workers Compensation Act and applicable rules when required to do so, this (Agreement) may be terminated by the contracting agency.
18. **GENERAL SERVICES STATEWIDE PRICE AGREEMENT:** Any purchase order entered into pursuant to a Statewide Price Agreement incorporates by this language all the terms and conditions of that Statewide Price Agreement and by accepting payment under this purchase order the Contractor agrees to and accepts all the terms and conditions of the Statewide Price Agreement.

Ownership Map of the Anton Chico Grant

North

Draft

PRELIMINARY
Subject to Change

Acreage Information	
The acreage shown was determined by photo interpretation using the most current photography, geo-referenced, scaled and rotated. Legal descriptions were plotted which more or less coincided with current fence locations in some areas. The legal description for the singleton property east of highway 84 does not close mathematically, a Beisman survey was utilized to estimate the northern boundary.	
Land Grant Acreage:	31,224 Acres
Colonias Tract	31,224 Acres
Guadalupe County	71,904 Acres
San Miguel County	19,976 Acres

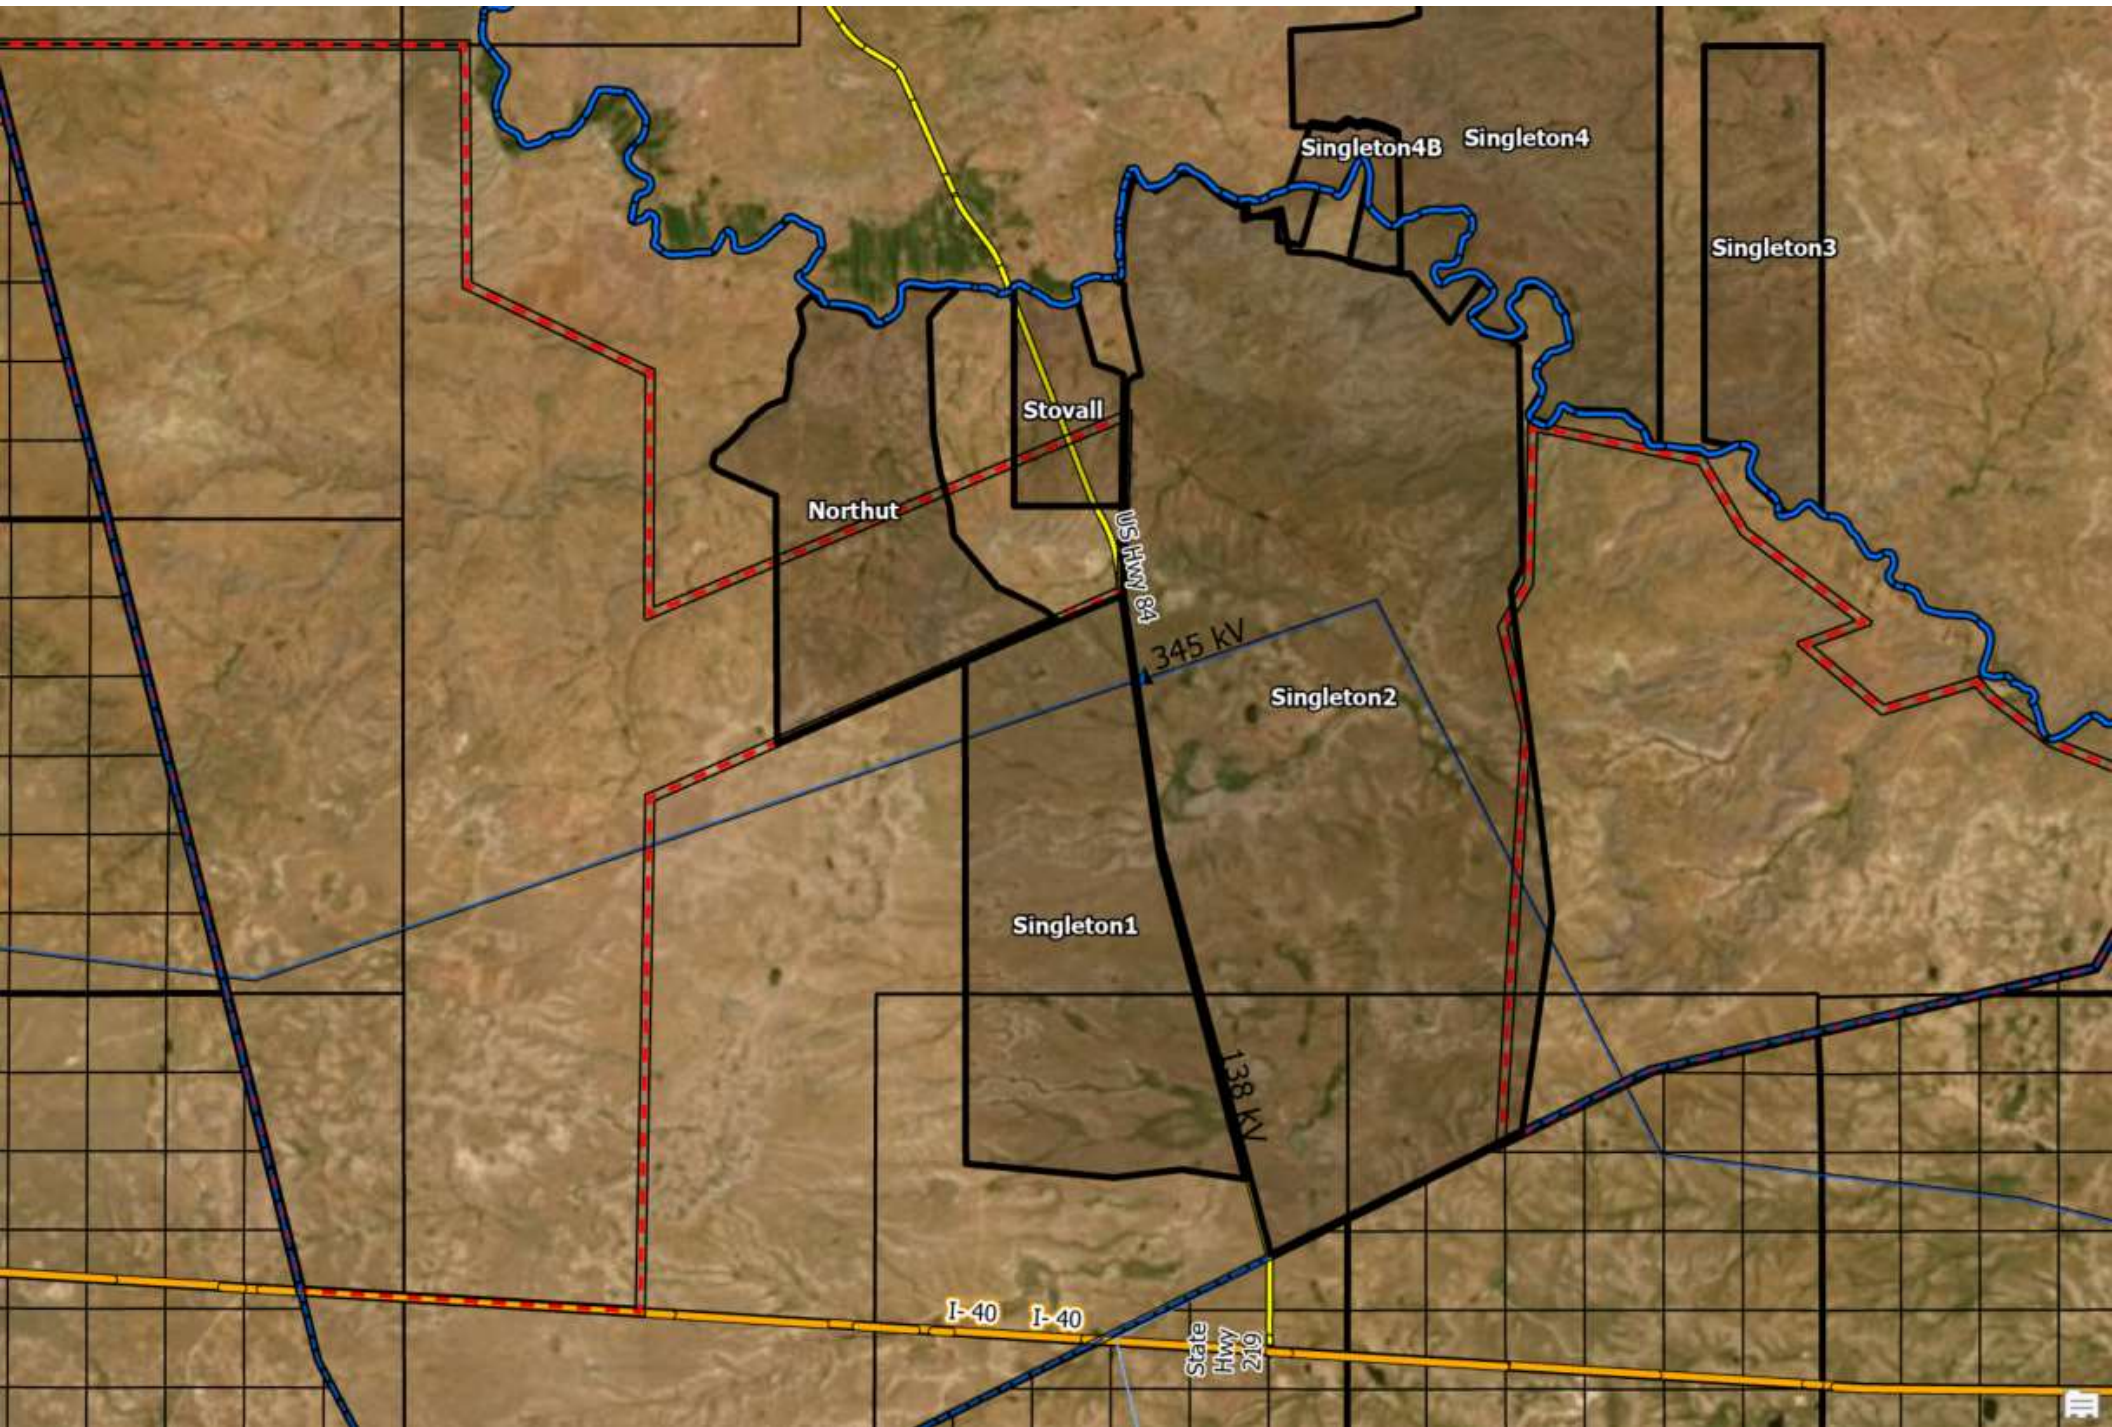

123,104 Acres total of land grant land (this includes the area of occupied towns)	
Private Lands:	
Spies-Davis Tracts	25,170 Acres
Spies-Davis Tract	5,559 Acres
Singleton Property	36,061 Acres (west of U.S. 84)
Singleton Property	36,243 Acres (east of U.S. 84)

John Northcut	103,033 Acres
-----	3,037 Acres

106,070 Acres total	
Forest Service	
-----	23,013 Acres
Preston Beck	125,725 Acres

Note
This mapping exercise does not represent an official boundary survey.

Distance of the Pecos River through the Anton Chico Grant is approximately 58 miles.

Subject: Complaint

Good Morning Mr. Jaramillo,

Please see attached letter and complaint regarding the Board of Trustees use of funds. As I mentioned on the phone, the Office of the Attorney General is charged with reviewing any complaint alleging potential governmental conduct violations. As such, we are requesting clarification and information regarding the allegations listed in the complaint.

I appreciate your cooperation in this matter.

Thank you,

Novela Salazar

Re: Possible Governmental Conduct Act Violation

Dear Board of Trustees:

The Office of the Attorney General has received a complaint alleging possible violations of the Governmental Conduct Act ("GCA"), NMSA 1978, Sections 10-16-1 to -17 regarding your actions as the board with control and management of the Anton Chico land grant-merced. The allegations stem from actions regarding recent past due account notices sent to heirs of the land grant, and the use of governmental funds granted to the Anton Chico land grant. The Office of the Attorney General is charged with the review and enforcement of the GCA. A copy of the complaint is attached for your reference.

As such, we are requesting a response regarding these allegations. As noted within the attached correspondence, we are requesting clarification and information regarding your financial records and business transactions made on behalf of Anton Chico Land Grant. We are also seeking clarification regarding the fees and permits required to remove rock product from the land grant. Any supplemental information or documents that may clarify the allegations and complaint made by this concerned citizen, would be greatly appreciated.

In order to properly evaluate the allegations, we request that you provide a written response to the allegations in this correspondence **on or before Friday December 6, 2019**. Please provide

Anton Chico Land Grant Board of Trustees

November 26, 2019

a detailed response to each allegation within the complaint. You may also include any relevant documents that you feel is necessary for our review. Upon receipt of your response, an Assistant Attorney General from the Open Government Division may reach out to you for clarification or additional information.

We appreciate your cooperation.

Stoney

Good to catch up by phone earlier in the week. Apologies for delay in getting this note to you, have been on the road a fair amount this past week.

I look forward to meeting next **Friday January 31st at 2:00pm** at Anton Chico where we can discuss the proposal below in more detail.

As mentioned, Leeward is in a uniquely enviable position of having rights to connect substantial additional wind capacity to the transmission system at Guadalupe substation, located just off Highway 84 adjacent to the Anton Chico land grant. Given that we have intimate knowledge of the transmission interconnection queue, we do know that anyone submitting a new application is many years from being granted rights to connect to the transmission system. It took us 7 years of detailed transmission interconnection studies to be concluded in order to gain the additional capacity that we currently hold. Our expectation is that anyone who enters the transmission queue at this time will have to wait 8-10 years, or longer, to be able to connect to the adjacent transmission system. Unfortunately, for them, the new additional transmission projects happening to the west of Guadalupe County will not expedite this timeline.

Given our intent to move forward and construct a project in 2021, in addition to agreeing the met tower agreement e-mailed below, we would like to discuss moving forward with finalizing an option to lease on the following basis:

Option:

- **Option term:** 3 year term ("Initial Term") extendable by a further 3 years ("Extended Term") upon Leeward demonstrating its development commitment in developing the project by

having spent a minimum of \$200k by way of third party invoiced costs. In the event that Leeward could not demonstrate having spent \$200k by way of provision of third party invoices they would not have the right to the Extended Term

- **Option payment:** Current area of interest is per the attached previously provided drawing
 - Initial Term: \$3 per acre per year for the area to be optioned
 - Extended Term: \$4 per acre per year for the area to be optioned

Lease:

- **Option Exercise Payment:** \$100,000 to cover first twelve months construction phase
- **Wind Turbine Royalty Payment (based on energy sales revenue):** Years 1-10: 3.00%, Years 11 – 20: 4.00% , Years 21 and beyond 5.00%
- **Term:** 40 year term with two 5 year extension rights (ie 50 year maximum term)
- **Transmission Line easement:** One off upfront payment of \$25,000 per mile for a 150 foot wide easement

Other:

- Exclusive rights over the entire land grant in respect of harvesting commercial scale wind energy for the production of electricity (ie we are not seeking to prevent wind driven water pumping or residential scale smaller turbines)
- Met tower agreement to be extinguished and incorporated into the Option to Lease once executed
- We will need to commence title work asap in order to comply with our objectives of potentially building out a project in 2021, to that end it is critical that we are able to commence legal due diligence in respect of being able to gain the required level of title surety. Do you have a property legal representative that we could engage with to commence a high level analysis of likely title complexity?
- We would need to know the extent of other leases that may exist on the area we are interested in (ie oil and gas, grazing etc)
- The above is subject to contract

Have a good hunting trip!

As discussed briefly last week, I did pass by the Anton Chico landholding and drove along the road heading West. We would be interested to discuss in more detail the opportunity to erect up to two met towers within the area shown in the red oval on the attached. To that end we attach a

proposed met tower agreement.

Equally we would be very interested to see if you have recovered the information and data from the previous met mast erected on the land. To the extent you could mark an approximate location on the attached drawing that would be appreciated.

Look forward to speaking in the next couple of days.

Subject: Anton Chico Land Grant election

UNM-IT Warning: This message was sent from outside of the LoboMail system. Do not click on links or open attachments unless you are sure the content is safe. (2.3)
Mr Archuleta

For your information, a group of land Grant heirs will be going to the Governor's Office early next week for a sit down protest in her Office to bring attention to the fact that Mr Stoney Jaramillo and the other Board Members have cancelled the Land Grant Election for this year.

They are telling people in the community that they have been told by Juan Sanchez, yourself , Senators Campos and Stefanics, along with the Attorney General's Office to postpone the election.

I do not know if you are aware that gunshots are being fired at heirs opposing the Board. Restraining orders are in place against at least one board member for threats and the State Police in that District are on constant patrol day and night. " Tierra o Muerte " signs are popping up all over the place .

I am not an heir to Anton Chico..but I have friends and family there ..I hold you and the rest of all of you responsible for anything that may happen to innocent people.

Maybe, yourself and/or others at your level can call an emergency meeting with the community heirs to address their rights by law to have an election. The Secretary of State is a joke in this situation.

Thank you.

Stoney:

Attached please find the letter of support fo the Traditional Use Legislation, H.R. 3682, that we discussed earlier this week. Please review and amend the letter as you see fit. Once you are satisfied please place it on the Anton Chico Land Grant's letterhead, print it, sign it and scan it back to me. The sooner you can send it back the better. Let me know if you have any questions. Gracias!

-Arturo

[letterhead]

April 7, 2020

United States House of Representatives
Committee on Natural Resources
1324 Longworth House Office Building
Washington, DC 20515

Dear Chairman Raúl Grijalva:

The Anton Chico Land Grant is writing you this letter in support of House Resolution 3682, the Land Grant and Acequia Traditional Use Recognition and Consultation Act. This Act when passed will provide the Anton Chico Land Grant guaranteed access and use of 15,000 acres of our former common lands now under the management and control of the Santa Fe National Forest. Further, it will ensure that our land grant board of trustees is consulted when the Santa Fe National Forest is making management decisions concerning those lands.

The Anton Chico Land Grant was established in 1822 by the Mexican Government as a community land grant and originally encompassed over 375,000 acres of common lands. The land grant was confirmed to the Town of Anton Chico in its entirety by Congress in 1860. However, Congress also approved a junior overlapping individual claim by Preston Beck Jr. which resulted in the almost immediate loss of 120,000 acres of land. The Anton Chico land grant challenged the validity of the overlap since the Anton Chico Grant was older. While the Anton Chico Grant was initially successful in the New Mexico Territorial Courts, the decision was appealed to the New Mexico Supreme Court and the Court ruled that since the Presto Beck Jr. Grant received a patent from the United States sooner, it was the senior grant even though the original title under Mexico was junior. The Anton Chico Land Grant lost an additional 135,000 acres of land due to the corrupt dealings of the U.S. Surveyor General charged with surveying the land grant as approved by Congress. Due to his direct attempts to steal the land grant from the community the land grant was forced to give away 35,000 acres of land in a lawsuit and pay an additional 100,000 acres in land as the fee to the attorneys litigating the case.

In the 1930's the Anton Chico Land Grant was on the verge of losing some of its common lands to the State of New Mexico for delinquent property taxes. The common lands of these land rich, cash poor land grant-merced communities were not subject to property taxes under Spain or Mexico. Approximately 15,000 acres of the common land were purchased through New Deal Programs for conservation and use by the local community. The lands were managed by the Soil Conservation Service (later renamed Natural Resource Conservation Service). When funding for these programs went away the land was transferred to the U.S. Forest Service via Public Law

419 in 1953. The Congressional Record shows that these lands were to continue to be managed for the use by the local community under the U.S. Forest Service. This requirement has long been forgotten and as the years have progressed. The U.S. Forest Service, influenced by national trends, moved to management of the land for other priorities and has abandoned management and even consultation with the local community for local traditional use of the land.

In closing the Anton Chico Land Grant asks for the full support of the House Natural Resources Committee to pass H.R. 3682.

Sincerely,

Stoney Jaramillo
President

CC:

Congressman Ben Ray Luján, NM, 3rd Congressional District
Congresswoman Debra Haalan, NM, 1st Congressional District

CASE NO. D-412-CV-2020-151

GERALD E. BACA

E-MAILED

4/22/2020

Stoney.jaramillo@state.nm.us

Jeffery Tenorio
Plaintiff,

vs.

Stoney Jaramillo
Defendant,

COMPLAINT AND APPLICATION FOR
CIVIL RESTRAINING ORDER

1. I live in San Miguel County, State of New Mexico.
2. Defendant lives in San Miguel County, State of New Mexico. Defendants address is MC 67 Box 47, Tsalabito, New Mexico
San Miguel County
[or] I do not know where the Defendant lives but can be found at:

3. Defendant is not now and has never been a household member of mine. I am not married to defendant, have never been married to the Defendant, have no children with the defendant, and am not a parent or child or grandparent or grandchild of Defendant.

4. The injury, loss, or damage Defendant caused to me occurred on Ongoing / several Police Reports, 2019, in San Miguel County, State of New Mexico. The Defendant caused me injury, loss, or damage as described below. (If more space is needed, please add pages but do not write on back of pages.)

Ongoing
Stoney Jaramillo has constantly harassing me about land grant issues. On Feb. 18th, 2020, a black SUV was seen stalking my house. On Feb. 19, 2020, gunshots were fired at my home and my daughter's boyfriend was in the line of fire. On Feb. 25th, 2020, same SUV seen. Reported to State Police, under investigation. On March 14th same SUV spotted. Reported to San Miguel Deputy-Licence number. Individuals on SUV Stoney Jaramillo and Ralph Jaramillo.

5. I am asking that a Temporary Restraining Order be entered without telling Defendant I am asking for one because:

☒ I am afraid that the Defendant will cause me immediate further injury, loss, or damage if the Court does not act to stop him/her. [Or state reason below]

Shut at my house. State Police on constant patrol

6. I have no adequate remedy at law for the harm threatened by the Defendant, and if the Court does not act to stop the Defendant, I will suffer irreparable harm.

7. I should not be required to provide a bond or other security because:

☒ The Defendant will not be damaged financially if the Temporary Restraining Order is issued
OR

☐

8. IN ACCORDANCE WITH RULE 1-066 NMRA, I ASK THE COURT TO:

- a. Immediately issue a Temporary Restraining Order to stop the conduct described in Paragraph 3 of this Complaint and Application for Temporary Restraining Order.
- b. Issue a Preliminary Injunction effective until a final decision is made on the merits.
- c. Issue a Permanent Injunction effective until further notice from the court.
- d. Waive the furnishing of security.
- e. Order the Defendant not to threaten, harm harass, or annoy me or my family or household members.
- f. Order the defendant to stay at least 1,000 feet away from me, my residence, my workplace, and my children's school. new highway
- g. Order the Defendant not to telephone me, text me, email me or contact me in any way including contact with me or posting about me on Facebook or any other social media.
- h. Order the Defendant not to block or follow me in public places or roads.
- i. Order the Defendant to pay me back for the costs and expenses I incurred in bringing this case.
- j. (optional) Order the Defendant to pay me the amount of \$ _____ for (check all that apply):
 - ☐ medical expenses I incurred from injury the Defendant caused
 - ☐ damage to property of mine caused by the Defendant
 - ☐ replacement of property destroyed or taken by the Defendant

o other: They have weapons, rifles, etc... they
should be confiscated under new Red Flag Law.

k. (optional) Return the following personal property taken by Defendant:

l. For any other relief that the Court thinks proper and appropriate.

RESPECTFULLY SUBMITTED:

JEFFREY TENORIO,

PLAINTIFF,

Vs.

No. D-412-CV-2020-151

STONEY JARAMILLO,

DEFENDANT.

TEMPORARY RESTRAINING ORDER

THIS MATTER came before the Court on Application for Temporary Restraining Order. The Court, being fully advised in the premises, FINDS:

☒ Immediate and irreparable injury will result to the Plaintiff(s) if a restraining order is not issued immediately, as requested by Plaintiff(s). No notice need be given to Defendant(s) as required by the Rules of Civil Procedure. There are good grounds to show a preliminary injunction may be needed in this case. This Order shall be effective for a period of ten days unless extended or modified.

☒ This Order shall be issued ☐ with ☒ without the requirement of a bond or other security.

~~☐ There are insufficient grounds presented for the issuance of a Temporary Restraining Order.~~

IT IS THEREFORE ORDERED that: Plaintiff(s) shall immediately arrange for personal service of endorsed copies of the Verified Application for Restraining Order and this Temporary Restraining Order on Defendant(s) as required by the Rules of Civil Procedure. The following prohibitions apply to actions and conduct, whether direct or indirect (acting through others).

~~☐ The Motion for Temporary Restraining Order is denied.~~

☒ Defendant(s) not threaten, harm, harass, or annoy Plaintiff(s);

☒ Defendant(s) not threaten, harm, harass, or annoy Plaintiff(s) or Plaintiffs (their) family and household members;

☒ Defendant(s) stay at least 100 yards away from Plaintiff(s) and from Plaintiffs (their) residence(s), workplace(s) and children's school(s);

☒ Defendant(s) not telephone Plaintiff(s) or contact Plaintiff(s) in any way;

☒ Defendant(s) not block Plaintiff(s) in public places or roads;

☒ Further, Defendant(s) is (are) ordered not to do the following: Defendant shall not enter onto plaintiff's property for any reason or damage or destroy plaintiff's property in any way or for any reason.

☒ Due to good cause shown, no bond or other security is required.

☐ Plaintiff(s) will furnish the following security/bond as required by the Rules of Civil Procedure:

IT IS FURTHER ORDERED that Defendant(s) appear at a hearing before the Court on the 27th day of April, 2020 at 9:00 a.m./p.m. in the Courtroom of the Honorable Judge Gerald E. Baca, Fourth Judicial District Court, 496 West National Avenue, Las Vegas, New Mexico, to give reasons or otherwise explain to the Court why the Temporary Restraining Order should not be extended or another order entered, or why the Temporary Restraining Order should be dissolved or modified.

Judge of the Fourth Judicial District Court

Date Issued: April 16, 2020

Time Issued: 11:54 a.m.

ANY VIOLATION OF THIS ORDER IS SUBJECT TO CIVIL CONTEMPT AND COULD RESULT IN SEVERE SANCTIONS UP TO AND INCLUDING FINES AND JAIL TIME. THIS ORDER SHALL HAVE THE FULL FORCE AND EFFECT OF LAW.

HEARING WILL BE HELD by: Video/Telephonic

(by: GOOGLE APP MEET)

San Miguel County Courthouse Courtroom
Las Vegas, NM 87701

- Please provide TCAA with email address and/or telephone number of pro se parties **prior to hearing date** for purpose of invite. 505-425-7131.
- If parties **absolutely do not have** video capability they will be provided the telephone number and pin number provided on the google MEET invite so they may participate telephonically.

Information on holding a virtual emergency meeting

DRAFT Virtual Meeting & Closed Exexutive Session notices.doc;
AG_Balderas_Guidance_to_Public_Entities_Regarding_OMA_and_IPRA_Compliance_During_COVID_19_State_of_Emergency-2.pdf;

Stoney:

As per our phone discussion I believe that the Anton Chico Land Grant could call for an emergency virtual executive session and meeting with three days advance notice for this Sunday in order to discuss pending litigation with the land grant's attorney. The closed session meeting would be for discussion with attorney only with no action being taking in closed session. You do not need to have minutes of the closed session discussion. If the land grant hopes to take any action as a result of the discussion you would have to do so in a virtual meeting that is open to the public. You can utilize a virtual video conference meeting or a telephone conference meeting. The Attorney General's Office suggests that a video conference is preferable to a telephone conference but it depends on your communities available technology. I suggest you utilize a separate conference call line closed executive session and for the public meeting to take action. I've attached the Attorney General's guidance for holding a virtual meeting. Please review prior to your meeting. You can obtain a free conference call line for the Anton Chico Land Grant utilizing the link below to Free Conference Call.com

You can set up a number for the land grant and then you or one of you board members can set up a separate line as well. If you have problems let me know and if need be you can use the Council's conference call line for your executive session.

<https://www.freeconferencecall.com>

Free Audio Conferencing | FreeConferenceCall.com

FreeConferenceCall.com provides HD audio conferencing, screen sharing and video conferencing with up to 1,000 participants. Sign up for a free account.

In terms of the meeting notice you will need to post it in the same manner that you usually give notice for you meeting, i.e. the community center, post office etc. Attached are draft notices in English and Spanish for both the virtual public meeting and the closed executive session. Please review and amend as necessary. Be sure and fill out the date, time of the meetings on all notices English and Spanish. Also be sure and put the conference call in information on the public meeting notice (English and Spanish). You can delete the information in (parentheses) prior to printing.

Lastly, be sure that in the public meeting when you take action that whoever makes the motion and the 2nd clearly identify themselves and that be sure to do the vote on the motion via roll call, with each member stating how they vote once you call their names. Let me know if you have any questions. Gracias!

-Arturo

THE ANTON CHICO LAND GRANT

**PUBLIC NOTICE OF A
VIRTUAL EMERGENCY MEETING OF
THE BOARD OF TRUSTEES**

The Board of Trustees of the Anton Chico Land Grant shall have an emergency meeting on the _____ (Insert date). AG Balderas Issues Guidance to Public Entities Regarding Open Meetings Act and Inspection of Public Records Act Compliance During COVID-19 State of Emergency

Santa Fe, NM---Today, Attorney General Balderas issued the following guidance to public entities across the State of New Mexico regarding their ongoing obligations to comply with the Open Meetings Act (OMA) and the Inspection of Public Records Act (IPRA) during the state of emergency in New Mexico.

“The health and safety of New Mexican families is the number one priority across our State, but government must remain transparent and accountable, especially during a state of emergency,” said Attorney General Balderas. “All public entities should follow the guidance of public health officials and make any necessary adjustments to ensure compliance with our transparency laws during this time.”

The Office of the Attorney General advises all public entities subject to OMA to first and foremost follow the guidance of the Department of Health and other health officials to ensure the health and safety of both members of the entity and the public. Accordingly, the most prudent thing to do to ensure compliance with OMA would be to postpone any non-essential public meeting during the pendency of the state of emergency. If, however, a public entity has an emergency or time-sensitive matter to attend to, it may proceed with a virtual meeting under the following guidelines:

- Notice of the meeting must still comply with the mandates of OMA, and it should contain detailed information about how members of the public may attend and listen via telephone, live streaming, or other similar technologies---this should include such detail as relevant phone numbers, web addresses, etc.;
- While provided by alternative means, the public must have some form of access to the meeting to substitute for the access it would during any normally scheduled public meeting subject to OMA;
- Where possible, videoconference is the best alternative method of holding meetings;
- At the start of the meeting, the chairperson should announce the names of those members of the public entity participating remotely;
- All members of the public entity participating remotely must identify themselves whenever they speak and must be clearly audible to the other members of the public entity and to the public;
- The chairperson or person leading the meeting should suspend discussion if the audio or video is interrupted;
- All votes of the public entity should be by roll call vote;

- The public entity should produce and maintain a recording of the open session of the meeting.

To comply with IPRA, the Office of the Attorney General recommends that, first, agencies continue to satisfy IPRA's deadlines and fulfill IPRA requests however possible in light of Department of Health's recommendations and any order pursuant to the state of emergency. Of paramount importance, as is always the case, a public entity's records custodian should communicate promptly with the requesting party, however now regarding the circumstances of production in the context of the state of emergency.

Pursuant to public health guidelines during the state of emergency, public entities should suspend all in-person inspection of public records during the pendency of the state of emergency. Public entities should make every effort to comply with the mandates of IPRA by producing records electronically. If circumstances arise where records are not available electronically and cannot be produced in the timeframes mandated by IPRA, an agency may designate a request as excessively burdensome due to the state of emergency, and communicate to the requestor that the request will be fulfilled as required by IPRA when the state of emergency is lifted.

In short, IPRA very much still applies and all deadlines should be satisfied to the fullest extent possible. Where the state of emergency hampers or otherwise prohibits an entity's ability to respond, we reiterate that the entity nonetheless should communicate promptly with the requester to make alternative arrangements to allow for the inspection of records, in keeping with the spirit and intent of IPRA.

The Office of the Attorney General continues to be available to any public entity that has questions or concerns about OMA and IPRA compliance, and will also continue to take OMA and IPRA complaints during the state of emergency.

 Search**Lorenzo Flores**50 mins • 

Today the Request for Intervention on behalf of the Heirs of the Anton Chico Land Grant will be finished. The information will be hand delivered within the next couple of days to the Attorney General, the State Auditor, Secretary of State, Consejos, the AG Hidalgo Division and the Federal Prosecutor's Office for New Mexico in Albuquerque, as well as various media outlets.

The Eastern Slope of the Sangre de Cristo Mountains Land Grants Committee hopes that the ACLG Heirs get the opportunity to be allowed to clean up their own house and make the Land Grant serve the Heirs in a manner consistent with the will of the majority.

In an area with poverty implications, it is important that financial remedies serve the community at large ..not just a few. I caution the current Board not to be vindictive towards any Heir who believes they have been discriminated against, not given the same

Hello Mr. Archuleta per our conversation The Anton Chico land grant held an election April 1,2019 and the candidate's were gerald maestras adolfo bachichia jamey lucero and eric sandoval and the elected were gerald maestras and adolfo bachichia . So the board seats as of today president stoney jaramillo, max sisneros secetary, Roberto mondragon board member , and Gerald Maestras treasure Adolfo bachicha board member . There are 3 postions coming up now on April 6, 2021 which are stoney jaramillo roberto mondrangon and max sisneros. Thank you very much for all your help

Gentleman yes i am requesting for your assistance to be able to hold a virtual regular meeting on sept 18 at 10 am at the aced building. Will be prioritizing some individuals to be able to renew contracts i know we can only have us 5 members in the meeting at 6ft distance and maybe let 5 lease holders at a time to renew the lease contracts and rest of. Heirs can be virtual. Also we need to set up a good schudeled time with blue earth and our heirs to be able and ask the questions they got .So if we can keep some of those items in mind and maybe we can talk about it in a later date and figure out how to address this agenda in a good and prodictive manner .Thank You

Subject: Anton Chico land grant meetings on Sept. 19, 2020 - need to do virtual

Hi Stoney,

I had a chance to chat Arturo. We looked up the revised public health order and mass gatherings of more than 10 individuals are still prohibited. (<https://www.governor.state.nm.us/2020/08/27/governor-announces-revised-emergency-public-health-order/>) That means that you'll have to do a virtual meeting, either call in or Zoom. Zoom has its advantages as you more control over muting and even dropping participants out of a call if they are being disruptive. It also runs over the internet rather than over the phone, which could have its advantages if your phone coverage in Anton Chico is spotty.

Let us know if you'd like to do a Zoom meeting for the Sept. 18. We can set it up; just get us the time and you can include the call in information in your public posting.

Best,

Jacobo

Governor announces revised emergency public health order | Office of the Governor - Michelle Lujan Grisham

SANTA FE – Gov. Michelle Lujan Grisham and state health and education officials on Thursday provided a public update on the state's COVID-19 response and recovery efforts, outlining a new emergency public health order and New Mexico's preparation for a limited re-entry to in-person learning next month.

Subject: Re: Anton Chico land grant .

Hi Stoney,

This Jacobo, from the NM Land Grant Council, following up on your request for assistance to the Anton Chico Land Grant with the FY 2022 ICIP. The first thing that I need you to do is sign the attached "Permission to Access" form so that I can access your ICIP on the online database. Send this to me and to Carmen Morin at DFA (**CarmenB.Morin@state.nm.us**). This is how your ICIP information currently reads:

Process	<i>The Anton Chico Land Grant Board of Trustees identified the needs of the Land Grant through their knowledge through public input received during their regularly scheduled meetings. Meetings for the Land Grant have been held consistently since the Grant was established in 1822. The Land Grant has received technical assistance in the formulation of a Comprehensive Plan from the New Mexico Land Grant Consejo as well as the Center for Land Grant Studies associated with the Southwest Research institute at UNM. Prioritization was accomplished by consensus of those voting members present and approval by the Board of Directors.</i>
Goals	<i>Securing and providing utilities and mainainance of the Anton Chico School which has recently been turned over to the Anton Chico Land Grant by the Santa Rosa Cosolidted School District. Developing a plan for the utilization of the school building and properties for Job Creation, Educational and Economic Development purposes. Creation of public park spaces for community to gather and enjoy.</i>
Factors/Trends Considered	<i>The Land Grant encompasses 104,949 acres of land, 8 communities, 6 acequia systems and several community water systems. The Anton Chico Land Grant has common lands in two counties. There is approximately 87,000 in Guadalupe County and 17,000 in San Miguel County. The Anton Chico Land Grant has made a transition from a Quasi-Municipal Corporation to a Political Sub-division of the State. The By-laws of the Land Grant have been amended to adopt the new standards recognized by the new State Statute governing general provision Land Grants. The trend is for increased ranching and farming and the production of high value crops. These issues were discussed at the June 15th public meeting. The Anton Chico Land Grant would like to provide the community and economic development opportunities to allow for Land Grant heirs to remain in their home communities without have to travel out or leave to other places for employment and other services.</i>

Also, here is your list of projects, with year and ranking. If the ranking remains the same, we'll only have to go in and update the year on each project.

Entity Code	Agency/Local Government	Project Title	Project Year	Rank	Project ID	Deactivation Reason
24031	Anton Chico LG	Anton Chico School Building Improvements	2021	001	29393	
24031	Anton Chico LG	Livestock Water Wells	2021	002	29398	
24031	Anton Chico LG	La Loma Clinic Infrastructure	2021	003	29396	
24031	Anton Chico LG	Veterans Memorial Park	2021	004	29400	
24031	Anton Chico Land Grant	Colonia Park Improvements	2021	005	31991	
24031	Anton Chico Land Grant	Land Survey Land Grant Common Land	2022	001	33522	
24031	Anton Chico LG	Cattle Guards	2018	020	29407	Project Complete

Another thing that you will have to sign and complete is the attached resolution, demonstrating that the Grant approved of the ICIP ranking that you will submit. The last thing is a checklist, which is also attached.

Gracias, and call me if you want to talk more about this and if I can help you complete this.

Subject: Re: Anton Chico land grant meetings on Sept. 18, 2020 - need to do virtual

(Sorry Stoney, I thought that I sent this message yesterday; I guess it didn't send)

Hi Stoney,

That sounds good. We can set up a Zoom meeting that can be both video and audio. The audio will be accessed via a call in number and access code that you can share on your meeting notice. There is no need to use the video, but this can be an option for those that are interested. It would mean that the board would need to set up a laptop/computer with its camera facing the meeting so that participants can see the board and the presenters (the cattle lease holders that you are talking to at the meeting). We can set up the Blue Earth discussion separately and do something similar.

I've created a Zoom meeting for 10am on September 18, 2020 and the call in information is below. ***Do you want this to be an "audio only" meeting or do you want video as well?*** Again, if you want video, you'll need to set up a camera that shows all board members and the person speaking. Audio quality for call in participants won't be great because the mic on the laptop isn't made to pick up the sound of a whole room. If it is an audio meeting, the persons speaking at the meeting must be near a phone to ensure that all participants calling in can hear the discussion. This will be difficult to manage, but easier than video. Another thing that you'll have to ask your participants to do is to identify themselves whenever they speak, for instance, "This is Stoney Jaramillo speaking . . ." and "Hi, this is Adolfo Bachicha," so that call-in participants can follow the meeting.

If you want this to only be an audio meeting, then only list the call in information in the meeting notice, don't bother to put the web address (<https://unm.zoom.us/j/92979367731>) if you are not going to have a camera.

Call me or Arturo if you want to discuss this more. I've listed the call-in Zoom meeting information below. Either Arturo or I will set the meeting up and may help monitor call ins the day of the meeting.

Best,

Jacobo

Subject: FW: Turbines in Anton Chico, New Mexico

Good Afternoon Arturo and Stoney,

We received the email below from Lorenzo Flores of the Eastern Slopes Sangre de Cristo Mountains Land Grants Committee. I know that Stoney has spoken to Jason on our team, however, we wanted to make sure that you know how we are planning to deal with this email.

We have come across issues similar to this previously on other projects and want to let you know that we are confident that this shouldn't be an issue for BluEarth, having been in contact with you for over 18 months.

- We may reach out to Mr. Flores and his lawyer, so that our lawyers can understand their perspective prior to the injunction being filed and the legalities of it
- We need to understand that the ACLG Board has been legally elected – I believe that we still have not received the ACLG bylaws that would set out the process for elections etc.
- We know that the ACLG Heirs are aware of wind project plans as we have spoken to some of them and that we were planning to introduce ourselves to everyone on Friday (now being rescheduled)
- We will reschedule the ACLG Heirs call with you Stoney, and will introduce BluEarth, the proposed project, will describe the site assessment stage, the pre-construction stage, construction stage and the operations stage. We will answer any questions that Heirs may have.

Lastly, we are very keen to move forward with the execution of the option-to-lease and would like to get it done as soon as possible. New Mexico is increasing it's commitment to renewable energy and we want this project to be in a good position to take advantage of that.

Apart from our introduction to the Heirs, assuming they and the Board of Trustees are supportive of the plan, are there any outstanding issues that are preventing the Land Grant from executing the Option-to-Lease document?

Best regards,
Gareth

Subject: Turbines in Anton Chico, New Mexico

Greetings,

Please accept this communication as our notice that the Eastern Slope of the Sangre de Cristo Mountains Land Grants Committee will be filing an injunction against the efforts of your Company and the Anton Chico Land Grant Board of Trustees to proceed with the installation of Wind Turbines on the Land Grant.

The New Mexico State Auditor, the Ethics Division of the New Mexico Secretary of State and our Committee are currently investigating the Land Grant Board for various reasons.

The " Board of Trustees " was not elected under Law and has no standing to make any deals involving the Common Lands of the Grant.

Please send us the name or names of any Attorneys who are representing your Company on this matter in order to properly Serve or give Notice about our Injunction efforts.

The Heirs of the Grant have not been involved in any discussion about this matter and with a new board being elected soon...there is a very good chance that the new legally Elected Board will not support the placing of Wind Turbines in this area.

Thank you

Lorenzo Flores
ESSCM Land Grants Committee

ARTICLE I

Enabling Legislation for the Organization of the Land Grant-Merced

The LAND GRANT-MERCED DEL PUEBLO DE ANTON CHICO is enabled as a land grant-merced, which is a political subdivision of the State of New Mexico, pursuant to the General Provisions, § 49-1-1 to 49-1-22, NMSA 1978.

ARTICLE II

Names, Objects, Purposes and Principal Place of Business

The official name of the land grant-merced shall be the "LAND GRANT-MERCED DEL PUEBLO DE ANTON CHICO" (also "Anton Chico Land Grant" and "Land Grant-Merced" or "Land Grant" or "Merced"). Its objects and purposes shall be to identify, determine, acquire and secure the common lands and common waters of the land grant-merced; to control, care and manage its properties and resources; to promote the economic development and local infrastructure of its communities; to conduct the comprehensive planning of its properties; to determine the land uses and zoning of the common lands in accordance with the requirements of the State of New Mexico; and to provide for the health, safety and general welfare of the residents of the land grant-merced. The principal place of business of the LAND GRANT-MERCED DEL PUEBLO DE ANTON CHICO will be the offices of the _____ in _____, New Mexico, or such other places as designated by the Board of Trustees.

ARTICLE III

Description of the Boundaries and Historic Communities of the Land Grant-Merced

The historic boundaries of the Land Grant-Merced as per the original Spanish/Mexican documentation are as follows:

The boundaries of the Land Grant-Merced as patented by the U.S. Government are as follows:

The historic communities, towns, colonies, pueblos, alcaldias or villas of the Land-Grant established before or after the Treaty of Guadalupe Hidalgo are as follows:

ARTICLE IV

Seal of the Land Grant-Merced

The Seal of the Land Grant-Merced will have inscribed in it the full name of "Anton Chico Land Grant-1822" The Secretary of the Land Grant-Merced shall have custody of the seal.

ARTICLE V

Fiscal Year

The fiscal year of the Land Grant-Merced shall begin on the 1st day of July of each year and end on June 30 of the following year.

ARTICLE VI

Acquisition of Common Lands

Section 1 Acquisition of Lands from within Historic Boundaries

It is the policy of the LAND GRANT-MERCED DEL PUEBLO DE ANTON CHICO to re-acquire lands that become available within the historic boundaries of the Land Grant-Merced, and which were lost or removed from the common lands of the Land-Grant-Merced since the Treaty of Guadalupe Hidalgo for any reason whatsoever.

Section 2 Acquisition of Lands within Patented Boundaries

It is the policy of the LAND GRANT-MERCED DEL PUEBLO DE ANTON CHICO to re-acquire patented lands that become available within the patented boundaries of the Land Grant-Merced, and which were lost or removed from the common lands of the Land-Grant Merced since being patented by the United States Federal government for any reason whatsoever.

Section 3 Promotion, Re-establishment and Protection of Historic Land Grant Communities

It is the policy of the LAND GRANT-MERCED DEL PUEBLO DE ANTON CHICO to promote and protect existing historic land grant communities and to re-establish and protect former historic land grant communities which have survived within or have been lost from the Land-Grant Merced since the Treaty of Guadalupe Hidalgo.

ARTICLE VII

Control, Care and Management of the Common Lands and Common Waters

It is the policy of the LAND GRANT-MERCED DEL PUEBLO DE ANTON CHICO to control, care and manage the common lands in a sustainable manner so that future generations of land grant members can enjoy, use and protect these lands in perpetuity.

The common lands of the Land Grant-Merced include those historic, traditional and customary uses of land allowed by the laws of the State of New Mexico, including those identified in the Kearny Code and subject to the protection of the Constitution of the State of New Mexico, Article II, Bill of Rights, Section 5, "Rights under Treaty of Guadalupe Hidalgo preserved".

It is the policy of the LAND GRANT-MERCED DEL PUEBLO DE ANTON CHICO to control, care and manage the common waters in a sustainable manner so that future generations of land grant members can enjoy, use and protect these waters in perpetuity.

The common waters of the Land Grant-Merced include those historic, traditional and customary uses of waters allowed by the laws of the State of New Mexico, including those identified in the Kearny Code and subject to the protection of the Constitution of the State of New Mexico, Article II, Bill of Rights, Section 5, "Rights under Treaty of Guadalupe Hidalgo preserved".

Section 1 Conveyance of Common Lands

Common lands generally cannot be conveyed except for emergency, critical or vital purposes that directly benefit the health, welfare or safety of the residents and members of the Land Grant-Merced. Conveyances of any type for the limited purpose of benefiting the health, welfare and safety of the residents and members of the land grant must be approved by the majority vote of a quorum of the qualified voting members of the land grant at a regular, special or annual meeting of the Land Grant-Merced. Any conveyance of the common land thereby approved shall follow the provisions prescribed in Land Grant General Provisions § 49-1-11 NMSA 1978.

Section 2 Mortgage of Common Lands

Common lands generally cannot be mortgaged except for emergency, critical or vital purposes that directly benefit the health, welfare or safety of the residents of the Land Grant-Merced. Mortgages, liens or encumbrances of any type for the limited purpose of benefiting the health, welfare and safety of the residents and members of the land grant must be approved by the majority vote of a quorum of the qualified voting members of the land grant at a regular, special or annual meeting of the Land Grant-Merced. Any mortgage of the common land thereby approved shall follow the provisions prescribed in Land Grant General Provisions § 49-1-11 NMSA 1978.

Section 3 Lease of Common Lands

Leasing of the common lands is generally limited to those land grant members who can demonstrate capacity and performance to use the leased lands in a sustainable manner, which protects long term this vital resource of the Land Grant-Merced. Leasing to land grant members shall be in accordance with the terms and conditions of the rules and regulations promulgated by the Board of Trustees for that purpose. Leasing to land grant members must be approved by the majority vote of a quorum of the Board of Trustees of the land grant at a regular, special or annual meeting of the Land Grant-Merced.

Leasing of the common lands to non-members of the land grant is only allowed for emergency, critical, vital or community and economic development purposes that directly benefit the health, welfare, safety or socio-economic well-being of the residents and members of the Land Grant-Merced. Leasing to non-members of the land grant for any purpose must be approved by the majority vote of a quorum of the qualified voting members of the land grant at a regular, special or annual meeting of the Land Grant-Merced.

ARTICLE VIII

Planning and Zoning Authority over Common Lands

The Board of Trustees of the Land Grant-Merced shall exercise as necessary it's planning and zoning authority over the common lands of the land grant in order to promote improved long

BY PMARTINEZ

At least two (2) months prior to the election the Board of Trustees shall by resolution issue an Election Proclamation, which shall include the following seven elements and serve as the official notice of the election:

- (1) the date on which the election will be held;
- (2) the purpose for which the election is held;
- (3) if positions on the board of trustees are to be filled, the date and time by which declarations of candidacy are to be filed;
- (4) if a question is to be voted upon, the text of that question;
- (5) the location of each polling place in the land grant-merced;
- (6) the hours that each polling place will be open; and
- (7) the date and time of the closing of registration books

The election proclamation and notice shall be given, in Spanish and English, by publication in a newspaper of general circulation within the Land Grant-Merced and by posting of notice in at least five (5) public places within the Land Grant-Merced. The Election notice shall be published and posted no more than 45 days and no less than 30 days prior to the election date as designated in the election proclamation.

Section 3 Declaration of Candidacy

Declarations of Candidacy shall be accepted for a period of forty-five days (45) after the Election Proclamation has been published and posted. All declarations must be submitted on or before the 25th day prior to the election to the Secretary of the Board of Trustees. The Board of Trustees shall establish the exact location and times when declarations are to be submitted. Declarations of Candidacy must be made on the form prescribed below in Section 4. Candidacy Forms. Once the period for declaration of candidacy ends the board of trustees must review all declarations submitted and verify which of those candidates are eligible to be placed on the ballot. Any candidate wishing to withdraw their candidacy must do so on or before twenty-five (25) days prior to the date of the election and through use of the Withdrawal of Candidacy Form as prescribed in Section 4. Candidacy Forms.

Section 4 Candidacy Forms

The following two (2) pages of these Bylaws contain the forms required for Declaration and Withdrawal of Candidacy for the Board of Trustees of the Land Grant-Merced.

Section 3 Membership Voting

Some member heirs may also become "qualified voting members" in their application for membership as provided by these Bylaws. A qualified voting member is an heir who has all of the qualifications prescribed below.

- a) Is an heir;
- b) Is registered to vote in the in the land grant-merced elections; and
- c) Is registered to vote in the State of New Mexico.

Section 4 Membership Non-Voting

Heirs that are not eligible to become qualified voting members, will remain non-voting members of the Land Grant-Merced, until such a time as they may qualify to become voting members as provided by these Bylaws.

Section 5 Membership Application Approval

All provisional and permanent applications for membership shall be passed on by the Board of Trustees at separate regular, special, or annual meetings. Applications for membership in this Land Grant-Merced will be in a form approved and provided by the Board of Trustees. Membership will not be denied because of the applicant's race, color, creed, national origin or sex.

Section 6 Rights, Privileges and Obligations of Members

The rights, privileges and obligations of all members of this Land Grant-Merced will be equal, and non-exclusive to those of other members, except for the right to vote in land grant elections.

Section 7 Voting

All voting in land grant elections shall be conducted in accordance with the requirements set forth in Article X of these Bylaws and in the General Provisions, §§ 49-1-1 to 49-1-22, NMSA 1978.

ARTICLE X

Elections

Section 1 Date

The at-large, non-partisan election for Board of Trustees shall be held on the first Monday in April of every other odd numbered year and shall be conducted by secret paper ballot.

Following the adoption of these by laws, and pursuant to Article XI, Section 3, a one-time special election shall be held in April of 2017. During said election, the three candidates receiving the highest number of votes shall each be elected for a four (4) year term. The two candidates receiving the next highest number of votes shall each be elected for a two (2) year term.

Section 5 Closing of Registration

Fifteen (15) days prior to the election all registration of new members to the land grant-merced must cease. The registration must remain closed until the Monday following the election in accordance with General Provisions § 49-1-5 C NMSA 1978. After the close of the registration the Secretary shall prepare the registration books to be used on the day of the election.

Section 6 Ballots

Ballots must include the names of all eligible candidates as well as any questions to be voted on. Candidates will be elected at large and presented on the ballot alphabetically. The ballot shall identify the number of positions on the board to be filled. Voting members of the Land Grant-Merced shall cast their vote for a candidate by placing an "X" next to the candidate's name, and shall vote for one candidate for each open position on the board.

All ballots shall be of the same size and weight of paper so that one cannot easily be distinguished from next. The total number of ballots produced shall be equal to total number of qualified voting members. There shall be no voter identification markings or numbers on the ballots.

Section 7 Use of Provisional Ballots

Provisional ballots shall be prepared every election of the Land Grant-Merced. Provisional ballots shall be used by any voter that shows up to the polls to vote but does not appear in the official Registration Book kept for the election. Provisional ballots shall be placed in an envelope and the envelope shall be signed by the individual casting the vote. The election judge and Board of Trustees shall investigate and determine whether or not the individual has the right to vote in the current election. If an individual provisional voter is determined to be eligible to vote their ballot shall be removed from the envelope, placed with other ballots cast and counted. The envelope shall be discarded. If an individual provisional voter is determined to be ineligible to vote the envelope containing their ballot shall not be open and shall be discarded.

Section 8 Write-in Candidates

Only candidates that declare their candidacy in accordance with Section 3 of this article shall be considered official valid candidates for an election to the board of trustees. There is no process for write-in candidates. Any votes cast for individuals that are not official valid candidates shall be discarded and shall not be counted.

Section 9 Ballot Box

The ballot box to be used for elections held by Land Grant-Merced shall be of sufficient size to hold the expected number of votes to be cast and it shall be locked or closed in a manner that will not allow for any tampering or removal of ballots until the ballots are to be counted.

Section 10 Election Judge & Clerk

The board of trustees shall appoint one election judge and at least two election clerks for the polling place. The board of trustees shall appoint one alternate election judge and one

alternate election clerk for service in the instance of excusal, recusal, conflict of interest or other inability to serve. The board shall also appoint two sergeant in arms to maintain order. The appointed positions may be reimbursed for the services.

The election judge shall be present for the canvass of the vote. No person shall be qualified for appointment or service as an election clerk or judge who is a spouse, parent, child, brother or sister of any candidate to be voted for at the election.

Section 11 Conduct of Election

All elections held by the Land Grant-Merced Anton Chico shall be conducted in the following manner:

1. Opening the polls: The polls shall be opened for voters at the time and location(s) designated in the election proclamation. Election judges, clerks, the Secretary and the President shall arrive at least 15 minutes prior to opening of the polls.

2. Checking in Voters: Voters shall be checked in before they are given a ballot. The voter shall sign next to their name in the registration book. Voter shall then be given a ballot. No person shall vote at the election unless duly registered in the books, and no ballot of any unregistered person shall be counted or canvassed. If a voter does not appear in the official registration book they shall be given a provisional ballot in accordance with Article X, Section 7 of these Bylaws.

3. Casting of ballots: Voters shall place their completed ballot in the ballot box. No person shall vote at the election unless duly registered in the books, and no ballot of any unregistered person shall be counted or canvassed.

4. Closing of the polls: Polls shall be closed at the time designated in the election proclamation. No voter shall be allowed to vote after the polls have closed.

5. Counting of Votes: The Election Judge and Clerks shall begin counting votes immediately after the polls have been closed. Prior to counting the ballots in the ballot box the clerks shall:

a) Count the total number of voters that signed the registration book. Any provisional voters whose vote is determined allowable should be added to the total voters that signed the registration.

b) The election judge shall verify the total number of voters that signed in.

c) The total number of ballots cast shall be counted, including eligible provisional ballots.

d) The total number of ballots cast shall be equal to the total number of voters that signed the official registration plus the total number of any eligible provisional voters.

e) The election judge shall verify the total number of votes cast.

f) Upon verification of ballots cast, votes shall be tabulated.

g) The election judge shall verify the tabulation results.

h) A record of the election shall be produced that includes total number of eligible voters checked in, total number of ballots cast, and tabulation results.

i) The election judge shall verify and sign the record of election.

j) The election judge shall deliver the results, plus all of the ballots counted, and the signed registration book to the board of trustees.

Section 12 Canvassing the Votes

The election judges and Board of Trustees shall meet not later than seven days following the election and canvass the votes cast.

Section 13 Issuance of Certificates of Election

Upon completion of canvassing the votes and verifying the election results the board of trustees shall issue certificates to the persons receiving the highest number of votes certifying that those individuals have been duly elected. The number of certificates issued shall be equal to the number of board positions up for election.

Section 14 Historical Precincts and Polling Places

The Land Grant-Merced recognizes the significance of the historical precincts of Tecolotito, Upper Anton Chico, Anton Chico, La Loma, and Colonias. However, the board of trustees represents the Land-Grant Merced as a whole.

The board of trustees shall identify at least one (1) polling places to be utilized during an election. The board of trustees shall name no more than one (1) polling place for each precinct.

Section 15 Family Prohibition

No more than two family members shall serve on the Board. For the purpose of the section, family means individuals defined as blood relatives related by second degree, but including by marriage.

Section 16 Election Oversight

The Secretary of State shall oversee the 2017 election to ensure that the Land Grant-Merced adequately guarantees the principle of "one person, one vote" for its electorate. The Secretary of State shall oversee the maintenance of accurate and updated voter rolls, as well as the conduct of elections to ensure that the bylaws are applied in a fair, uniform, and non-discriminatory manner. Thereafter, the New Mexico Land Grant Council may oversee elections.

ARTICLE XI

Board of Trustees

Section 1 Management and Powers

The powers of management and control of the Land Grant-Merced and tracts of land under §§ 49-1-1 to 49-1-22, NMSA 1978 are vested in a Board of Trustees, known as "The Board of Trustees of the Land Grant-Merced del Pueblo de Anton Chico". The Board of Trustees has the power to control, care for and manage the Land Grant-Merced and real estate, prescribe the terms and conditions under which the common lands may be used and enjoyed and make all necessary and proper Bylaws, subject to the approval of the membership, and the necessary Rules and Regulations in substantial compliance with all applicable state law.

Section 2 Number of Trustees and Qualifications

GUADALUPE COUNTY-NM
PATRICK Z. MARTINEZ, CLERK
201764651
Book 141 Page 124
11 of 19
08/21/2017 12:02:16 PM
BY PMARTINEZ

The Board of Trustees shall consist of five (5) members, who are qualified voting members of the Land Grant-Merced and who are not in default of any dues, rent or other payments for the use of the common lands of the Land Grant-Merced.

Section 3 Terms of Service

The members of the Board of Trustees shall serve for four (4) year terms. Terms shall be staggered so that at each two-year election cycle there shall only be either two (2) or three (3) board member positions up for election.

Section 4 Vacancies

If a vacancy occurs on the Board of Trustees for any position excluding the Treasurer, the remaining members shall fill the vacancy by appointment made at a regular meeting. The person appointed shall hold office until the next regular election. If the vacancy occurs as a result of the death or resignation of the treasurer, the board shall fill the vacancy by appointing one of the members of the board as treasurer, who shall, before entering into the performance of his duties as treasurer, execute and furnish to the board a good and sufficient surety bond, similar to the bond entered into by his predecessor. The board shall then fill the remaining vacancy as called for in the first sentence of this section.

Section 5 Board Meetings

The Board of Trustees shall meet at least once every three months. Meeting notice for all meetings of the Board of Trustees shall be posted in Spanish and English in a public place within the Land-Grant Merced at least ten days prior to the meeting. All meeting notices must include the date, time and location of where the meeting is to take place. Also if no agenda is posted with the notice then information about where an agenda can be obtained must be included in the notice. Special meetings may be held at any time on call of the president, with five days' notice being given to each trustee and to the public in the same manner prescribed above. Emergency meetings may be held with 24 hours advance notice, if possible. Emergency meetings are those in which issues affecting the Land Grant-Merced arise that could not have been anticipated by the Board of Trustees and which if not addressed immediately by the Board will threaten the health, safety or property of Land Grant-Merced members or likely result in substantial financial loss to the Land Grant-Merced.

Section 6 Quorum

A majority of the Board of Trustees shall constitute a quorum for the transaction of business, and the Land Grant-Merced and its membership shall be bound by the acts of the Board, pursuant to §§ 49-1-1 through 49-1-19 NMSA 1978 and these Bylaws. Quorum requirements can be met by telephone during a properly advertised public meeting under the following circumstances:

- a) It is only done in limited circumstances where it is very difficult or impossible for the trustee to attend in person;
- b) All trustees participating by telephone can be identified when speaking;
- c) All trustees are able to hear each other at the same time, and;
- d) All members of the public can hear all trustees when they speak during the meeting.

Section 7 Election of Officers of Trustees

Within fourteen (14) days of every Land Grant-Merced election the members of Board of Trustees, shall meet and elect among themselves a President, Vice-President, Secretary and Treasurer. These positions shall be held by separate board members.

Section 8 Removal of Trustees and Officers

Any Trustee or Officer of the Land Grant-Merced may be removed from the office with cause, by a vote of not less than a simple majority of the qualified voting members present at any annual meeting, or at any special meeting called for the purpose, provided that a quorum of the qualified voting membership is present. The trustee or officer shall be informed in writing of the charges or reasons against him/her at least ten (10) days before such meeting in person or by counsel, and to present witnesses in his/her behalf at the meeting in which the action is to be taken.

Section 9 Removal for Unauthorized Absences

A trustee or official who has three (3) consecutive unexcused absences from regular meetings without prior notice to the board shall be deemed to have resigned from the board effective upon his/her receipt of written notice of removal due to three consecutive absences as mailed and signed by the President or Vice-President.

Section 10 Salaries & Compensation

The members Board of Trustees, excluding the Secretary may be paid a salary of \$_____ (amount not to exceed \$200) per month. The Secretary of the Board of Trustees shall be paid a salary of \$_____ (amount not to exceed \$225) per month. The salaries as fixed shall be in full as compensation for the duties performed by the board or the individual members within the exterior boundaries of the land grant-merced and for attendance at regularly scheduled meetings.

As the Board shall approve, members of the Board of Trustees may be authorized Per Diem and mileage pursuant to the Per Diem and Mileage Act [10-8-1 NMSA 1978].

ARTICLE XII

Duties of Officers

Section 1 Duties of the President

The President shall preside over all meetings of the Land Grant-Merced and the Board of Trustees, shall call special meetings of the Board of Trustees and perform all acts and duties usually performed by an executive and presiding officer. He shall sign all membership certificates, notes, bonds, mortgages, contracts and other instruments on behalf of the Land Grant-Merced. He shall be an ex-officio member of all standing committees and shall have such powers and shall perform such other duties as may be properly required of him by the Board of Trustees.

Section 2 Duties of the Vice-President

The Vice-President, in the absence or disability of the President, shall perform the duties of the President. However, in the case of death, resignation or disability of the President, the

BY PMARTINEZ

Board of Trustees shall declare a vacancy in the board of trustees, appoint a successor to fill the unexpired portion of the vacated term, and thereafter re-organize and elect from among themselves the new officers of the Land Grant.

Section 3 Duties of the Secretary

Unless otherwise directed by the Board of Trustees, the Secretary shall:

- a) Keep a complete record of all minutes of meetings, with attachments as reviewed, of the Land Grant-Merced and of the Board of Trustees. Meeting minutes shall be completed within 10 days follow any meeting of the Board of Trustees;
- b) Have general charge and supervision of the books and records of the Land Grant-Merced except for the financial books which will be in charge of the treasurer;
- c) Keep a proper membership registration or certificate record, showing the name of each member of the Land Grant-Merced and date of issuance, surrender, transfer, termination, cancellation or forfeiture;
- d) Prepare mail or notices required by law and by these bylaws;
- e) Serve, mail, or deliver all notices required by law and by these bylaws;
- f) Attest the President's signature on all membership certificates and other papers pertaining to the Land Grant-Merced;
- g) Keep the corporate seal, complete and attest all certificates issued and affix said association seal to all papers requiring seal;
- h) Make a full report of all matters and business pertaining to his or her office to the members at the annual meeting, or at such other time or times as the Board of Trustees may require;
- i) Be the official custodian of records for any freedom of information or inspection of public records requests;
- j) Be the official recipient of all declarations of candidacy pertaining to any elections held by the Land Grant-Merced as called for in Article X of these Bylaws.
- k) Prepare official registration books to be use during all Land Grant-Merced elections.

Upon the election of a successor, the Secretary shall turn over all books and other property belonging to the Land Grant-Merced that they may have in their possession.

Section 4 The Treasurer

BY PMARTINEZ

The Treasurer shall be covered in the performance of his or her duties by a surety bond in an amount to be determined by the Board of Trustees and which will at the minimum be a sum at least double the amount received by and deposited in the bank by the treasurer. The premium of such bond shall be paid by the Land Grant-Merced. Unless otherwise directed by the Board of Trustees, the treasurer shall:

- a) Have general charge and supervision of the financial books and records of the Land Grant-Merced;
- b) Make a full report of all matters and business pertaining to his or her office to the members at the annual meeting, or at such other time or times as the Board of Trustees may require;
- c) Collect all assessments and monies due the association and cause to be deposited same on a timely basis in the depository in the manner designated by the Board of Trustees in the Rules and Regulations;
- d) Shall give receipts for all monies collected from all sources, which receipts shall be in the form prescribed Article XII Section 6;
- e) Only disburse funds by written check drawn upon vouchers;
- f) Keep the Land Grant-Merced current on all accounts payable and compliance reports including annual budget and/or financial reporting requirements as prescribed in the Audit Act, 12-6-1 NMSA 1978 and section 6-6-1 NMSA 1978.
- g) Make a report on the business transacted by him or her on a monthly basis or as requested.

Upon the election of a successor, the Treasurer shall turn over all books and other property belonging to the Land Grant-Merced that they may have in their possession.

Section 5 Other Employees or Agents

The Board of Trustees may appoint, in addition to the officers named above, other agents or employees which may be necessary to conduct the business of the Land Grant-Merced. Such agents or employees may be authorized by the Board of Trustees, under its direction and pursuant to its rules and regulations, to provide for the business and general welfare of the members of the Land Grant-Merced. Such agents or employees shall be paid a compensation for the performance of their duties in an amount to be determined by the Board of Trustees.

- a) Those employees or agents authorized by the Board of Trustees to collect money due and owing to the Land Grant-Merced shall be bonded in the same manner as is provided in the bonding of the treasurer;
- b) Those employees or agents authorized by the Board of Trustees to collect money due and owing to the Land Grant-Merced shall give receipts for the money collected, which receipts shall be the form prescribed by the Board of Trustees.

Section 1 Date and Time of Membership Annual Meeting

The annual membership meeting of the Land Grant-Merced will be held annually in a public place within the Land Grant-Merced, on the _____ (first, second, third, fourth) _____ (days of week) in _____ (month) of each year at a time and place as posted in Spanish and English in public places within the Land-Grant Merced at least ten days prior to the meeting. In the event that such meeting cannot be held on this day, the meeting will be rescheduled and held within thirty (30) days of the date specified above.

Section 2 Meetings to be Public; Annual Report

All meetings of the Board of Trustees, including the annual membership meeting, shall be held in accordance with the Open Meetings Act, § 10-15-1.1 NMSA 1978 and the General Provisions § 49-1-9 NMSA 1978. Executive sessions shall not be held except in accordance with the Open Meetings Act. All heirs (voting and non-voting members) of the Land-Grant Merced shall have the right to be present at all times when the Board of Trustees is in session and to be heard on all matters in which they may be interested. The members of the public (non-heirs) may attend all meetings and participate in discussions at the invitation or with the approval of the Board of Trustees.

The Board of Trustees shall annually make public a report of all its transactions for that year. The report shall be based upon agendas, minutes, actions taken and include all financial transactions. The report shall be maintained in the office of the Land Grant-Merced and available for public review and inspection.

The Secretary of the Board of Trustees shall reduce to writing, in a book kept for that purpose, minutes of the business transacted at each meeting of the Board.

Section 3 Calling for Special Meetings

Special meetings of the members of the Land Grant-Merced may be called at any time by the President, or upon resolution of the Board of Trustees upon a written petition to the President of the Board, signed by five percent (5%) of the members. The purpose of every special meeting will be stated in the notice thereof, and no business shall be transacted thereat, except such as is specified in the notice.

Section 4 Quorum

Fifteen percent (15%) of the total qualified voting membership of the Land Grant-Merced will constitute a quorum at any annual or special meeting of the membership for the transaction of business. If no quorum is determined, another meeting will be held within thirty (30) days. At that meeting the qualified voting members present will constitute a quorum for the transaction of business. The arrangement for such meeting will be held within thirty (30) days. At that meeting the members present will constitute a quorum for the transaction of business.

Section 5 Meeting Agenda

The order of business at the meeting of the members, and as far as possible at other

All receipts issued by the Board of Trustees shall, at the minimum: contain the printed or stamped name of the Land Grant-Merced; be sequentially numbered; be bound in a receipt book. The board of trustees shall issue original copy of receipt and maintain a duplicate copy for their records.

ARTICLE XIV

Rules and Regulations

The Board of Trustees of the Merced del Pueblo de Anton Chico are authorized to promulgate all rules and regulations necessary to fulfill the purposes of the Land-Grant Merced, which are in conformity with the Constitution of the State of New Mexico, the Statutes Annotated of New Mexico and the Bylaws of the Land Grant-Merced.

Section 1 Proposed Rules and Regulations

The Board of Trustees will develop the proposed rules or regulations and distribute the proposals to all members of the Land Grant-Merced before taking any formal action.

Section 2 Comment Period

The membership of the Land Grant-Merced shall have a minimum of thirty (30) days to review and comment on the proposed rules or regulations before the Board of Trustees can act to modify, amend, adopt, or approve same.

Section 3 Emergencies

In the case of an emergency the Board of Trustees is authorized to make or promulgate emergency rules or regulations which shall take effect immediately. Copies of the emergency rules or regulations shall be distributed to the membership of the land grant which shall have a minimum of thirty (30) days to review and comment on the emergency rules or regulations. At its next meeting, the Board of Trustees shall act to modify, amend, adopt, ratify, rescind, or approve same.

ARTICLE XVI

Amendments

These Bylaws may be modified, repealed or amended by a vote of the majority of the qualified voting members present at any annual meeting of the Land Grant-Merced, or at any special meeting called for that purpose, so long as all such amendments are in conformity with consistent with the Constitution of the State of New Mexico, the Statutes Annotated of New Mexico and the Bylaws of the Land Grant-Merced.

We, the undersigned President, Secretary and Trustees of the Board of Trustees for the Merced del Pueblo de Anton Chico existing under the General Provisions, §§ 49-1-1 to 49-1-22, NMSA 1978, and other laws of the State of New Mexico, hereby certify that the above is a true and correct copy of the Bylaws, together with all amendments thereto, which were duly adopted on _____, 20____, by a majority vote of the quorum of qualified voting members of the Anton Chico Land Grant-Merced.

ARTICLE I

Enabling Legislation for the Organization of the Land Grant-Merced

The LAND GRANT-MERCED DEL PUEBLO DE ANTON CHICO is enabled as a land grant-merced, which is a political subdivision of the State of New Mexico, pursuant to the General Provisions, § 49-1-1 to 49-1-22, NMSA 1978.

ARTICLE II

Names, Objects, Purposes and Principal Place of Business

The official name of the land grant-merced shall be the "LAND GRANT-MERCED DEL PUEBLO DE ANTON CHICO" (also "Anton Chico Land Grant" and "Land Grant-Merced" or "Land Grant" or "Merced"). Its objects and purposes shall be to identify, determine, acquire and secure the common lands and common waters of the land grant-merced; to control, care and manage its properties and resources; to promote the economic development and local infrastructure of its communities; to conduct the comprehensive planning of its properties; to determine the land uses and zoning of the common lands in accordance with the requirements of the State of New Mexico; and to provide for the health, safety and general welfare of the residents of the land grant-merced. The principal place of business of the LAND GRANT-MERCED DEL PUEBLO DE ANTON CHICO will be the offices of the _____ in _____, New Mexico, or such other places as designated by the Board of Trustees.

ARTICLE III

Description of the Boundaries and Historic Communities of the Land Grant-Merced

The historic boundaries of the Land Grant-Merced as per the original Spanish/Mexican documentation are as follows:

The boundaries of the Land Grant-Merced as patented by the U.S. Government are as follows:

The historic communities, towns, colonies, pueblos, alcaldias or villas of the Land-Grant established before or after the Treaty of Guadalupe Hidalgo are as follows:

ARTICLE IV

Seal of the Land Grant-Merced

The Seal of the Land Grant-Merced will have inscribed in it the full name of "Anton Chico Land Grant-1822". The Secretary of the Land Grant-Merced shall have custody of the seal.

ARTICLE V

Fiscal Year

The fiscal year of the Land Grant-Merced shall begin on the 1st day of July of each year and end on June 30 of the following year.

ARTICLE VI

Acquisition of Common Lands

Section 1 Acquisition of Lands from within Historic Boundaries

It is the policy of the LAND GRANT-MERCED DEL PUEBLO DE ANTON CHICO to re-acquire lands that become available within the historic boundaries of the Land Grant-Merced, and which were lost or removed from the common lands of the Land-Grant-Merced since the Treaty of Guadalupe Hidalgo for any reason whatsoever.

Section 2 Acquisition of Lands within Patented Boundaries

It is the policy of the LAND GRANT-MERCED DEL PUEBLO DE ANTON CHICO to re-acquire patented lands that become available within the patented boundaries of the Land Grant-Merced, and which were lost or removed from the common lands of the Land-Grant Merced since being patented by the United States Federal government for any reason whatsoever.

Section 3 Promotion, Re-establishment and Protection of Historic Land Grant Communities

It is the policy of the LAND GRANT-MERCED DEL PUEBLO DE ANTON CHICO to promote and protect existing historic land grant communities and to re-establish and protect former historic land grant communities which have survived within or have been lost from the Land-Grant Merced since the Treaty of Guadalupe Hidalgo.

ARTICLE VII

Control, Care and Management of the Common Lands and Common Waters

It is the policy of the LAND GRANT-MERCED DEL PUEBLO DE ANTON CHICO to control, care and manage the common lands in a sustainable manner so that future generations of land grant members can enjoy, use and protect these lands in perpetuity.

The common lands of the Land Grant-Merced include those historic, traditional and customary uses of land allowed by the laws of the State of New Mexico, including those identified in the Kearny Code and subject to the protection of the Constitution of the State of New Mexico, Article II, Bill of Rights, Section 5, "Rights under Treaty of Guadalupe Hidalgo preserved".

It is the policy of the LAND GRANT-MERCED DEL PUEBLO DE ANTON CHICO to control, care and manage the common waters in a sustainable manner so that future generations of land grant members can enjoy, use and protect these waters in perpetuity.

The common waters of the Land Grant-Merced include those historic, traditional and customary uses of waters allowed by the laws of the State of New Mexico, including those identified in the Kearny Code and subject to the protection of the Constitution of the State of New Mexico, Article II, Bill of Rights, Section 5, "Rights under Treaty of Guadalupe Hidalgo preserved".

Section 1 Conveyance of Common Lands

Common lands generally cannot be conveyed except for emergency, critical or vital purposes that directly benefit the health, welfare or safety of the residents and members of the Land Grant-Merced. Conveyances of any type for the limited purpose of benefiting the health, welfare and safety of the residents and members of the land grant must be approved by the majority vote of a quorum of the qualified voting members of the land grant at a regular, special or annual meeting of the Land Grant-Merced. Any conveyance of the common land thereby approved shall follow the provisions prescribed in Land Grant General Provisions § 49-1-11 NMSA 1978.

Section 2 Mortgage of Common Lands

Common lands generally cannot be mortgaged except for emergency, critical or vital purposes that directly benefit the health, welfare or safety of the residents of the Land Grant-Merced. Mortgages, liens or encumbrances of any type for the limited purpose of benefiting the health, welfare and safety of the residents and members of the land grant must be approved by the majority vote of a quorum of the qualified voting members of the land grant at a regular, special or annual meeting of the Land Grant-Merced. Any mortgage of the common land thereby approved shall follow the provisions prescribed in Land Grant General Provisions § 49-1-11 NMSA 1978.

Section 3 Lease of Common Lands

Leasing of the common lands is generally limited to those land grant members who can demonstrate capacity and performance to use the leased lands in a sustainable manner, which protects long term this vital resource of the Land Grant-Merced. Leasing to land grant members shall be in accordance with the terms and conditions of the rules and regulations promulgated by the Board of Trustees for that purpose. Leasing to land grant members must be approved by the majority vote of a quorum of the Board of Trustees of the land grant at a regular, special or annual meeting of the Land Grant-Merced.

Leasing of the common lands to non-members of the land grant is only allowed for emergency, critical, vital or community and economic development purposes that directly benefit the health, welfare, safety or socio-economic well-being of the residents and members of the Land Grant-Merced. Leasing to non-members of the land grant for any purpose must be approved by the majority vote of a quorum of the qualified voting members of the land grant at a regular, special or annual meeting of the Land Grant-Merced.

ARTICLE VIII

Planning and Zoning Authority over Common Lands

The Board of Trustees of the Land Grant-Merced shall exercise as necessary it's planning and zoning authority over the common lands of the land grant in order to promote improved long

meetings, shall be:

1. Call to Order and Proof of Quorum
2. Approval of Agenda
3. Approval of Minutes
4. Old Business
5. New Business
6. Reports of Officers and Committees
7. Comments from Heirs (limited to _____ minutes)
8. Public Comments
9. Announcements
10. Adjournment

ARTICLE XIV

Other

Section 1 Form of Registration or Certificate

The Board of Trustees will determine the form of membership registration, which may include a certificate signed by the President and his or her signature attested by the Secretary, who shall impress thereon the Seal of the Land Grant-Merced, provided that the form of certificate, in addition to any other matters required by the Board of Trustees to appear therein, shall contain any statements required by the Laws of the State of New Mexico.

Section 2 Membership Book

As a part of the records of the Land Grant-Merced, there shall be kept a Membership Book, which will contain a list of the members or a list of the certificates of membership which have been issued, noting the number of the certificate, the date thereof, and the name and address of the person to whom issued, and other information as required.

Section 3 Procurement

Any and all purchases made by the Land Grant-Merced shall be done in accordance with Procurement Code §§13-1-28 through 13-1-119 NMSA 1978.

Section 4 Tort Liability Coverage

The Land Grant-Merced shall cover every risk for which immunity has been waived under the provisions of the Tort Claims Act § 41-4-1 NMSA 1978 or any liability imposed under § 41-4-4 NMSA 1978 as prescribed in §41-4-20 NMSA 1978.

Section 5 Intergovernmental Agreements

The Land Grant-Merced may enter into memoranda of understanding, contracts and other agreements with local, state or federal government or a federally recognized Indian nation, tribe or pueblo.

terin management of the common lands for the benefit of its members, residents and communities.

Section 1 Comprehensive Management Plan

It is the policy of the Land Grant-Merced that a comprehensive management plan shall be developed before any zoning of the common lands is initiated. The plan shall address all issues which enable the Land Grant-Merced to meet its present and future challenges in protecting the common resources of its members.

Section 2 Zoning Development and Administration

Upon the adoption of the comprehensive management plan, the Land Grant-Merced may elect to develop and adopt zoning regulations or ordinances that enable the Land Grant-Merced to properly and effectively protect, develop and manage its land resources based on its present and long term goals.

ARTICLE IX

Membership

Section 1 Membership Application

Prospective members of the LAND GRANT-MERCED DEL PUEBLO DE ANTON CHICO must comply, at the minimum, with the § 49-1-1.1 NMSA 1978 definition of "heir".

Section 2 Heir

A member heir must be a "descendent" of an original grantee of the Land Grant-Merced and must have an interest in the common land of the Land Grant-Merced through inheritance, as further defined by these Bylaws.

a) The "applicant heir" shall submit a Membership Application & Affidavit of Heirship, a verified Genealogy, or other comparable documentation establishing his or her relationship to an original grantee of the Land Grant-Merced, who is identified by name.

b) The "applicant heir" shall submit proof of an interest in the common lands of the Land Grant-Merced, including but not limited to: ownership of patented or fee land within the historic boundaries of the land grant, (option: ownership of real property within the boundaries of the Land Grant-Merced, as those boundaries were confirmed by the Congress of the United States), entitlement to use of profits a prendre, (rights of use of grazing, timber, firewood, rock, sand, gravel, other minerals and surface resources), entitlement to easements of all purposes, water holes, springs, acequias, stock and irrigation tanks, and other tenements or hereditaments.

d) Upon receipt of the above-referenced application and proofs of heirship, the Board of Trustees shall review all documentation and upon finding it sufficient shall accept the heir as a provisional member of the Land Grant-Merced.

e) The provisional member shall be allowed to hold and exercise certain rights and privileges, subject to a final review, acceptance and approval of the application by the Board of Trustees at a future regular, special or annual meeting.

Section 3 Membership Voting

Some member heirs may also become "qualified voting members" in their application for membership as provided by these Bylaws. A qualified voting member is an heir who has all of the qualifications prescribed below.

- a) Is an heir;
- b) Is registered to vote in the in the land grant-merced elections; and
- c) Is registered to vote in the State of New Mexico.

Section 4 Membership Non-Voting

Heirs that are not eligible to become qualified voting members, will remain non-voting members of the Land Grant-Merced, until such a time as they may qualify to become voting members as provided by these Bylaws.

Section 5 Membership Application Approval

All provisional and permanent applications for membership shall be passed on by the Board of Trustees at separate regular, special, or annual meetings. Applications for membership in this Land Grant-Merced will be in a form approved and provided by the Board of Trustees. Membership will not be denied because of the applicant's race, color, creed, national origin or sex.

Section 6 Rights, Privileges and Obligations of Members

The rights, privileges and obligations of all members of this Land Grant-Merced will be equal, and non-exclusive to those of other members, except for the right to vote in land grant elections.

Section 7 Voting

All voting in land grant elections shall be conducted in accordance with the requirements set forth in Article X of these Bylaws and in the General Provisions, §§ 49-1-1 to 49-1-22, NMSA 1978.

ARTICLE X

Elections

Section 1 Date

The at-large, non-partisan election for Board of Trustees shall be held on the first Monday in April of every other odd numbered year and shall be conducted by secret paper ballot.

Following the adoption of these by laws, and pursuant to Article XI, Section 3, a one-time special election shall be held in April of 2017. During said election, the three candidates receiving the highest number of votes shall each be elected for a four (4) year term. The two candidates receiving the next highest number of votes shall each be elected for a two (2) year term.

At least two (2) months prior to the election the Board of Trustees shall by resolution issue an Election Proclamation, which shall include the following seven elements and serve as the official notice of the election:

- (1) the date on which the election will be held;
- (2) the purpose for which the election is held;
- (3) if positions on the board of trustees are to be filled, the date and time by which declarations of candidacy are to be filed;
- (4) if a question is to be voted upon, the text of that question;
- (5) the location of each polling place in the land grant-merced;
- (6) the hours that each polling place will be open; and
- (7) the date and time of the closing of registration books

The election proclamation and notice shall be given, in Spanish and English, by publication in a newspaper of general circulation within the Land Grant-Merced and by posting of notice in at least five (5) public places within the Land Grant-Merced. The Election notice shall be published and posted no more than 45 days and no less than 30 days prior to the election date as designated in the election proclamation.

Section 3 Declaration of Candidacy

Declarations of Candidacy shall be accepted for a period of forty-five days (45) after the Election Proclamation has been published and posted. All declarations must be submitted on or before the 25th day prior to the election to the Secretary of the Board of Trustees. The Board of Trustees shall establish the exact location and times when declarations are to be submitted. Declarations of Candidacy must be made on the form prescribed below in Section 4. Candidacy Forms. Once the period for declaration of candidacy ends the board of trustees must review all declarations submitted and verify which of those candidates are eligible to be placed on the ballot. Any candidate wishing to withdraw their candidacy must do so on or before twenty-five (25) days prior to the date of the election and through use of the Withdrawal of Candidacy Form as prescribed in Section 4. Candidacy Forms.

Section 4 Candidacy Forms

The following two (2) pages of these Bylaws contain the forms required for Declaration and Withdrawal of Candidacy for the Board of Trustees of the Land Grant-Merced.

Section 5 Closing of Registration

Fifteen (15) days prior to the election all registration of new members to the land grant-merced must cease. The registration must remain closed until the Monday following the election in accordance with General Provisions § 49-1-5 C NMSA 1978. After the close of the registration the Secretary shall prepare the registration books to be used on the day of the election.

Section 6 Ballots

Ballots must include the names of all eligible candidates as well as any questions to be voted on. Candidates will be elected at large and presented on the ballot alphabetically. The ballot shall identify the number of positions on the board to be filled. Voting members of the Land Grant-Merced shall cast their vote for a candidate by placing an "X" next to the candidate's name, and shall vote for one candidate for each open position on the board.

All ballots shall be of the same size and weight of paper so that one cannot easily be distinguished from next. The total number of ballots produced shall be equal to total number of qualified voting members. There shall be no voter identification markings or numbers on the ballots.

Section 7 Use of Provisional Ballots

Provisional ballots shall be prepared every election of the Land Grant-Merced. Provisional ballots shall be used by any voter that shows up to the polls to vote but does not appear in the official Registration Book kept for the election. Provisional ballots shall be placed in an envelope and the envelope shall be signed by the individual casting the vote. The election judge and Board of Trustees shall investigate and determine whether or not the individual has the right to vote in the current election. If an individual provisional voter is determined to be eligible to vote their ballot shall be removed from the envelope, placed with other ballots cast and counted. The envelope shall be discarded. If an individual provisional voter is determined to be ineligible to vote the envelope containing their ballot shall not be open and shall be discarded.

Section 8 Write-in Candidates

Only candidates that declare their candidacy in accordance with Section 3 of this article shall be considered official valid candidates for an election to the board of trustees. There is no process for write-in candidates. Any votes cast for individuals that are not official valid candidates shall be discarded and shall not be counted.

Section 9 Ballot Box

The ballot box to be used for elections held by Land Grant-Merced shall be of sufficient size to hold the expected number of votes to be cast and it shall be locked or closed in a manner that will not allow for any tampering or removal of ballots until the ballots are to be counted.

Section 10 Election Judge & Clerk

The board of trustees shall appoint one election judge and at least two election clerks for the polling place. The board of trustees shall appoint one alternate election judge and one

alternate election clerk for service in the instance of excusal, recusal, conflict of interest or other inability to serve. The board shall also appoint two sergeant in arms to maintain order. The appointed positions may be reimbursed for the services.

The election judge shall be present for the canvass of the vote. No person shall be qualified for appointment or service as an election clerk or judge who is a spouse, parent, child, brother or sister of any candidate to be voted for at the election.

Section 11 Conduct of Election

All elections held by the Land Grant-Merced Anton Chico shall be conducted in the following manner:

1. Opening the polls: The polls shall be opened for voters at the time and location(s) designated in the election proclamation. Election judges, clerks, the Secretary and the President shall arrive at least 15 minutes prior to opening of the polls.

2. Checking in Voters: Voters shall be checked in before they are given a ballot. The voter shall sign next to their name in the registration book. Voter shall then be given a ballot. No person shall vote at the election unless duly registered in the books, and no ballot of any unregistered person shall be counted or canvassed. If a voter does not appear in the official registration book they shall be given a provisional ballot in accordance with Article X, Section 7 of these Bylaws.

3. Casting of ballots: Voters shall place their completed ballot in the ballot box. No person shall vote at the election unless duly registered in the books, and no ballot of any unregistered person shall be counted or canvassed.

4. Closing of the polls: Polls shall be closed at the time designated in the election proclamation. No voter shall be allowed to vote after the polls have closed.

5. Counting of Votes: The Election Judge and Clerks shall begin counting votes immediately after the polls have been closed. Prior to counting the ballots in the ballot box the clerks shall:

a) Count the total number of voters that signed the registration book. Any provisional voters whose vote is determined allowable should be added to the total voters that signed the registration.

b) The election judge shall verify the total number of voters that signed in.

c) The total number of ballots cast shall be counted, including eligible provisional ballots.

d) The total number of ballots cast shall be equal to the total number of voters that signed the official registration plus the total number of any eligible provisional voters.

e) The election judge shall verify the total number of votes cast.

f) Upon verification of ballots cast, votes shall be tabulated.

g) The election judge shall verify the tabulation results.

h) A record of the election shall be produced that includes total number of eligible voters checked in, total number of ballots cast, and tabulation results.

i) The election judge shall verify and sign the record of election.

j) The election judge shall deliver the results, plus all of the ballots counted, and the signed registration book to the board of trustees.

Section 12 Canvassing the Votes

The election judges and Board of Trustees shall meet not later than seven days following the election and canvass the votes cast.

Section 13 Issuance of Certificates of Election

Upon completion of canvassing the votes and verifying the election results the board of trustees shall issue certificates to the persons receiving the highest number of votes certifying that those individuals have been duly elected. The number of certificates issued shall be equal to the number of board positions up for election.

Section 14 Historical Precincts and Polling Places

The Land Grant-Merced recognizes the significance of the historical precincts of Tecolotito, Upper Anton Chico, Anton Chico, La Loma, and Colonias. However, the board of trustees represents the Land-Grant Merced as a whole.

The board of trustees shall identify at least one (1) polling places to be utilized during an election. The board of trustees shall name no more than one (1) polling place for each precinct.

Section 15 Family Prohibition

No more than two family members shall serve on the Board. For the purpose of the section, family means individuals defined as blood relatives related by second degree, but including by marriage.

Section 16 Election Oversight

The Secretary of State shall oversee the 2017 election to ensure that the Land Grant-Merced adequately guarantees the principle of "one person, one vote" for its electorate. The Secretary of State shall oversee the maintenance of accurate and updated voter rolls, as well as the conduct of elections to ensure that the bylaws are applied in a fair, uniform, and non-discriminatory manner. Thereafter, the New Mexico Land Grant Council may oversee elections.

ARTICLE XI

Board of Trustees

Section 1 Management and Powers

The powers of management and control of the Land Grant-Merced and tracts of land under §§ 49-1-1 to 49-1-22, NMSA 1978 are vested in a Board of Trustees, known as "The Board of Trustees of the Land Grant-Merced del Pueblo de Anton Chico". The Board of Trustees has the power to control, care for and manage the Land Grant-Merced and real estate, prescribe the terms and conditions under which the common lands may be used and enjoyed and make all necessary and proper Bylaws, subject to the approval of the membership, and the necessary Rules and Regulations in substantial compliance with all applicable state law.

Section 2 Number of Trustees and Qualifications

GUADALUPE COUNTY-NM
PATRICK Z. MARTINEZ, CLERK
201764651
Book 141 Page 124
11 of 19
09/21/2017 12:02:16 PM
BY PMARTINEZ

The Board of Trustees shall consist of five (5) members, who are qualified voting members of the Land Grant-Merced and who are not in default of any dues, rent or other payments for the use of the common lands of the Land Grant-Merced.

Section 3 Terms of Service

The members of the Board of Trustees shall serve for four (4) year terms. Terms shall be staggered so that at each two-year election cycle there shall only be either two (2) or three (3) board member positions up for election.

Section 4 Vacancies

If a vacancy occurs on the Board of Trustees for any position excluding the Treasurer, the remaining members shall fill the vacancy by appointment made at a regular meeting. The person appointed shall hold office until the next regular election. If the vacancy occurs as a result of the death or resignation of the treasurer, the board shall fill the vacancy by appointing one of the members of the board as treasurer, who shall, before entering into the performance of his duties as treasurer, execute and furnish to the board a good and sufficient surety bond, similar to the bond entered into by his predecessor. The board shall then fill the remaining vacancy as called for in the first sentence of this section.

Section 5 Board Meetings

The Board of Trustees shall meet at least once every three months. Meeting notice for all meetings of the Board of Trustees shall be posted in Spanish and English in a public place within the Land-Grant Merced at least ten days prior to the meeting. All meeting notices must include the date, time and location of where the meeting is to take place. Also if no agenda is posted with the notice then information about where an agenda can be obtained must be included in the notice. Special meetings may be held at any time on call of the president, with five days' notice being given to each trustee and to the public in the same manner prescribed above. Emergency meetings may be held with 24 hours advance notice, if possible. Emergency meetings are those in which issues affecting the Land Grant-Merced arise that could not have been anticipated by the Board of Trustees and which if not addressed immediately by the Board will threaten the health, safety or property of Land Grant-Merced members or likely result in substantial financial loss to the Land Grant-Merced.

Section 6 Quorum

A majority of the Board of Trustees shall constitute a quorum for the transaction of business, and the Land Grant-Merced and its membership shall be bound by the acts of the Board, pursuant to §§ 49-1-1 through 49-1-19 NMSA 1978 and these Bylaws. Quorum requirements can be met by telephone during a properly advertised public meeting under the following circumstances:

- a) It is only done in limited circumstances where it is very difficult or impossible for the trustee to attend in person;
- b) All trustees participating by telephone can be identified when speaking;
- c) All trustees are able to hear each other at the same time, and;
- d) All members of the public can hear all trustees when they speak during the meeting.

Section 7 Election of Officers of Trustees

BY PMARTINEZ

Within fourteen (14) days of every Land Grant-Merced election the members of Board of Trustees, shall meet and elect among themselves a President, Vice-President, Secretary and Treasurer. These positions shall be held by separate board members.

Section 8 Removal of Trustees and Officers

Any Trustee or Officer of the Land Grant-Merced may be removed from the office with cause, by a vote of not less than a simple majority of the qualified voting members present at any annual meeting, or at any special meeting called for the purpose, provided that a quorum of the qualified voting membership is present. The trustee or officer shall be informed in writing of the charges or reasons against him/her at least ten (10) days before such meeting in person or by counsel, and to present witnesses in his/her behalf at the meeting in which the action is to be taken.

Section 9 Removal for Unauthorized Absences

A trustee or official who has three (3) consecutive unexcused absences from regular meetings without prior notice to the board shall be deemed to have resigned from the board effective upon his/her receipt of written notice of removal due to three consecutive absences as mailed and signed by the President or Vice-President.

Section 10 Salaries & Compensation

The members Board of Trustees, excluding the Secretary may be paid a salary of \$_____ (amount not to exceed \$200) per month. The Secretary of the Board of Trustees shall be paid a salary of \$_____ (amount not to exceed \$225) per month. The salaries as fixed shall be in full as compensation for the duties performed by the board or the individual members within the exterior boundaries of the land grant-merced and for attendance at regularly scheduled meetings.

As the Board shall approve, members of the Board of Trustees may be authorized Per Diem and mileage pursuant to the Per Diem and Mileage Act [10-8-1 NMSA 1978].

ARTICLE XII

Duties of Officers

Section 1 Duties of the President

The President shall preside over all meetings of the Land Grant-Merced and the Board of Trustees, shall call special meetings of the Board of Trustees and perform all acts and duties usually performed by an executive and presiding officer. He shall sign all membership certificates, notes, bonds, mortgages, contracts and other instruments on behalf of the Land Grant-Merced. He shall be an ex-officio member of all standing committees and shall have such powers and shall perform such other duties as may be properly required of him by the Board of Trustees.

Section 2 Duties of the Vice-President

The Vice-President, in the absence or disability of the President, shall perform the duties of the President. However, in the case of death, resignation or disability of the President, the

Board of Trustees shall declare a vacancy in the board of trustees, appoint a successor to fill the unexpired portion of the vacated term, and thereafter re-organize and elect from among themselves the new officers of the Land Grant.

Section 3 Duties of the Secretary

Unless otherwise directed by the Board of Trustees, the Secretary shall:

- a) Keep a complete record of all minutes of meetings, with attachments as reviewed, of the Land Grant-Merced and of the Board of Trustees. Meeting minutes shall be completed within 10 days follow any meeting of the Board of Trustees;
- b) Have general charge and supervision of the books and records of the Land Grant-Merced except for the financial books which will be in charge of the treasurer;
- c) Keep a proper membership registration or certificate record, showing the name of each member of the Land Grant-Merced and date of issuance, surrender, transfer, termination, cancellation or forfeiture;
- d) Prepare mail or notices required by law and by these bylaws;
- e) Serve, mail, or deliver all notices required by law and by these bylaws;
- f) Attest the President's signature on all membership certificates and other papers pertaining to the Land Grant-Merced;
- g) Keep the corporate seal, complete and attest all certificates issued and affix said association seal to all papers requiring seal;
- h) Make a full report of all matters and business pertaining to his or her office to the members at the annual meeting, or at such other time or times as the Board of Trustees may require;
- i) Be the official custodian of records for any freedom of information or inspection of public records requests;
- j) Be the official recipient of all declarations of candidacy pertaining to any elections held by the Land Grant-Merced as called for in Article X of these Bylaws.
- k) Prepare official registration books to be use during all Land Grant-Merced elections.

Upon the election of a successor, the Secretary shall turn over all books and other property belonging to the Land Grant-Merced that they may have in their possession.

The Treasurer shall be covered in the performance of his or her duties by a surety bond in an amount to be determined by the Board of Trustees and which will at the minimum be a sum at least double the amount received by and deposited in the bank by the treasurer. The premium of such bond shall be paid by the Land Grant-Merced. Unless otherwise directed by the Board of Trustees, the treasurer shall:

- a) Have general charge and supervision of the financial books and records of the Land Grant-Merced;
- b) Make a full report of all matters and business pertaining to his or her office to the members at the annual meeting, or at such other time or times as the Board of Trustees may require;
- c) Collect all assessments and monies due the association and cause to be deposited same on a timely basis in the depository in the manner designated by the Board of Trustees in the Rules and Regulations;
- d) Shall give receipts for all monies collected from all sources, which receipts shall be in the form prescribed Article XII Section 6;
- e) Only disburse funds by written check drawn upon vouchers;
- f) Keep the Land Grant-Merced current on all accounts payable and compliance reports including annual budget and/or financial reporting requirements as prescribed in the Audit Act, 12-6-1 NMSA 1978 and section 6-6-1 NMSA 1978.
- g) Make a report on the business transacted by him or her on a monthly basis or as requested.

Upon the election of a successor, the Treasurer shall turn over all books and other property belonging to the Land Grant-Merced that they may have in their possession.

Section 5 Other Employees or Agents

The Board of Trustees may appoint, in addition to the officers named above, other agents or employees which may be necessary to conduct the business of the Land Grant-Merced. Such agents or employees may be authorized by the Board of Trustees, under its direction and pursuant to its rules and regulations, to provide for the business and general welfare of the members of the Land Grant-Merced. Such agents or employees shall be paid a compensation for the performance of their duties in an amount to be determined by the Board of Trustees.

- a) Those employees or agents authorized by the Board of Trustees to collect money due and owing to the Land Grant-Merced shall be bonded in the same manner as is provided in the bonding of the treasurer;
- b) Those employees or agents authorized by the Board of Trustees to collect money due and owing to the Land Grant-Merced shall give receipts for the money collected, which receipts shall be the form prescribed by the Board of Trustees.

Section 1 Date and Time of Membership Annual Meeting

The annual membership meeting of the Land Grant-Merced will be held annually in a public place within the Land Grant-Merced, on the _____ (first, second, third, fourth) _____ (days of week) in _____ (month) of each year at a time and place as posted in Spanish and English in public places within the Land-Grant Merced at least ten days prior to the meeting. In the event that such meeting cannot be held on this day, the meeting will be rescheduled and held within thirty (30) days of the date specified above.

Section 2 Meetings to be Public; Annual Report

All meetings of the Board of Trustees, including the annual membership meeting, shall be held in accordance with the Open Meetings Act, § 10-15-1.1 NMSA 1978 and the General Provisions § 49-1-9 NMSA 1978. Executive sessions shall not be held except in accordance with the Open Meetings Act. All heirs (voting and non-voting members) of the Land-Grant Merced shall have the right to be present at all times when the Board of Trustees is in session and to be heard on all matters in which they may be interested. The members of the public (non-heirs) may attend all meetings and participate in discussions at the invitation or with the approval of the Board of Trustees.

The Board of Trustees shall annually make public a report of all its transactions for that year. The report shall be based upon agendas, minutes, actions taken and include all financial transactions. The report shall be maintained in the office of the Land Grant-Merced and available for public review and inspection.

The Secretary of the Board of Trustees shall reduce to writing, in a book kept for that purpose, minutes of the business transacted at each meeting of the Board.

Section 3 Calling for Special Meetings

Special meetings of the members of the Land Grant-Merced may be called at any time by the President, or upon resolution of the Board of Trustees upon a written petition to the President of the Board, signed by five percent (5%) of the members. The purpose of every special meeting will be stated in the notice thereof, and no business shall be transacted thereat, except such as is specified in the notice.

Section 4 Quorum

Fifteen percent (15%) of the total qualified voting membership of the Land Grant-Merced will constitute a quorum at any annual or special meeting of the membership for the transaction of business. If no quorum is determined, another meeting will be held within thirty (30) days. At that meeting the qualified voting members present will constitute a quorum for the transaction of business. The arrangement for such meeting will be held within thirty (30) days. At that meeting the members present will constitute a quorum for the transaction of business.

Section 5 Meeting Agenda

The order of business at the meeting of the members, and as far as possible at other

BY ADAM

All receipts issued by the Board of Trustees shall, at the minimum: contain the printed or stamped name of the Land Grant-Merced; be sequentially numbered; be bound in a receipt book. The board of trustees shall issue original copy of receipt and maintain a duplicate copy for their records.

ARTICLE XIV

Rules and Regulations

The Board of Trustees of the Merced del Pueblo de Anton Chico are authorized to promulgate all rules and regulations necessary to fulfill the purposes of the Land-Grant Merced, which are in conformity with the Constitution of the State of New Mexico, the Statutes Annotated of New Mexico and the Bylaws of the Land Grant-Merced.

Section 1 Proposed Rules and Regulations

The Board of Trustees will develop the proposed rules or regulations and distribute the proposals to all members of the Land Grant-Merced before taking any formal action.

Section 2 Comment Period

The membership of the Land Grant-Merced shall have a minimum of thirty (30) days to review and comment on the proposed rules or regulations before the Board of Trustees can act to modify, amend, adopt, or approve same.

Section 3 Emergencies

In the case of an emergency the Board of Trustees is authorized to make or promulgate emergency rules or regulations which shall take effect immediately. Copies of the emergency rules or regulations shall be distributed to the membership of the land grant which shall have a minimum of thirty (30) days to review and comment on the emergency rules or regulations. At its next meeting, the Board of Trustees shall act to modify, amend, adopt, ratify, rescind, or approve same.

ARTICLE XVI

Amendments

These Bylaws may be modified, repealed or amended by a vote of the majority of the qualified voting members present at any annual meeting of the Land Grant-Merced, or at any special meeting called for that purpose, so long as all such amendments are in conformity with consistent with the Constitution of the State of New Mexico, the Statutes Annotated of New Mexico and the Bylaws of the Land Grant-Merced.

We, the undersigned President, Secretary and Trustees of the Board of Trustees for the Merced del Pueblo de Anton Chico existing under the General Provisions, §§ 49-1-1 to 49-1-22, NMSA 1978, and other laws of the State of New Mexico, hereby certify that the above is a true and correct copy of the Bylaws, together with all amendments thereto, which were duly adopted on _____, 20____, by a majority vote of the quorum of qualified voting members of the Anton Chico Land Grant-Merced.

HOUSE BILL 229

55TH LEGISLATURE - STATE OF NEW MEXICO - FIRST SESSION, 2021

INTRODUCED BY

Ambrose Castellano and Roger Montoya

AN ACT

RELATING TO LAND GRANTS-MERCEDES; AMENDING AND ENACTING
SECTIONS OF CHAPTER 49, ARTICLE 1 NMSA 1978; DEFINING TERMS;
PROVIDING AND CLARIFYING POWERS OF BOARDS OF TRUSTEES REGARDING
LAND GRANT-MERCED PROPERTY AND THE PROTECTION OF NATURAL
RESOURCES; PROVIDING FOR CIVIL AND CRIMINAL ACTIONS AND
PENALTIES; UPDATING PROVISIONS OF CHAPTER 49, ARTICLE 4 NMSA
1978 SO THAT THE DEFINITIONS, POWERS OF THE BOARD OF TRUSTEES
REGARDING PROPERTY AND THE PROTECTION OF NATURAL RESOURCES AND
PROVISIONS FOR CIVIL AND CRIMINAL ACTIONS AND PENALTIES ARE
SUBSTANTIALLY SIMILAR TO THE SAME DEFINITIONS, POWERS AND
PROVISIONS FOR LAND GRANTS-MERCEDES GOVERNED PURSUANT TO
CHAPTER 4, ARTICLE 1 NMSA 1978.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

SECTION 1. Section 49-1-1.1 NMSA 1978 (being Laws 2004,

.218378.4

Chapter 124, Section 1, as amended) is amended to read:

"49-1-1.1. DEFINITIONS.--As used in Chapter 49 NMSA 1978:

A. "child" means a biological, adopted or foster child, a stepchild, a legal ward or a child of a person standing in loco parentis;

B. "common lands" means lands owned by a land grant-merced for the benefit of the heirs of the land grant-merced;

C. "common waters" means water resources for which a land grant-merced has valid existing water rights and may include points of diversion or storage located on property outside of the common lands;

~~[B.]~~ D. "heir" means a person who is a descendant of the original grantees and has an interest in the common ~~[land]~~ lands and common waters of a land grant-merced through inheritance, gift or purchase or as defined in the bylaws of a land grant-merced;

~~[C.]~~ E. "land grant-merced" means a grant of land made by the government of Spain or by the government of Mexico to a community, town, colony or pueblo or to a person for the purpose of founding or establishing a community, town, colony or pueblo;

~~[D.]~~ F. "parent" includes a biological, adoptive or foster parent, a stepparent or an individual who stands in loco parentis to a child;

.218378.4

1 ~~[E.]~~ G. "precinct" means a geographic location such
2 as a community or town that is guaranteed an apportioned amount
3 of positions on the board of trustees of a land grant-merced as
4 defined in the land grant-merced bylaws;

5 ~~[F.]~~ H. "qualified voting member" means an heir who
6 is registered to vote in a land grant-merced as prescribed in
7 the land grant-merced bylaws; and

8 ~~[G.]~~ I. "sibling" includes a stepsibling and a
9 half-sibling."

10 SECTION 2. Section 49-1-3 NMSA 1978 (being Laws 1907,
11 Chapter 42, Section 3, as amended by Laws 2019, Chapter 213,
12 Section 1 and by Laws 2019, Chapter 248, Section 2) is amended
13 to read:

14 "49-1-3. BOARD OF TRUSTEES--MANAGEMENT OF GRANT--
15 POWERS.--The management and control of all land grants-mercedes
16 and tracts of land to which Sections 49-1-1 through 49-1-18
17 NMSA 1978 are applicable is vested in a board of trustees, to
18 be known as the "board of trustees of the land grant-merced del
19 pueblo de ____" (designating the name of the town, colony,
20 pueblo or community), and the board shall have the power to:

21 A. control, care for and manage the land grant-
22 merced and real estate, prescribe the terms and conditions
23 under which the common lands and common waters may be used and
24 enjoyed and make all necessary and proper ~~[bylaws]~~ rules ~~[and~~
25 ~~regulations]~~ that shall be in substantial compliance with

.218378.4

1 applicable statutes for the government thereof;

2 B. sue and be sued under the title as set forth in
3 this section and have the standing to sue in law or equity to
4 protect the common lands and common waters;

5 C. convey, lease or mortgage the common lands or
6 common waters of the land grant-merced in accordance with the
7 land grant-merced bylaws;

8 D. determine the number of animals that may be
9 permitted to graze upon the common lands and determine other
10 uses of the common lands that may be authorized;

11 E. prescribe the price to be paid for the use of
12 the common lands and common waters and resources of the land
13 grant-merced. [~~and prohibit~~] A person failing or refusing to
14 pay that amount may be prohibited from using a portion of the
15 common lands or common waters while the person continues in
16 default in those payments; provided that the amount fixed for
17 use of the common lands shall be in proportion to the number
18 and kinds of livestock pasturing upon the common lands or to
19 other authorized use of the common lands;

20 F. adopt and use an official seal;

21 G. appoint judges and clerks and a canvassing board
22 of election at all elections provided for in Sections 49-1-1
23 through 49-1-18 NMSA 1978, subsequent to the first, and canvass
24 the votes cast in those elections;

25 H. make bylaws [~~rules and regulations~~] and rules

.218378.4

1 not in conflict with the constitution and laws of the United
2 States or the state of New Mexico, as may be necessary for the
3 protection, improvement, ~~[and]~~ management, use and enjoyment of
4 the common lands, common waters and real estate ~~[and for the~~
5 ~~use and enjoyment of the common lands and of the common waters]~~
6 of the land grant-merced;

7 I. determine land use, local infrastructure and
8 economic development of the common lands or common waters of
9 the land grant-merced;

10 J. determine zoning of the common lands of the land
11 grant-merced pursuant to a comprehensive plan approved by the
12 board of trustees that considers the health, safety and general
13 welfare of the residents and heirs of the land grant-merced;
14 ~~[and]~~

15 K. enter into memoranda of understanding, contracts
16 and other agreements with a local, state or federal government
17 or a government of a federally recognized Indian nation, tribe
18 or pueblo, including but not limited to agreements concerning
19 the protection and maintenance of cultural resources;

20 L. acquire real property; and

21 M. issue citations and prosecute criminal
22 complaints in the magistrate courts for certain violations of
23 the bylaws and rules of the land grant-merced as permitted
24 pursuant to Section 49-1-11.3 NMSA 1978."

25 SECTION 3. Section 49-1-11 NMSA 1978 (being Laws 1907,
.218378.4

Chapter 42, Section 11, as amended) is amended to read:

"49-1-11. SALE OR MORTGAGE OF COMMON LANDS OR COMMON WATERS--RESTRICTIONS.--

A. A conveyance of a portion or of all of the common lands or common waters of a land grant-merced shall be effective only if:

(1) the conveyance is made in accordance with the land grant-merced bylaws and this section;

(2) the conveyance is made for the benefit of the land grant-merced;

(3) the board of trustees of the land grant-merced has approved a resolution to make the conveyance at a regular meeting held in accordance with Sections 49-1-9 and 49-1-12 NMSA 1978;

(4) the board of trustees has petitioned for an order affirming the board's resolution from the district court of the district in which the property is located; and

(5) the district court has issued an order affirming the board of trustees' resolution pursuant to Subsection [E] D of this section.

B. An heir may file a written protest of a conveyance with the board of trustees of the land grant-merced and the district court within thirty days of the date that the resolution approving the conveyance is passed by the board. The board shall address and make a decision on the protest at a

.218378.4

1 special meeting held in accordance with Sections 49-1-9 and
2 49-1-12 NMSA 1978 within thirty days of receiving the protest.

3 C. An heir dissatisfied with a decision of the
4 board of trustees may appeal to the district court of the
5 county in which property is located in the following manner:

6 (1) appeals to the district court shall be
7 taken by serving a notice of appeal upon the board within
8 thirty days of the decision. If an appeal is not timely taken,
9 the action of the board is conclusive;

10 (2) the notice of appeal may be served in the
11 same manner as a summons in civil actions brought before the
12 district court or by publication in a newspaper printed in the
13 county in which the property is located, once per week for four
14 consecutive weeks. The last publication shall be at least
15 twenty days prior to the date the appeal may be heard. Proof
16 of service of the notice of appeal shall be made in the same
17 manner as in actions brought in the district court and shall be
18 filed in the district court within thirty days after service is
19 complete. At the time of filing the proof of service and upon
20 payment by the appellant of the civil docket fee, the clerk of
21 the district court shall docket the appeal;

22 (3) costs shall be taxed in the same manner as
23 in cases brought in the district court and bond for costs may
24 be required upon proper application; and

25 (4) the proceeding upon appeal shall be

.218378.4

1 de novo as cases originally docketed in the district court.
2 Evidence taken in a hearing before the board may be considered
3 as original evidence subject to legal objection, the same as if
4 the evidence was originally offered in the district court. The
5 court shall allow all amendments that may be necessary in
6 furtherance of justice and may submit any question of fact to a
7 jury or to one or more referees at its discretion.

8 D. If the district court finds that all
9 requirements of this section have been satisfied and that all
10 protests and appeals are concluded, the court shall issue its
11 order affirming the board of trustees' resolution conveying the
12 property.

13 E. After the district court issues its order, the
14 board of trustees shall execute the necessary documents in the
15 name and under the seal of the land grant-merced, and all heirs
16 shall be bound by the board's conveyance."

17 SECTION 4. A new Section 49-1-11.3 NMSA 1978 is enacted
18 to read:

19 "49-1-11.3. [NEW MATERIAL] ILLEGAL REMOVAL OF RESOURCES--
20 CERTAIN PROSECUTIONS AUTHORIZED IN MAGISTRATE COURT--NON-
21 ATTORNEY REPRESENTATION OF BOARD--PENALTIES AND REMEDIES--
22 ATTORNEY FEES.--

23 A. Rock product, minerals, timber or other natural
24 resources shall not be removed from the common lands or common
25 waters in violation of the land grant-merced's bylaws and

.218378.4

1 rules.

2 B. A board of trustees, or an employee of a land
3 grant-merced authorized by a board of trustees, may issue a
4 criminal citation to any person who is in violation of
5 Subsection A of this section and file a criminal complaint in
6 the magistrate court of any county in which the violation
7 occurs. The district attorney or a member of the board of
8 trustees or an employee of the land grant-merced expressly
9 authorized by the board of trustees may appear and prosecute
10 any misdemeanor proceeding under Subsection A of this section,
11 except that no land grant-merced may prosecute a case that is
12 tried before a jury through a non-attorney.

13 C. When a land grant-merced employee or member of a
14 board of trustees is authorized pursuant to Subsections A and B
15 of this section to prosecute citations, the employee or board
16 member shall be permitted to testify and present evidence to
17 the court. The court shall have the discretion to permit the
18 employee or board member to ask questions of witnesses, either
19 directly or through the court and to bring pertinent facts and
20 legal authorities to the court's attention.

21 D. A person who violates Subsection A of this
22 section is guilty of a misdemeanor and shall be fined not less
23 than three hundred dollars (\$300) nor more than one thousand
24 dollars (\$1,000) or sentenced to up to six months imprisonment
25 in the county jail, or both.

.218378.4

1 E. A board of trustees for a land grant-merced may
2 file a civil complaint seeking a civil penalty for knowingly,
3 intentionally or willfully violating the provisions of
4 Subsection A of this section. A civil award made pursuant to
5 this subsection shall not exceed five thousand dollars (\$5,000)
6 and shall be paid to the board of trustees.

7 F. The remedies provided for in this section shall
8 not be construed to limit the right of a board of trustees from
9 seeking any other damages authorized by law. In addition to
10 the remedies provided in this section, the district attorney or
11 the board of trustees may apply on behalf of the board of
12 trustees and the heirs of the land grant-merced to the district
13 court of the county where the violation occurred for an
14 injunction restraining any person from violating or continuing
15 to violate the provisions of Subsection A of this section.

16 G. In a civil suit filed pursuant to this section
17 in which the board of trustees of a land grant-merced is the
18 prevailing party, the board of trustees shall be entitled to an
19 award of reasonable court costs and attorney fees."

20 SECTION 5. Section 49-4-4.1 NMSA 1978 (being Laws 2007,
21 Chapter 145, Section 2) is amended to read:

22 "49-4-4.1. DEFINITIONS.--As used in Chapter 49, Article 4
23 NMSA 1978:

24 A. "board of trustees" means the board of trustees
25 of the Chilili land grant-merced;

.218378.4

1 B. "common lands" means lands owned by the Chilili
2 land grant for the benefit of the heirs of the land grant-
3 merced;

4 C. "common waters" means water resources to which a
5 land grant-merced has valid existing water rights, and may
6 include points of diversion or storage located on property
7 outside of the common lands;

8 ~~[C.]~~ D. "heir" means a person who is a descendant
9 of the original grantees and has an interest in the common
10 ~~[land]~~ lands or common waters of the land grant-merced through
11 inheritance, gift or purchase;

12 ~~[D.]~~ E. "land grant-merced" means the grant of land
13 made by the government of Mexico to the town of Chilili in
14 1841, which was confirmed by congress in 1858 and issued a
15 patent by the United States in 1909; and

16 ~~[E.]~~ F. "qualified voting member" means an heir who
17 is registered to vote in the land grant-merced as prescribed in
18 the land grant-merced bylaws."

19 SECTION 6. Section 49-4-5 NMSA 1978 (being Laws 2007,
20 Chapter 145, Section 4) is amended to read:

21 "49-4-5. BOARD OF TRUSTEES--MANAGEMENT OF GRANT--
22 POWERS.--The board of trustees shall have the power to:

23 A. control, care for and manage the land grant-
24 merced and real estate owned by the land grant-merced;
25 prescribe the terms and conditions under which the common lands

.218378.4

1 may be used and enjoyed; and make all necessary and proper
2 bylaws and rules [~~and regulations~~] that shall be in substantial
3 compliance with applicable statutes for the government thereof;

4 B. sue and be sued and have the standing to sue in
5 law or equity to protect and expand the common lands and common
6 waters of the land grant-merced;

7 C. convey, lease or mortgage the common lands or
8 common waters of the land grant-merced in accordance with the
9 land grant-merced bylaws;

10 D. determine the number of animals that may be
11 permitted to graze upon the common lands and determine other
12 uses of the common lands or common waters that may be
13 authorized;

14 E. prescribe the price to be paid for the use of
15 the common lands, [~~and~~] common waters or other resources of the
16 land grant-merced. [~~and prohibit~~] A person failing or refusing
17 to pay that amount may be prohibited from using a portion of
18 the common lands or common waters while the person continues in
19 default in those payments; provided that the amount fixed for
20 use of the common lands shall be in proportion to the number
21 and kinds of livestock pasturing upon the common lands or to
22 other authorized use of the common lands;

23 F. adopt and use an official seal;

24 G. appoint judges and clerks of election at all
25 elections provided for in Chapter 49, Article 4 NMSA 1978 and

1 canvass the votes cast in those elections;

2 H. make bylaws and rules [~~and regulations~~], not in
3 conflict with the constitution and laws of the United States or
4 the state of New Mexico, as may be necessary for the
5 protection, improvement and management of the common lands,
6 common waters and real estate and for the use and enjoyment of
7 the common lands and of the common waters of the land grant-
8 merced;

9 I. determine land use, local infrastructure and
10 economic development of the common lands or common waters of
11 the land grant-merced; [~~and~~]

12 J. determine zoning of the common lands of the land
13 grant-merced pursuant to a comprehensive plan approved by the
14 local government division of the department of finance and
15 administration that considers the health, safety and general
16 welfare of the residents of the land grant-merced; [~~The~~
17 ~~department of finance and administration shall select a~~
18 ~~qualified arbitrator to arbitrate for zoning conflicts between~~
19 ~~the land grant-merced and neighboring municipalities and~~
20 ~~counties]~~

21 K. acquire real property; and

22 L. issue citations and prosecute criminal
23 complaints in the magistrate courts for certain violations of
24 the bylaws and rules of the land grant-merced as permitted
25 pursuant to Section 49-4-12.1 NMSA 1978."

.218378.4

1 SECTION 7. A new Section 49-4-12.1 NMSA 1978 is enacted
2 to read:

3 "49-4-12.1. [NEW MATERIAL] ILLEGAL REMOVAL OF RESOURCES--
4 CERTAIN PROSECUTIONS AUTHORIZED IN MAGISTRATE COURT--NON-
5 ATTORNEY REPRESENTATION OF BOARD--PENALTIES AND REMEDIES--
6 ATTORNEY FEES.--

7 A. Rock product, minerals, timber or other natural
8 resources shall not be removed from the common lands or common
9 waters in violation of the land grant's bylaws and rules.

10 B. The board of trustees, or an employee of the
11 land grant-merced authorized by the board of trustees, may
12 issue a criminal citation to any person who is in violation of
13 Subsection A of this section and file a criminal complaint in
14 the magistrate court of any county in which the violation
15 occurred. The district attorney or a member of the board of
16 trustees or an employee of the land grant expressly authorized
17 by the board of trustees may appear and prosecute any
18 misdemeanor proceeding under Subsection A of this section,
19 except that no land grant may prosecute a case that is tried
20 before a jury through a non-attorney.

21 C. When a land grant employee or member of a board
22 of trustees is authorized pursuant to Subsections A and B of
23 this section to prosecute citations, the employee or board
24 member shall be permitted to testify and present evidence to
25 the court. The court shall have the discretion to permit the

.218378.4

1 employee or board member to ask questions of witnesses, either
2 directly or through the court, and to bring pertinent facts and
3 legal authorities to the court's attention.

4 D. A person who violates Subsection A of this
5 section is guilty of a misdemeanor and upon conviction shall be
6 fined not less than three hundred dollars (\$300) nor more than
7 one thousand dollars (\$1,000) or sentenced to up to six months
8 imprisonment in the county jail, or both.

9 E. A board of trustees may file a civil complaint
10 seeking a civil penalty for knowingly, intentionally or
11 willfully violating the provisions of Subsection A of this
12 section. A civil award made pursuant to this subsection shall
13 not exceed five thousand dollars (\$5,000) and shall be paid to
14 the board of trustees.

15 F. The remedies provided for in this section shall
16 not be construed to limit the right of the board of trustees
17 from seeking any other damages authorized by law. In addition
18 to the remedies provided in this section, the district attorney
19 or the board of trustees may apply on behalf of the board of
20 trustees and the heirs of the land grant to the district court
21 of the county where the violation occurred for an injunction
22 restraining any person from violating or continuing to violate
23 the provisions of Subsection A of this section.

24 G. In a civil suit filed pursuant to this section,
25 in which the board of trustees of a land grant-merced is the

1 prevailing party, the board of trustees shall be entitled to an
2 award of reasonable court costs and attorney fees."

3 SECTION 8. A new Section 49-4-12.2 NMSA 1978 is enacted
4 to read:

5 "49-4-12.2. [NEW MATERIAL] ADVERSE POSSESSION.--The
6 Chilili land grant-merced shall not be subject to adverse
7 possession claims to or defenses against the common lands it
8 administers, provided that those claims or defenses have not
9 vested prior to June 15, 2007."

10 SECTION 9. Section 49-4-16 NMSA 1978 (being Laws 2007,
11 Chapter 145, Section 15) is amended to read:

12 "49-4-16. PROTECTION OF COMMON LANDS--DELINQUENCY--
13 FORFEITURE.--

14 A. ~~[If the board of trustees brings an action in~~
15 ~~accordance with Subsection B of Section 4 of this 2007 act and~~
16 ~~judgment is rendered in favor of the board of trustees, the~~
17 ~~court may award to the board of trustees possession of the~~
18 ~~tract, piece or parcel of the land and such damages as it may~~
19 ~~have proved for the wrongful detention and any other remedy~~
20 ~~provided for by law.]~~ If a person holds in possession or claims
21 in private ownership within the exterior boundaries of the
22 Chilili land grant-merced any tract, piece or parcel of land to
23 which, in the opinion of the board of trustees, the person has
24 no right or title, the board of trustees may institute an
25 action of ejectment in district court against the person. If

1 upon the trial it is determined that such possession is without
2 right, judgment shall be rendered in favor of the board for
3 possession of the tract, piece or parcel of land and for such
4 damages as it may have proved for the wrongful detention.

5 B. A delinquent heir shall lose all right that the
6 heir may have had to use the common lands or common waters of
7 the land grant-merced unless the heir pays in full all legal
8 assessments or dues due by the heir."

HB 229 - Purposes and Intentions Briefing

The purpose of HB 229 is to amend the Chapter 49 Articles 1 & 4 of the New Mexico Statutes to provide for better clarity and improve the ability for land grants to protect their common lands, and natural resources. The reason this bill affects both Articles 1 and 4 is that these are the two statutes that cover land grants governed as political subdivisions of the State. Article 1 are the Land Grant General Provisions covering most land grants and Article 4 is a statute specific to the Chilili Land Grant.

Specifically the bill aims to:

Provide a definition of “common lands” and “common waters” both are terms that have appeared in the land grant statutes since the territorial period however neither term has ever been clearly defined.

Historically the common lands encompass lands within original Spanish and Mexican granting documents and patents received by the United States, however much of those lands have been lost through: the United States adjudication of property rights under the Treaty of Guadalupe Hidalgo; delinquent tax seizures by the State; illegal encroachments; and various other reasons. Since land grants governed under §49-1 and §49-4 are now recognized political subdivisions of the state of New Mexico it is important to define existing common lands in the statute so that it is clear what lands land grant-merced boards of trustees have current jurisdiction and management control over.

Common waters, as part of the natural resources located on land grant-merced common lands can include springs (developed and undeveloped), storage ponds and tanks, stock ponds and tanks, wells, and irrigation water rights on parcel owned by a land grant-merced. They can also include water rights associated with livestock watering from streams that flow through the common lands. In addition, water systems infrastructure (storage tanks and delivery infrastructure) for irrigation or domestic drinking water for land grant heirs and other downstream users can often times be located on the common lands of a land grant. Sometimes these storage facilities can co-mingle common waters with other water associated with downstream private property owners. Since the management of the water infrastructure is not always controlled 100% by the land grant board of trustees conflicts can arise. Providing a clear definition of common waters and reaffirming the board of trustees ability to manage those common water resource owned by the land grant will help in distinguishing common waters from other privately held water rights originating from or passing through the common lands. Since all land grants were established prior to 1848 the priority date for any common water resources on the common lands, that have been continuously put to beneficial use by the community, are pre 1907. Unfortunately, past water rights adjudications have often times narrowly adjudicated only private water rights with a given stream and have neglected to account for communal water uses located on land grant common lands. This bills does not aim to challenge any adjudicated surface water rights only to shed light on the fact that there are common water resources, with documented longstanding beneficial uses that must be

considered in future adjudications. This bill does not directly require any action by the State Engineer. Rather, it simply provides clarity as to the definition of common waters (valid existing water rights owned by a land grant-merced) and therefore would provide the ability for boards of trustees to properly declare those common water resources with the State Engineer just as any other water rights claimant has the right to do. This practice of land grants declaring their water rights already exists. Therefore, this bill only strengthens that practice by providing clear definition of common waters in the statute.

The bill will also clearly identifies that the land grant can prescribe management terms and conditions for the use of common waters owned by the land grant, including the authority to convey, lease or mortgage any common waters they own, as well as prescribe the price paid for use of the common waters. These are already an authority they have over the common lands and fall in line with their management of the land grant-merced's natural resources.

The bill also aims to make it clear that a land grant-merced board of trustees has standing to sue in order to protect the common lands and common waters of a land grant. They can also prohibit an individual from using the common waters if they fail to pay any costs associated with that use.

The bill also provides for two new powers for the Board of Trustees. First it makes it clear that Boards of Trustees have the authority to purchase property. While land grant board of trustees already do this, we have come across a few instances where in the acquisition of real property a land grant has had to provide evidence of their statutory authority to do so. We have been able to meet this requirement through inference by use of statutes pertaining to procurement by political subdivisions of the state and the ability for land grant to match the highest bidder at delinquent tax auctions. Including a specific enumerated power to acquire real property is the easiest and clearest way to properly recognize this existing authority.

The second power this bill provides for is the ability for the land grant to issue citations and prosecute criminal complaints in Magistrate courts for the illegal removal of natural resources from the land grant. As currently drafted this additional authority is reliant on the inclusion of new sections to the law. These would be sections 49-1-11.3 and 49-4-12.1. These sections are identical and are duplicated only to update both the general provisions and the Chilili land grants statutes in tandem. Both provide for authority for the board of trustees or employees of the land grant-merced to issue a misdemeanor criminal citation for the illegal removal of natural resources that are in violation of the land grant-merced's bylaws or rules. The land grant-merced board of trustees would have the authority to file a criminal complaint in magistrate court to prosecute the misdemeanor violation. The land grant-merced board or employees would be allowed to testify and present evidence to the court about the violation without assistance of an attorney in any cases that are not tried before a jury. The court shall have discretion as to whether or not to permit the land grant-merced or its employee to ask questions of witnesses either directly or through the court.

This new section would also provide for the penalties that the court could assess against an individual found guilty of the illegal removal of natural resources from the land grant-merced. Lastly this section also provides the board of trustees the authority to file a civil suit for the illegal removal of natural resources from the land grant. This would allow the land grant to recover any damages caused to the illegal removal of natural resources from the land grant.

Land Grants have always struggled with enforcing the illegal removal of natural resources from the common lands. These changes in the statute would strengthen the ability of land grant boards of trustees to protect and conserve the natural resources of the community for enjoyment for future generations. Currently, several land grants struggle with illegal extraction of stone, rock and gravel from their common lands. These illegal quarries are abandoned without any form of remediation and leave lasting impact to top soils and vegetation. In addition, some land grants are experiencing high levels of illegal wood poaching that is decimating forested areas at unsustainable rates.

Lastly, this legislation provides from some updates to the Chilili Land Grant Statutes found in Article 4, to include protects already in place for land grants governed by the General Provisions found in Article 1. These include making it clear that the adverse possession protections found in 49-1-11.2 apply to the Chilili Land Grant as well as updating existing language relating to action of ejectment for illegal encroachments of the common lands.

Hi Jason im happy to hear that covid is finally slowing down there in your area. It looks like we are also going in the right direction here fingers crossed. Anyways i spoke to Arturo today his been busy with legislature on supporting some much needed bills the landgrants need. His a busy man but Thankfully we got him for support. I was wondering if there was anyway we could maybe get you or Gareth or both of you to be able and have 2 public meetings in March sometime ? For any questions that some of our heirs might have after we post your mail out content on our website and also have them located in diffrent areas around the land grant. It was a challenge trying to get everyone's addresses to mail them out but i am certain as soon as we stack a few of them around the area word will spread like wildfire. I will also hand out some myself and the other members can do that as well. But if you can mail them out to our land grant box which is Anton Chico land grant PO Box 130 Anton Chico NM 87711. If it is a big box you can send it to my address HC 67 Box 47 Anton Chico NM 87711. Thank You Again for your help also if we can schdule a date to work on the community support . That would be great so you could also have some answers about some of that community support we have been working on .. Besafe Stoney..

Subject: Community Mail Out

Good morning Gents,

I hope you all are continuing to be able to stay safe and healthy! Things are beginning to improve here related to COVID numbers but we are in the middle of a cold spell, with night time temps down to -22F or more.

We have been working on the mail out content and the first good draft is being laid out right now. We found that one of our employees in the mid-west is actually a part time Spanish translator, so when the time comes, we will be able to send you a draft in both languages for your edits and comments and corrections.

We had discussed that we would be glad to mail these flyers to the Heirs – just wondering if you have been able to put a mailing list together yet?

Best,
Jason

Fw: Land Grant Annual Reports

Arturo Archuleta

Tue 2/16/2021 8:48 AM

To: stoney.jaramillo@antonchicolandgrant.org <stoney.jaramillo@antonchicolandgrant.org>

Cc: Max Sisneros <max.sisneros@antonchicolandgrant.org>

Stoney:

We got the below request for any annual reports for Anton Chico contained in the Land Grant Registry from the State Auditor's Office. I indicated that we would be checking to see if we had any but I don't think we do. If the land grant has not been compiling an annual report every year it would be a good idea to pull them together. They can be a simple binder that contains the meeting agendas, minutes and treasurers report for each fiscal year. Let me know if you have any questions. Gracias!

-Arturo

Subject: Land Grant Annual Reports

[EXTERNAL]

Dear Mr. Archuleta,

Hope all is well.

I am conducting fact-finding procedures regarding the Anton Chico Land Grant (ACLG). I am aware you have previously worked with my former co-worker Chantal Montano regarding a capital outlay appropriation to ACLG.

I stumbled upon Section 49-1-12 (B), NMSA 1978 which states:

"The board of trustees shall annually make public a report of all its transactions for that year. The report shall include agendas, minutes, actions taken and all financial transactions. The report shall be maintained in a public place and available for public review; for the purposes of this subsection, filing the report with the land grant council to be kept with the New Mexico community land grant registry shall be considered filing the report in a public place."

Can you tell me if any annual reports have been filed in the registry in the last 5 to 10 years? If so, can you provide those reports?

Please let me know if you would like to discuss further.

Best regards,

CLERK OF THE COURT

blc

Jeffery Tenorio, Rubyann M. Gomez, Virginia Saiz,

Plaintiffs,

v.

Case No. D-424-CV-2021-00011

Gallegos, Flora

Board of Trustees for the Anton Chico Land Grant
Stoney Jaramillo, Max Sisneros, Gerald Maestas,
Roberto Mondragon, Adolpho Bachicha, individually
and in their capacity as Board of Trustee members
for the Anton Chico Land Grant,

Defendants.

**PETITION FOR TEMPORARY RESTRAINING ORDER, OR PRELIMINARY
INJUNCTION**

COMES NOW, Plaintiffs, by and through their attorney Ambrosio E. Castellano Jr., Castellano Law Firm, LLC., respectfully moves the Court for the immediate entry of a Temporary Restraining Order or a Preliminary Injunction pursuant to Rule 1-066 of the New Mexico Rules of Civil Procedure. In support thereof, Plaintiffs state as follows:

1. The Anton Chico Land Grant is physically situated primarily within Guadalupe County, New Mexico.
2. Defendant's principal place of business is listed as PO Box 130 Anton Chico, New Mexico 87711.
3. Plaintiffs are heirs and qualified voting members of the Anton Chico Land Grant as defined under NMSA 1978, Sections 49-1-1.1(B), (F) (2019).

4. The election for the new board of trustees is scheduled to take place on the first Monday in April 2021, pursuant article X section 1 of the Anton Chico Land Grant bylaws, adopted and filed August 8, 2017 (hereinafter “2017 bylaws”).
5. The Anton Chico Land Grant 2017 bylaws, article X, section 16, requires that “the Secretary of State shall oversee the 2017 election to ensure that the Land-Grant Merced adequately guarantees the principle of ‘one person, one vote’ for its electorate.”
6. Contrary to article X, section 16 there was no oversight of the 2017 election by the Secretary of State as required by the adopted bylaws.
7. Furthermore, article X, section 16, provides that the “New Mexico Land Grant Council may oversee elections” after the 2017 election.
8. However, the New Mexico Land Grant Council did not oversee the 2019 board of trustee’s election, and it is not readily apparent the council is scheduled to oversee the 2021 election.
9. The 2017 bylaws also provide that, “the Secretary of State shall oversee the maintenance of accurate and updated voter rolls, as well as the conduct of elections to ensure that the bylaws are applied in a fair, uniform and non-discriminatory manner.”
10. The registration rolls used in the 2017 and 2019 elections were never updated. Upon information and belief, there appears to be numerous individuals who are deceased still considered eligible to vote on the registration roll. Moreover, there appears to be several individuals registered to vote who do not meet the definition of “qualified voting member” as defined in Section 49-1-1.1(F).
11. Although the voter rolls have not been updated by the Secretary of State, several legitimate “qualified voting members” have been removed from the registration roll without cause by the board of trustees.

12. The Board of Trustees have seemingly neglected and subsequently failed to comply with the bylaws they themselves adopted and filed in 2017. Any further elections without the proper oversight or compliance with the bylaws will be prejudicial to the heirs they have been elected to serve.

WHEREFORE, Petitioners respectfully requests this Court grant Injunctive Relief, a Temporary Restraining Order or Preliminary Injunction, restraining the Defendants from:

- (a) Accepting Declarations of Candidacy for the 2021 Anton Chico Land Grant Board of Trustee's election; and
- (b) Conducting any other business related to the 2021 election.
- (c) Plaintiffs request that injunctive relief be granted until the Defendants can verify to the Plaintiffs, and the Court, that the Anton Chico Board of Trustees 2021 election will be overseen by the New Mexico Secretary of State or the New Mexico Land Grant Council to ensure a fair, impartial, and nondiscriminatory election.
- (d) Plaintiffs further request an updated registration of all heirs and qualified voting members of the Anton Chico Land Grant and for such other relief as the Court deems just and proper.

Respectfully Submitted,

/s/ Ambrosio E. Castellano Jr.

**ANTON CHICO LAND GRANT
OFFICIAL ELECTION PROCLAMATION**

Pursuant to the Land Grant General Provisions Section 49-1-5 NMSA 1978 and the bylaws of the ANTON CHICO LAND GRANT, a regular election of the ANTON CHICO LAND GRANT for the election of members to the board of trustees shall be held on APRIL 5, 2021.

The purpose of the election shall be to elect 3 members to the board of trustees. Terms of service for each elected position shall be 4 years.

In addition to electing members to the board of trustees voters will cast votes for the following item:

1. Should the Anton Chico Land Grant enter into a lease agreement with BluEarth Renewables for the development of a wind energy project on the common lands of the Anton Chico Land Grant? ☐ Yes or ☐ No

All Declarations of Candidacy shall be filed with the Secretary of the Board of Trustees starting February 25, 2021. The final day to submit Declarations of Candidacy shall be March 7, 2021 at 5 PM. The Secretary of the Board of Trustees will be available to receive declarations in person on March 7, 2021 from 1:00 PM to 5:00 PM at the Anton Chico Economic Development Building, located at 1089 State Highway 386, Anton Chico, NM 87711. Prior to March 7th Declaration of Candidacy Forms can be obtained by contacting the President, Stoney Jaramillo at (575) 512-6363 or the Secretary Max Sisneros (575) 512-4100.

The following location is designated as a polling place for the conduct of the election:

Anton Chico Economic Development Building
1089 State Highway 386,
Anton Chico, NM 87711

Polls shall be opened for voting at 7:00 am and shall close at 7:00 pm

The registration books for the Anton Chico Land Grant shall be closed on March 21, 2021 at 5:00 pm. Any heirs desiring to become qualified voting members must do so prior to that date or wait until the Monday following the election, when registration shall reopen. Any heirs interested in registering to become a qualified voting member of the land grant may contact Stoney Jaramillo at (575) 512-6363 or Max Sisneros (575) 512-4100.

The board of trustees will meet on March 27, 2021 at 1:00 PM at the Anton Chico Economic Development Building to finalize the registration books to be used for the election.

MERCED DEL PUEBLO DE _____

PROCLAMACIÓN DE ELECCIÓN OFICIAL

De acuerdo con la Land Grant General Provisions 49-1-5 NMSA 1978 y el estatuto del Merced del Pueblo de _____, una elección regular del Merced del Pueblo de _____ para la elección de fideicomisarios será sostenida en _____ (Pone Fecha).

El objetivo de la elección será decidir _____ (el número de encarte de puestos vacantes) miembros al bordo de fideicomisarios. Los términos del servicio para cada posición decidida serán _____ años.

Además de la elección de miembros al bordo de fideicomisarios votantes echará votos para los artículos siguientes:

(Declare cualquier pregunta que es ser votado en cuando aparecerá en la votación)

Todas las Declaraciones de la Candidatura serán archivadas con el Secretario del Bordo de Fideicomisarios en _____ (Pone Fecha) desde _____ de la mañana /de la tarde (pone tiempo) hasta _____ de la mañana /de la tarde. (pone tiempo)

El lugar(es) siguiente es designada como un lugar(es) de votación para este elección:

(Declare el lugar y la dirección de cada lugar de votación)

El lugar de votación serán abiertas para votar en _____ de la mañana /de la tarde (pone tiempo) y va a cerrcar en _____ de la mañana /de la tarde (pone tiempo)

Los libros de registro para el Merced del Pueblo de _____ estarán cerrados en _____ (pone la fecha que es 15 días antes de la elección) en _____ de la mañana /de la tarde (pone tiempo). Cualquier heredero que desea hacerse miembros votadores calificados debe hacer así antes de aquella fecha o esperar hasta el lunes después de elección, cuando el registro se volverá a abrir.

La junta de fideicomisarios se reunirá el _____ (inserte la fecha en que la junta se reunirá para finalizar los libros de registro, debe ser a los 5 días antes de la elección) a las _____ am/pm (inserte el tiempo) en _____ (inserte el lugar) para finalizar los libros de registro que se utilizarán para la elección.

Looks good to me. So ill see if the dates will work for the rest of the board and get approved and on the paper on thursday also run it for a week and post it in 5 different locations in the boundaries of the grant on thursday as well. I know we will prabobly recive some negative in put during or after the meeting about us still having the election so i am gonna metion that we got the council to help us in the election if that is ok?

Subject: Request for Information

Dear Mr. Jaramillo:

The purpose of this email relates to additional fact-finding procedures being conducted by the Office of the State Auditor ("OSA") related to the Anton Chico Land Grant ("ACLG").

It is the OSA's understanding the ACLG is required to make public a report of all its transaction annually. Pursuant to Section 49-1-12 (B), NMSA 1978:

"The board of trustees shall annually make public a report of all its transactions for that year. The reports shall include agendas, minutes, actions taken and all financial transaction. The report shall be maintained in a public place and available for public review; for the purposes of this subsection, filing the report with the land grant council to be kept in the New Mexico community land grant registry shall be considered filing the report in a public place."

The OSA is requesting the ACLG provide the public reports from the last five fiscal years (fiscal year 2015 through fiscal year 2020). If the reports were not made public, please indicate that in your response. Additionally, please provide any policies and procedures the ACLG currently has in place.

As before, the ACLG shall response to this inquiry within 15 days or as soon as practicable in accordance with Section 2.2.2.15 (A) (6) of the Audit Rule. If unable to meet the 15 day deadline,

please provide written notification to the OSA stating the basis for the delay.

The OSA appreciates your attention to this request. Please feel free to contact our office if you have any questions.

County remains 'yellow' in latest map

COVID makes a comeback

By Tom McDonald
The Communicator

Guadalupe County is still Yellow. That's the determination from the state Department of Health's map of COVID infections per county. After several days of no new cases, followed by 10 this past week, the county's COVID standings are a

mixed bag. With a daily rate of 16.2 new cases per 100,000 residents (Red Level high) and a test positivity rate of 4.33% (Green Level low) the county will remain in Yellow for at least two more weeks, when the next update is released.

The Yellow Level is for counties with mixed results in two statistics — an average of eight new positives per 100,000 people or 5% of all tests coming back positive, both measured in 14-days increments. To improve to Green, a county must be under both

data points, while those that are higher fall into the Red category.

The level of COVID-safe restrictions imposed on a county and its businesses depends on these color-coded designation. Red is the highest risk for continued spread of the virus and Yellow is the next highest risk. Until this week, Green was the lowest risk, but now the state has added a fourth level, Turquoise, which holds to the levels of Green, for four consecutive weeks instead of the two weeks required for Green.

Turquoise is now the "least restrictive level where all categories of business can operate indoors with minimal occupancy limitations," according to an announcement from the Governor's Office on Wednesday.

As for Guadalupe County, it'll be another two weeks at Yellow, which was good news for Christina Campos, administrator of Guadalupe County Hospital, who was worried the recent outbreak might send the county back to Red.

"That's a relief," she told The Com-

municator on Wednesday afternoon after the updated map came out.

Last week, the outlook was considerably different for the county. With a run of 12 days without a single confirmed case of COVID inside the county limits, Campos and others were hopeful the county would go Green this week.

As of Wednesday, DOH listed Guadalupe County with 349 con-

County officials tussle over procedure

By Steve Hansen
The Communicator

Legal and procedural snags clouded discussion on three items before the Guadalupe County Commission last Thursday (Feb. 11), beginning with approval of the agenda for the meeting.

The commission's newest member, Ernest Chavez, challenged a decision to keep an item he had asked for off Thursday's agenda.

Ernest Chavez said he had wanted to ask some questions in person to Rudy Tenorio, the county's road superintendent, but Chavez's request did not appear on Thursday's agenda.

"I have a lot of questions for the road superintendent," Chavez said, "and I'm not getting answers."

Even though Tenorio was present on a phone line, Chavez said he wanted him there to ask questions in-person.

"I'm old school," he said. "I want to talk to him face-to-face."

Commission Chair Albert Campos admitted he had requested the removal

Prop's contract is not renewed

The Communicator

The Vaughn Municipal Schools board has decided not to renew Superintendent Jack Props' contract, which ends on June 30, according to Rudy Martinez, board president.

Props had served as superintendent for about five years.

The vote to dismiss Props at the end of the school year was 3-0, with board member Floraida Tapia abstaining. Board members Maria Antonia Martinez-Sanchez, Chris Matson and Delila Aragon voted to end Props' contract. Martinez said that, as the board president, he did not cast a vote.

The decision was made at the board's Feb. 15 meeting.

"We decided we wanted to go in a different direction," Martinez to explain the board's decision on Props.

Martinez said the Vaughn district will advertise for candidates to replace Props and may make a decision as early as March or April.

Props did not return telephone calls for comment.

Ink Stains

Generosity goes into the pantry

By Tom McDonald
The Communicator

Last month we reported on a \$10,000 allocation the Guadalupe County Commission approved for a food pantry being pulled together by the school district's Community-Based Schools team — but that's not where it ended.

As mentioned at the January commission meeting, the Singleton Ranch Foundation has also given \$10,000, but according to Guadalupe County resident Alex Carone, president of Singleton Ranches and vice president of Community Giving for the foundation, that's not where it stopped.

Carone told me Tuesday that another \$10K is being given by Christina Singleton Mednick, through her organization, the SophiaGrace Foundation.

She's a daughter of the late Henry Earl Singleton, the founder of Singleton Ranches (one of the two largest private landowners in New Mexico; Ted Turner is the other). She's an accomplished photographer

GCDC hears about child-care center plans

By Timothy P. Howsare
The Communicator

Parents in Santa Rosa may soon have a new option for child care while they're at work or school.

Two local women, Megan Quintana and Melanie Saiz-Storey, said they are planning to open a child-care facility in Santa Rosa.

They presented their plans on Tuesday to the Guadalupe Community Development Corporation (GCDC) board during its regular monthly meeting.

"This is a much-needed resource in our community," said Chantel Lovato, GCDC executive director.

Saiz-Storey said it will be called the Cub Academy Childhood Development Center LLC and that she and Quintana are "100% on

Melanie Saiz-Storey, left, and Megan Quintana speak on Zoom to the GCDC board about their plans to start a child care center in Santa Rosa. (Screenshot by Timothy P. Howsare, The Communicator)

board with it."

"We are here to see what kind of support we can get it," Saiz-Storey said.

Using herself as an example, Quintana said she is the mother of a 7-month-old baby and it is hard

to find reliable, consistent help in Santa Rosa.

With assistance from Lovato, the women sent out an online survey last week and got 28 responses. Quintana said the survey responses showed that there are 29 children

under 5 who need care.

Estela Tenorio-Thompson, secretary and treasurer to the GCDC board, said both women have the experience and education required to work with young populations.

Saiz-Storey has an associate's degree in office administration, associates in early childhood education and certificate in early childhood development. She has three years experience in elementary education and four years in a pre-K classroom.

Quintana has a dual bachelor's degree in elementary education and special education. She currently works for the school district and has seven years ex-

Vecino Sanos looking for new administrator

Romero cites family reasons for resignation

The Communicator

Vecino Sanos Assisted Living is seeking a new administrator to replace Sha-Donna Romero, who has submitted her resignation and plans to leave the position after nearly three years on the job.

Romero said personal circumstances necessitated her departure from the facility where she's been working since starting as a caregiver in 2016. She also served as the facility's medical director before being promoted to administration in July 2018.

"I've got four kids at home and I don't have child care, and with home schooling it's a lot," she said, adding that even working from home as she's done occasionally during the

pandemic, it's been difficult for her. "I have to focus on my kids right now," she said Tuesday.

An advertisement seeking applicants for the position ran in this newspaper last week and is again running this week. Marvin Marquez, Vecino Sanos' board chair, said Tuesday they had no applicants but he's confident they'll be able to fill the void brought on by Romero's appointment.

The position requires a licensed

administrator but the license can be obtained during the initial weeks of employment, he said.

A couple of Vecino Sanos employees have expressed a willingness to "step up" in the interim if necessary, he said.

"Overall it's going to be OK," Marquez said. "The board is working on it."

Romero's last day on the job has yet to be determined.

Anton Chico heirs ask for delay in land grant's election

The Communicator

Three heirs of the Anton Chico Land Grant have asked the Fourth Judicial District Court to stop the April 5 election to select members of the land grant's board of trustees.

The heirs — Jeffery Tenorio, RubyAnn Gomez and Virginia Saiz — are seeking a temporary restraining order

or other injunctive relief from Judge Flora Gallegos. Their petition names the current land grant trustees as defendants.

The three heirs' complaint asks the court to stop accepting declarations of candidacy for the board of trustees and halt all activity related to the 2021 election until "the defendants can verify ... that

the ... 2021 election will be overseen by the New Mexico Secretary of State of the New Mexico Land Grant Council to ensure a "fair, impartial and nondiscriminatory election."

In addition, the three heirs are seeking an updated registration of all "heirs and qualify voting members of the land grant," as well as other relief that the court considers "just

and proper."

In their complaint, the three heirs allege:

- That, contrary to rules approved in 2017, the board election of 2017 was not overseen by the New Mexico Secretary of State. After the 2017 election, the 2019 election was not overseen by the New Mexico Land Grant Council.

- The 2017 bylaws indicate that the "New Mexico Land Grant Council may oversee elections after 2017" but there is no indication that the land grant council is conducting oversight of the 2021 election.

- Registration rolls used in 2017 and 2019 were not updated, and on "information and belief, there appears to be numerous individuals who

are deceased still considered eligible to vote on the registration roll."

- Some individuals who are listed on the rolls "do not meet the definition of 'qualified voting member' in the land grant's bylaws."

- Others who are qualified, have been removed from the registration roll "without cause."

Ink Stains

Continued from Page 1

and author who, according to some liner notes from her first book, "San Cristóbal: Voices and Visions of the Galisteo Basin," splits her time between Los Angeles and the Galisteo Basin just south of Santa Fe.

Apparently she noticed this community effort to build a food pantry, now being spearheaded by Community Schools Coordinator Adrienne Mathewson, either by reading this newspaper or talking with Carone, and decided she wanted to contribute as well. That gives our food pantry a cool \$30,000, something Carone — and obviously Singleton Mednick, too — is a good cause. "We feel this is a very worthwhile project," Carone said.

There are many benefits to a project like this. Not only will it help feed families, it'll also give our high school students something community focused and educational to work on. And, as the "Community Schools" suggests, the project will create yet another way to connect our community with our high

school.

Attaboy to the County Commission for recognizing the project's value and stepping up to support it. And a special thanks to Alex Carone and Christina Singleton Mednick, who are investing in this effort to build a better community.

Not so long ago I told you about the reaction I had to my second Pfizer vaccine, also sharing anecdotes of others who also had reactions (fatigue, headache, slight fever) while still others side effects no reaction whatsoever. I pointed out that it depends on the individual who gets the shot as to whether they'll have a reaction.

Now, New Mexico (and Guadalupe County by extension) is moving over to the Moderna vaccine, and I've heard there's even less of a chance at having a reaction. Again, it's all anecdotal, but it's hopeful news for those who are nervous about getting their vaccines.

As for whether it's worth the reaction to get vaccinated, I found an editorial cartoon that pretty much sums up my opinion on that. It's on Page 5.

I tried to be cute in a couple of recent photo captions, but in my attempt to be clever in my wordsmithing, I committed a couple of Journalism 101 sins.

I misidentified Robert Serrano's job — he's the county clerk, not the city clerk — and misspelled city employee Adolph Romero's name as he was captured in a photo plowing the snow-covered streets of Santa Rosa a couple of Sundays back.

Not that either of them have asked for it, but I want to apologize for those mistakes. I try not to be careless, especially with names and spellings, but occasionally I still get 'em wrong. I'll try to do better.

Prep sports is a tough beat to keep up with these days, with all the uncertainty that comes with the off-season and abbreviated schedules being approved by the New Mexico Activities Association.

Couple that with each school district's authority to stay in remote learning

or go to hybrid (so you can complete in athletics) and it all has a tentative tone to it.

Even though it was a controversial decision, our local school board members acted decisively to take the high school into hybrid mode beginning this week, thereby allowing for a sports reboot, then a week later they set reopening dates for the rest of the district's schools. Good move, I think.

It's no easy decision, as there are a lot of perspectives to consider. New Mexico's chapter of the National Education Association released the results of a survey that found 75% of its members consider COVID to still be a "risk" or "high risk" to their health and safety. In other words, NEA contends, teachers aren't feeling comfortable with reopening this early.

Of course, educators are just one of the groups with a deeply vested interest in this issue. There are also the students, who are chomping at the bit to physically return to school, as are a lot of parents who must juggle their kids' at-home learning with

their own outside-the-home jobs and responsibilities.

And let's not forget the school staffers who have to keep the facilities clean and disinfected, prepare the meals, keep the buses en route, and more. All of them deserve to have input into the decision — although, of course, it ultimately rests with our five-person Board of Education.

Meanwhile, here at The Communicator, we're trying keep up with the sports schedules as they unfold. We've got Aesa Thompson, a junior student-athlete at Santa Rosa High School,

and Davy Delgado, a long-time-fixture in Santa Rosa newspapering, hustling to keep up.

I'm especially looking forward to the first game, match or meet the Lions and Lady Lions compete in. Then high school sports will be real again.

Tom McDonald is editor and publisher of The Communicator. He can be contacted by leaving a voice message or text to 505-426-4199 or by emailing him at tmcDonald.srnm@gmail.com.

The public health order for mask wearing and group gatherings remain in place.

NOTE: Scheduled sporting events for Santa Rosa High School will be included in next week's calendar. For the latest info on upcoming games, matches and meets, see Sports on Page B3.

GCDC

Continued from Page 1

perience as an elementary secretary and one year experience as a special education intern.

School Superintendent Martin Madrid and Adrienne Mathewson, coordinator of the Community-Based Schools initiative, threw their support behind the effort to open an early childhood development center, which would serve children from 6 months to 12 years old.

"Santa Rosa schools would definitely support you," Madrid said.

If the center should open, Mathewson proposed training some high school students to work there.

City Administrator Lisa Garcia Brassell likewise supported the proposal and encouraged the women to make a presentation at the next regular City Council meeting, scheduled for March 9.

Though they have not yet signed a lease, the women have their sights set on a house on South Fifth Street as a location for the center. They said the house was formerly a group home and is getting an HVAC system with UV filtration

installed.

The women said they have a business plan and are waiting on responses to grants they have applied for. They said at this point in time they would open the center as an LLC (limited liability corporation) and not as a nonprofit.

They said the weekly fee would be \$150 per child. Quintana said she wants parents to be aware that state assistance is available to more families now due to recent income level adjustments. Care may be available at little to no out-of-pocket cost for most families.

Further, Quintana said on Wednesday that the center will participate in the state food program, which provides 100% free breakfast, lunch and afternoon snacks to children attending.

Christina Campos, GCDC board president, asked for a link to the online survey to pass it along to employees at Guadalupe County Hospital, where she serves as administrator. Campos said the hospital has a lot of young staff who take maternity leave and could use child care.

Sunflower festival

The 116-acre nature pre-

serve that is home to an endangered species of sunflowers, the Pecos Sunflower, is exceptional when they bloom during the month of September. Tenorio-Thompson said Santa Rosa can employ that beauty to bring tourists to the city for a three-day festival every September.

Tenorio-Thompson's proposal to hold a sunflower festival Sept. 16-19 this year was well received by the other board members.

Most of the activities for the festival would be held downtown or at the Blue Hole Convention Center, as the Pecos Sunflower Nature Preserve, which is managed by New Mexico Forestry Division, is not open to the general public, Tenorio-Thompson told The Communicator after the meeting.

Besides the Pecos sunflower, which can only grow in a wetland environment, the preserve is home to other federally protected species such as the roundnose minnow, Tenorio-Thompson said.

Tenorio-Thompson said the festival would be a "multi-day, multi-activity" event and possible events could include a photo contest, art displays, a street dance, a 5K run and commu-

nity programs from conservationists about the endangered species that live there.

She said the festival also could serve as a fundraiser for the GCDC.

Asked why she had picked Sept. 16-19 as the dates, Tenorio-Thompson said that sunflowers typically bloom for three weeks starting in September.

The first two weeks would give photographers and artists the opportunity to come to Santa Rosa before the festival. Then if they wished, they could come again during the festival.

Tenorio-Thompson said the Pecos Sunflower Nature Preserve has been gaining considerable state, national and international media attention.

An article called "Bloom Town" was featured in the August 2020 issue of "New Mexico Magazine" and a documentary film titled "Saving Beauty" about conservation efforts on the preserve was screened at the Nature Without Borders International Film Festival, the Santa Fe Film Festival and most recently the Wildlife Conservation Film Festival.

If the festival takes place, the documentary will likely be shown at the Pecos Theatre, Tenorio-Thompson said.

Campos said she liked the idea of a festival because in response to the COVID-19 pandemic the state is pushing for outdoor events.

She said that although September is still months away, there will still be a need for COVID-19 safe practices. Further, Campos said, because Guadalupe County has been doing so well with its COVID-19 numbers, people would feel comfortable coming to Santa Rosa.

She also suggested reaching out to photographers at universities and colleges in New Mexico.

Garcia Brassell said she thinks the festival is a "fantastic" idea and encouraged Tenorio-Thompson to make a presentation at the next City Council meeting.

The sunflower preserve is one of the last remaining ciénegas in the Southwest. A ciénega is a wetland system unique to the American Southwest that consists of spongy, wet meadows with a shallow-gradient and permanently saturated soils in otherwise arid landscapes.

Other business

In other matters at Tuesday's GCDC board meeting:

- Like other structures that were damaged from bursting pipes during last

week's extreme winter weather, Lovato reported that the GCDC office inside the city-owned Ilfeld Warehouse facility received some water damage. Lovato said the damage was minimal and none of the computers were affected. She said the city is working with the GCDC to dry out the offices. Lovato said she is still working from home and that the offices are closed to the public.

• Lovato said there is still a vacancy on the GCDC board and that she is looking to fill the opening with a business owner in the local Mainstreet program. "I am awaiting a call back from a business owner in the district that could bring a business-minded perspective and that has a vested interest," Lovato stated in her monthly report.

• A couple of months ago, Lovato said GCDC was talking with SoloWorks in Cibola County regarding remote workers and bringing a small affiliate program to Guadalupe County. Lovato said there is interest around the state for a program of this kind because COVID has shown the need for remote work options.

The next GCDC regular board meeting is scheduled for 3:30 p.m. on March 23.

Anthony Garcia, 1956-2021

Anthony Garcia died of a sudden, unexpected heart attack on Friday, January 29, 2021. He was 64 years old.

Born Oct. 28, 1956, to Guadalupe County natives Ted and Ramona Garcia, he worked his way through college, graduating from University of Southern California with his Architectural degree, and remained a passionate Trojan. Later in life, he earned a Master of Arts in

Management degree from the University of Redlands. He was a gifted architect, his life's work was specialized in the health-care realm and he had recently retired from UCSD Healthcare. Prior to UCSD, he worked for Kaiser Permanente Regional Office in Los Angeles. He was proud to work in healthcare, where he felt honored to work on projects and facilities that would make a difference in so

many people's lives.

He never stopped creating. He was an artist in his soul, embracing life to the fullest. He had a passion for photography and travel, both at home and abroad. He loved exploring different cultures, particularly learning about new foods, and meeting new friends from all over. He had a sparkling wit and a kind word for everyone he met, and was a raconteur of

the first order.

He is preceded in death by his parents.

Survivors include his wife, Nan, and a large extended family and friends, many of whom live in Guadalupe County.

A lifelong Catholic, he had a deep and abiding faith and a strong feeling to help the less fortunate among us. In lieu of flowers, the family requests masses for the repose of his

soul or contributions to Father Joe's Village (1-619-HOME-LESS) at San Diego, California.

His funeral liturgy was Saturday (Feb. 20) at El Camino Memorial in Sorrento Valley in the Garden of the Resurrection. The service was scheduled as an outdoors event. Clairemont Mortuary in San Diego, 858-609-8713, is handling the arrangements.

Joe Sandoval, 1932-2021

Joe Sandoval, a native of Vaughn, passed away peacefully at home surrounded by his family on Friday, February 19, 2021. He was 89 years old.

Born Feb. 17, 1932, in Vaughn, he went on to spend 65 years with his wife Lydia. He was a hard-working man even after he retired, and is re-

membered for always working around the house. He thoroughly enjoyed traveling with his family.

He is preceded in death by his wife Lydia, his parents Benito and Frances Sandoval and two sisters Ramona and Ida.

Survivors include his children, Jo Ann Montoya

and husband Abel, Jimmy Sandoval and wife Dee, Michael Sandoval, and Linda Sanchez and husband Paul; grandchildren Angel, Jessie, Rachel, Frances; and many great-grandchildren and great-great-grandchildren. He is also survived by his sister Maggie and brother Bennie

and his wife Helen.

His family would like to express a special thanks to Presbyterian Hospital and High Desert Hospice for their loving care.

French Funerals, 505-275-3500, is handling the arrangements. You may visit French-Funerals.com for an online guestbook.

If you have an obituary you want to see in The Communicator, email Tom McDonald at tmcdonald.srnm@gmail.com or call 575-472-3555.

County

Continued from Page 1

of Chavez's item because "if we ask one (department head) to come, we have to ask them all."

Usually, when commissioners request items be placed on the agenda, the requests are honored, but County Manager Rose Fernandez said she talks to each of the commissioners about all agenda items to get consensus first.

Chavez complained about a lack of communications among commissioners.

Later in the meeting, Campos explained that commissioners are prohibited by open meeting laws from communicating with each other about county matters outside a public meeting.

"With a three-person commission, any time two of us get together, it's a quorum," and therefore a meeting, which must be held in public, Campos said.

Fernandez said asking all 16 department supervisors to attend each meeting would violate limits on gatherings imposed by the COVID-19 pandemic.

In the end, however, the commissioners agreed informally to a compromise that Fernandez proposed.

Department heads, she said, can attend meetings a few at a time on a rotating basis. Tenorio will be asked to attend the next commission meeting in person.

Chavez joined Campos and Commissioner James Moncayo in unanimously approving the agenda as presented.

Bonuses to appraisers

An unclear New Mexico statute about how to apply bonuses to appraisers in the Assessor's Office who advance their status through education generated more confusion among commissioners Thursday.

County Assessor Angela Gomez asked for authorization to add incentive pay for appraisers who complete education to advance their appraiser levels from 1 to 4. It was unclear, however, whether the pay additions, ranging from \$500 for Appraiser 1 designation to \$3,000 for Appraiser 4, were meant to be one-time payments in the year the designations

were earned, or permanent additions to their annual salaries.

After some discussion, the commissioners asked Jesus Lopez, the county attorney, for some guidance.

Lopez said the legislation did not address that question, so it was left to the commission to decide.

The commissioners voted unanimously to make the payments one-time bonuses in the year the designation was achieved.

Lopez, however, encouraged the commission to appeal to the New Mexico Association of Counties to push for future legislation to clarify how the incentive pay should be handled.

More procedural issues

Procedural questions also arose on a third matter involving a proposed trade of more than 1,300 cubic yards of barrow, or fill dirt, for a road project, located on land owned by Earl Sena near the site of a county road project. In return for the fill, Kenneth Flores, the county project manager who presented the agreement to the commission, said, the

county has agreed to scrape a protective fire ring around Sena's property.

While the commission approved the trade, there was some complex discussion on the matter.

Flores said the discussion was surprising, especially since the agreement has been in effect since December and such agreements are common.

Flores also said he was "taken aback" to learn that other county officials had been talking to another landowner about the Sena agreement, although the substance of those discussions were not made clear.

Chavez said the confusion over talks with another landowner demonstrated a lack of communications among county officials.

The discussion veered off into talk about the cost of other road materials caliche and millings as road materials and the cost of such materials before returning to the agreement with Sena.

Moncayo said it was hard to argue with "free materials," through the Sena agreement.

The commission then voted unanimously to accept the

agreement with Sena.

Other business

In other matters, the commission:

- Approved a list of projects to submit for New Mexico Department of Transportation funding under school bus route, cooperative agreement and arterial road categories. Under the school bus route, the commission authorized submitting Armstrong Road #1. Under cooperative agreement, the commission approved submitting Armstrong Road #2. Under arterial roadways, the commission approved Los Tanos Road, two cattle guards on Los Novios Road, and a cattle guard on Palo Amarillo Road.
- Approved new hires, including Robert Methola, senior center director; Robert Urioste, facility maintenance; Angelica Martinez, La Loma Senior Center cook; and Kenneth Cribbs and Manuel Madrid, road department.
- Approved a change order that reduces the cost of connecting a waterline to an existing asbestos water main from \$7,368 to \$6,056 for

Rivera domestic water users. The project is funded with federal Community Development Block Grant funds.

- Approved a right-of-way crossing on La Loma Road in La Loma to allow Plateau to install fiber optic cable for enhanced internet service in the La Loma and Anton Chico area.
- Approved submission of a road mileage report to NMDOT. The county includes nearly 708 miles of roadway.
- Appointed Tammy Gonzalez to the county's voter registration board. Gonzalez is a Democrat and the board now includes two Democrats and two Republicans, County Clerk Robert Serrano III said.
- Approved disposal of a \$30,000 heavy equipment trailer either through donation or sale to another government agency, according to guidance from Lopez.
- Held an executive session to discuss matters related to personnel, threatened or pending litigation, legal matters, acquisition or disposal of real estate, and sealed bids from potential contractors.

ARGUS HAMILTON SAYS —

Comedian looks to the news of the day

HOLLYWOOD — God Bless America, and how's everybody?

The White House sent FEMA this week to Texas, Mississippi, Oklahoma, Alabama, Tennessee and South Carolina to restore power and clear roads. What a mess. It's become apparent that the only reason the North won the Civil War is that the South got a half inch of snow and lost their minds.

The Weather Channel reported that the Arctic cold front that chilled the nation's mid-section moved onto the Eastern Seaboard this week, leaving behind record low temperatures. The Great Lakes are frozen over. Chicago was completely snowed in all weekend, delaying hundreds of murders.

The Weather Channel reported that Texas weather is gradually returning to normal with warming temperatures. Last week opened up a lot of eyes in Texas. It turns out Ted Cruz does understand having to bring your family across the border to escape intolerable living conditions.

Woody Allen issued a statement slamming Ronan Farrow's new HBO documentary Allen

vs. Farrow for what Woody calls distortion of the truth. It's the same stuff. The documentary details Woody Allen's entire life, from his days on the playground all the way to his days on the playground.

The Food and Drug Administration moved on from approving Covid vaccines back to its usual task of testing products for any dangers to the American consumer. The FDA warned last week that mosquito repellent spray can cause hallucinations. I didn't believe it until a mosquito told me about it.

L.A. County Health Director Barbara Ferrer scolded residents for being slow to get the vaccine shots. They should give the shots to Millennials first, because their lives are ahead of them. Baby Boomers are dragging their feet in the first round because nobody in L.A. will admit they're sixty-five.

California opened restaurants to sidewalk dining so I took a Millennial to dinner. At one point I assured her that if I ever contract dementia, I promised to kill myself rather than put my loved ones through that dismay and aggravation. She said that's the fifth time I told her that tonight.

Student with Santa Rosa ties receives National Institutes of Health fellowship

Highlands University

New Mexico Highlands University chemistry senior Brooklyn Aragon received a biomedical post-baccalaureate fellowship at the National Institutes of Health (NIH) in Bethesda, Maryland.

Aragon of Las Vegas, N.M., has earned a 4.0 GPA to date and is the first in her family to attend college. Her concentration is in biochemistry and she has a minor in biology. She will graduate in May 2021.

"This paid NIH fellowship will last one to two years and will be in the National Center for Translational Science, where disciplines work together to fast-track drug development," Aragon said. "I'll be working in a medicinal chemistry lab with leading scientists to help speed up the drug development pipeline."

Aragon is a granddaughter of Mary (Pacheco) Gutierrez of Santa Rosa and the late former Guadalupe County commissioner, Richard Gutierrez.

This is Aragon's second experience at NIH. She had a biomedical internship there in the summer of 2019 where her work focused upon cancer-fighting cell processes. She stood out in the internship and was invited back for the fellowship.

"I know I'll be working in the same lab alongside the same brilliant scientists I worked with in 2019, but with more independence. Whatever I end up doing I know it will be innovative and cutting edge," Aragon said.

Aragon said she fell in love with research at her 2019 NIH internship.

"I'm interested in pursuing an M.D./Ph.D combined program. A combined degree will allow me to not only help patients one-on-one, but I could also poten-

Brooklyn Aragon

tially help the masses with my research," Aragon said.

Aragon said when she went to the National Institutes of Health in 2019, she had "imposter syndrome" at first.

"Then I realized I had something none of the other students from prestigious colleges like Harvard, Vanderbilt and Yale had. I had a genuine connection with my Highlands professors. Because of this, I believe I have a deeper understanding of certain subjects and I have more confidence in my abilities," Aragon said.

Aragon said Highlands chemistry professor Shipra Gupta stands out as one of several chemistry professors at Highlands who inspired her as well as physics professor Joseph Sabutis.

"Dr. Gupta's organic chemistry class was challenging, and I have an excellent understanding of organic chemistry thanks to her. She pushed me beyond what I thought I could do, which makes me better prepared for this NIH fellowship,"

Aragon said.

A former Fellow at the National Center in Advancing Traditional Sciences, Aragon stated: "I'm excited to be continuing my research journey at the NIH and I'm grateful to everyone who has helped me along the way."

Gupta said Aragon is an exceptional student.

"What makes Brooklyn exceptional is her steadfastness and perseverance. When other students are busy counting obstacles in their course, Brooklyn is busy finding ways to overcome them. Her positive attitude propels her far ahead of others."

"Brooklyn is very smart and a hard worker. Also, during extracurricular activities I observed that she is a go-getter. She is ready to traverse that extra mile," Gupta said.

Aragon won Chemistry Student of the Year honors twice at Highlands, first in 2019 for general chemistry and then in 2020 for organic chemistry.

Outside the classroom at Highlands, Aragon served as a Supplemental Instruction Leader for chemistry and as a tutor for advanced math, both through the ARMAS Center (Achieving in Research, Math and Science).

Aragon, who is an orphan, said the supportive, caring environment at Highlands is especially important to her.

"By the age of 11, I lost both my parents to drug addiction. I was very lucky to have my grandmother, Mary Gutierrez, take me in. At Highlands, it feels like family because people truly want me to succeed and encouraged my resilience," Aragon said.

The Communicator contributed to this article.

COVID

Continued from Page 1

firmed cases of COVID since last April. Of those who were infected, six have died.

And as of last week, the hospital had admitted or seen a total of 77 COVID-positive cases, according to the hospital's chief medical officer, Dr. Randal Brown.

Brown, who on Tuesday was expecting the county to go back to Red because of the recent outbreak of new cases, was nevertheless optimistic that the county, state and nation are emerging from the worst of this pandemic.

"Hold the fort for 90 days and there will be significant changes," he said. "We still have kernels of inflection in the county, people not properly distancing ..." but transmission are slowing overall. "We may be out of the woods by May 1st," he said — pointing out that "the magic number is not zero (cases)." Instead, a realistic objective is to contain the virus to influenza levels.

The number of COVID cases is finally getting down to the numbers health-care professionals see annually with the flu, Brown said. During the COVID pandemic, the mortality rate has been about three times higher than that of the flu, but that's going down to about the same rate now. Deaths from COVID have slowed to about 1,200 a week nationally, or a pace of about 60,000 a year, which is "the same rate for the flu," he said.

Meanwhile, the vaccine is helping — especially in Guadalupe County, which remains the most vaccinated county, percentage wise, in the state, with 42% of its

residents having received at least one dose of the Pfizer/BioNTech vaccine. Campos said the hospital, which receives the vaccine for community use, is giving boosters and will again prioritize the next round of recipients as it has previously done: persons ages 75 and older are at the front of the line and those with qualifying health conditions are next.

Until then, Campos cautioned against complacency.

"Don't let your guard down," she said, emphasizing the usual three precautions — wearing a mask, socially distancing and frequent handwashing — and a fourth: Getting vaccinated as soon as it's your turn.

The right place for emergencies.

Safe and Ready to care for you.

When you have an emergency, turn to the emergency department at Alta Vista Regional Hospital.

- The 30-Minute Pledge means we will work diligently to have you initially seen by a medical professional within 30 minutes of your arrival.

WHAT 'YELLOW' MEANS

The following is a list of the restrictions that come with the Yellow Level, as spelled out by the New Mexico Department of Health:

Counties at the Yellow Level have either a new COVID-19 case incidence rate of no greater than 8 cases per 100,000 inhabitants during the most recent two-week period, or an average percent of positive COVID-19 test results over the most recent 14-day period less than or equal to 5%.

Essential businesses (non-retail): No capacity restrictions but operations must be limited to only those absolutely necessary to carry out essential functions.

Essential retail spaces: 33% of maximum capacity (indoor and outdoor).

Food and drink establishments (if NM Safe Certified): 33% of maximum capacity for indoor dining; 75% of maximum capacity for outdoor dining; any establishment serving alcohol must close by 10 p.m. each night.

Close-contact businesses: 33% of maximum capacity or 20 customers at one time, whichever is smaller; 33% of any outdoor space on the premises.

Large entertainment venues: 25% of maximum capacity of any outdoor space on premises; indoor not permitted with the limited exception of operating up to 25% of maximum capacity for recording and broadcasting entertainment without any in-person audience.

Recreational facilities: 33% of any outdoor space on the premises; indoor not permitted.

Bars and clubs: May not operate.

All other businesses: 33% of maximum capacity (indoor and outdoor).

Houses of worship: May hold religious services, indoors or outdoors, or provide services through audiovisual means, but may not exceed 33% of the maximum capacity of any enclosed space on the premises.

Places of lodging: 60% of maximum occupancy for those that have completed NM Safe Certified training; 25% of maximum occupancy for all others; 5 guests maximum for vacation rentals.

Mass gatherings limit: 10 persons; 80 vehicles.

Two arrested for De Baca County murder

Eastern New Mexico News

FORT SUMNER — A pair of Fort Sumner men were arrested Feb. 17 on charges of second-degree murder in connection with the Feb. 8 death of a man at Plains Regional Medical Center.

Casey Cortese, 31, and Arron Harden, 38, are being held at the De Baca County Detention Center in connection with the death of Michael Gutierrez, 26, of Fort Sumner. They also

face charges of kidnapping, conspiracy to commit kidnapping and assault with intent to commit a violent felony.

According to a news release from the New Mexico State Police:

• Police learned that on the morning of Feb. 5, Cortese and Harden went to Gutierrez's residence to confront him about an allegation he stole methamphetamine from a friend. A fight ensued, with Cortese

hitting Gutierrez with a handgun and Harden using a hammer.

• Gutierrez checked himself into the Guadalupe County Hospital on Feb. 7, and was released after treatment.

• On Feb. 8, Gutierrez's mother noticed slurred speech and a pale skin color on her son, and contacted first responders. Gutierrez was taken to Plains Regional Medical Center in Clovis, where he succumbed to his injuries.

Did You Know? Knowing Your Climate

There are three major growing zones in New Mexico—north, central, and south—based on the average number of frost-free days. Growing periods for individual gardens within a zone may vary as much as 20 days due to microenvironments—variations in elevation, site exposure, soil type, and air drainage. Higher elevations generally have a shorter growing season. Gardens with a southern exposure tend to warm up sooner in the spring than those with a northern exposure. Raised beds warm up sooner in the spring than a level garden. Maximum effect is achieved by planting on the south side of a bed running east to west. Beds can be mounded up with a shovel or contained with lumber or bricks. Soil and ambient temperatures can also be modified using various types of mulches. Organic mulches like dry bluegrass or fescue clippings (no more than 1 in. deep) tend to cool the soil. Do not use common Bermudagrass clippings, which may contain seed or stolons (modified stems) that may root. Weed-free straw makes an excellent mulch. Organic mulches should be used around cool-season crops like lettuce or spinach. Synthetic clear and black plastic mulches help warm the soil and promote early spring growth of warm-season crops like tomatoes and melons. Black plastics are preferred because weeds can germinate under clear plastic.

Home Garden Edition

Eight Steps for a Successful Garden

1. Know your climate.
2. Plan before you plant.
3. Prepare the soil.
4. Fertilize for optimal crop production.
5. Plant your garden.
6. Water properly to improve yields.
7. Control pests.
8. Harvest at the correct time.

Table 1. When to Plant Cool-season and Warm-season Vegetables

Cool-season Vegetables		
Hardy: Plant these as soon as the ground can be worked in the spring, or plant in summer for the fall garden.		
Broccoli	Collards	Peas
Brussels sprouts	Kale	Radishes
Cabbage	Kohlrabi	Mustard
Chinese cabbage	Spinach	
Turnips	Onions	
Cool-season Vegetables		
Half-hardy: Plant these near the average date of the last killing frost, or plant in summer for the fall garden.		
Beets	Endive	Potatoes
Carrots	Cauliflower	Celery
Parsnips	Swiss chard	Lettuce
Warm-season Vegetables		
Tender: Plant these after all danger of frost.		
Snap beans	Sweet corn	Black-eyed peas
	Tomatoes	
Warm-season Vegetables		
Very Tender: Plant these after all danger of frost and when temperatures are consistently warm.		
Cucumber	Okra	Winter squash
Eggplant	Bell pepper	Summer squash
Lima bean	Chile	Sweet potato
Muskmelon	Pumpkin	Watermelon

Plan Before You Plant

When selecting the site for your garden, make sure the soil is deep and well-drained. Hardpans (compacted layers of soil) and caliche (layers of calcium carbonate) near the soil surface can become major problems. Raised beds may need to be used if drainage problems cannot be solved. Most vegetables, whether grown in short or long growing season areas, prefer full sun. Vegetable gardens should be located away from trees that may shade the garden. Tree roots may also compete for water and nutrients. Wind-breaks (such as trees, fences, and walls) a safe distance to the southwest of the garden are encouraged to protect young seedlings from prevailing winds in the spring. Fences may be needed to protect crops from rodents, stray pets, or wildlife.

Prepare the Soil

The ideal soil should be deep, well-drained, and fertile, and should contain plenty of organic matter and retain moisture well. It should also be friable (easily worked) and reasonably free of stones. Soils vary in texture (size of soil particles) from sandy (coarse particles) to clay (fine particles). Silts fall between sandy and clay textures, while loams are mixtures of all three particle sizes. Sandy soils tend to be low in fertility and do not hold water well. Clay soils often drain poorly, crack severely when dry, and become very sticky when wet. Sandy loam soils are ideal for producing most vegetables. Most soils in New Mexico are low in organic matter, and adding organic matter to your garden soil will help improve its structure. Adding organic matter to a sandy soil improves both its water-holding capacity and its cation exchange capacity, or the ability of the soil to retain nutrients for plant uptake. Adding organic matter to clay soils aerates these soils and improves their drainage. One of the easiest ways to add organic matter to your garden soil is to apply livestock manure at a rate of 50–100 lb/100 ft². Fresh manure should only be applied in the fall so it has the time to break down in the soil. Heat-treated or composted manures are preferred because fresh manure can introduce weed seeds into the garden. Fresh manure applied in the spring often burns young seedlings due to the high salt content of the manure. Most gardeners find the easiest way to add organic matter to the soil is to apply compost. Compost is often made from leaves, grass clippings, food wastes, and garden vegetable waste from the previous growing season.

Fertilize for Optimal Crop Production

Most commercial fertilizers contain one or more of the three major plant nutrients: nitrogen (N), phosphorus (P), and potassium (K). When a fertilizer contains all three elements, it is a “complete” fertilizer. An “incomplete” fertilizer may contain only one of the nutrients. Most New Mexico soils contain sufficient potassium for good vegetable growth, although it’s wise to have an analysis of your soil to make sure. Nitrogen is important for vegetative growth, particularly in leafy salad crops and corn. A nitrogen deficiency will appear as an overall yellowing, or chlorosis, of the older leaves because any nitrogen moves first to younger leaves. Phosphorus is important for fruit and root growth. Phosphorus deficiency generally appears as a purple coloration of the leaves. It should not be confused with natural, purple coloration in some plants (such as ‘Ruby’ leaf lettuce) or certain disease symptoms (such as purple tomato leaf veins associated with beet curly top virus).

Water Properly to Improve Yields

Because of our dry climate, irrigation is essential in New Mexico’s gardens. Too little water can induce plant stress, reducing both quality and yield. However, overwatering can cause root rots or may cause plants to remain overly vegetative rather than producing fruit. A careful balance of providing the optimal irrigation to plants as they grow will prevent plant stress from either under- or overwatering and will contribute to healthy, high-yielding crops. After planting the garden, maintain moist soil until seeds germinate and plants are established. After plant establishment, water less frequently but more deeply (wet soil at least 12 in. deep). Allow the surface soil (the top 1/2–1 in.) to dry out between irrigations, which will promote deeper root growth, eventually making plants more drought tolerant. If the soil is sandy, it may be necessary to water every 3–7 days. Watering every 8–12 days may be more appropriate for heavier soils. The watering frequency is also dependent on weather—more frequently during hot weather and less when it’s cool.

Guadalupe County 4-H Bedding Plant Sale Scholarship

Each year, members of Guadalupe County 4-H programs sell bedding plants as a scholarship fundraiser! **THE DEADLINE TO ORDER BEDDING PLANTS IS MARCH 12th.** Orders can be placed with any 4-H individual in Anton Chico, Santa Rosa, Vaughn or at the Extension Office by calling 575-472-3652. Plants will arrive in early May. The money raised from this endeavor is then MATCHED by the Singleton Foundation and awarded to Senior 4-H Graduates who meet the scholarship criteria.

Bedding Plants:

Chile Varieties: NM Big Jim, Sandia, PDL, Jalapeno, Bell Peppers
Tomato Varieties: Better Boy, Early Girl, Celebrity, Cherry, Yellow Pear
Flowers: Multi-Colored Mother’s Day Zinnias
The 4-H Bedding Plants are started by Kristi Johnson.

Armed robbery reported at Smith's store

EDGEWOOD — Police responded to an armed robbery call in the evening of Feb. 15 at the Smith's grocery store.

Edgewood Police Chief Darrell Sanchez said the incident started as an individual attempting to shoplift alcohol at the supermarket who was confronted by an employee. Sanchez said the suspect pulled a weapon on the employee and fled from the building.

The employee was not hurt, Sanchez said.

The suspect is still at large, described as a middle-aged Native American man with long black hair, approximately 5'8" and 165 pounds. He was last seen leaving the Smith's parking lot in a grey or dark gold SUV.

Anyone with information regarding the suspect is urged to call 505-428-3710.

Preliminary approval given to donation

TUCUMCARI — The city commission is one meeting away from approving a donation of three baseball and softball diamonds to the Tucumcari Municipal Schools district after preliminarily approving the agreement.

Three fields would be given to the district, including the diamond used for high-school boys baseball and two diamonds used for girls softball games.

The Little League fields to the southwest of those diamonds will remain city property. The school district plans to build new baseball and softball fields, and add parking and a building that would host a kitchen and restrooms on the site.

The resolution giving preliminary approval is one of the last steps to finalizing the agreement, which is expected at the commission's Feb. 25 meeting.

PED seeks waiver to pause assessment

The Public Education Department announced it will request a waiver that would allow schools and districts to skip high-stakes student assessments again this spring, shifting instead to optional testing to benchmark academic achievement and identify any gaps in learning.

The U.S. Department of Education waived the end-of-year assessment requirement for all 50 states last spring amid abrupt school closures and a shift to remote learning during the COVID-19 pandemic.

New Mexico will join other states, including Michigan, New York, Oregon and Washington, in asking for a new waiver for spring 2021.

"As we approach the spring 2021 testing window, New Mexico finds itself in a situation parallel to spring 2020," PED Secretary Ryan Stewart said. "We are requesting this waiver because test data would be invalid given the abbreviated time we've had for in-person learning and to prioritize student wellness in a way that high-stress, high-stakes testing does not."

New Mexico proposes to allow schools and districts to opt-in to administer end-of-year standardized tests, creating a sample of data to identify where students stand academically after a year of non-traditional education.

Education secretary visits Lovington

By John Graham
Lovington Leader

LOVINGTON — Ryan Stewart, New Mexico Public Education Department secretary, made a sweep through southeastern New Mexico recently to visit small schools and see how they are faring under the new hybrid model of learning where students split time with in-person learning and virtual learning.

Stewart made stops in Lake Arthur and Loving earlier in the week and made a two-hour stop in Lovington before making his last stop in Tatum.

He was led on a tour by a select group of students at Taylor Middle School. He peppered the students with questions about their experiences with online learning and how the hybrid model was working since they had returned to face-to-face learning.

Lexi Kilpatrick, Edwin Barraza and Giana Spencer gave the Secretary a tour of Taylor Middle School before the group moved to the high school.

At the high school Alexa Brito, Christian Contreras and Audrey Alexander took over the tour guide duties.

"How did you do with the remote learning?" Stewart asked.

"It was a little bit tough at times," said Contreras. "And with all of this COVID stuff I started to develop a habit of procrastinating and waiting until the last minute."

"That wasn't good for my health and mental state by sending my work in at the last minute. I can already tell a

New Mexico Secretary of Education Ryan Stewart listens to input from Lovington High School senior Alexa Brito about how the hybrid learning is working. Also pictured are sophomore Audrey Alexander and junior Christian Contreras as they gave Stewart a tour of the campus. (Lovington Leader photo)

difference being face-to-face with the teachers," he added.

"We are social creatures, so it's been hard to be away from people," chimed in Brito.

Lovington High School Principal Pam Quinones said she thinks the face-to-face is helping her students' mental health.

"They were glad to get back, but it's different. Everyone is six feet, but they adjusted," she said.

"I'm a more hands-on learner and face-to-face so I got the extra help we needed when we did come back to school," said Alexander, a sophomore this year.

"Just seeing your peers again does wonders," added Contreras.

One question from one of

the teachers was if the seniors would be able to have a traditional graduation.

"I would love to stay I have a crystal ball," said Stewart. "I'm really optimistic based on the fact that we have really been going down (in COVID cases) both locally and nationally. And also, with the vaccine rolling out, I am hopeful we are able to do something that feels more like a graduation."

Some in the group pointed out that Lea County is a border county with Texas, which is handling things differently and going to school in-person. Many students have moved in with relatives who live in Texas and started school across the border.

"I have certainly heard that

loud and clear and I know that has caused a lot of tension and frustrations. We care trying to make the best health decisions, but with those differences right across the state line, it makes it challenging," said Stewart.

"What is concerning to me is I see third and fourth generation families moving there (to Texas) because they are getting to do everything — they can go back to living a normal life," said state Rep. Randy Pettigrew. "Many of our discussions are over inequity. We have complete inequity in the way districts are being allowed to go back to school."

Hero's sendoff: 'Son of Lordsburg' laid to rest

Hidalgo County Herald

A HERO'S SENDOFF: Officer Darian Jarrott passes beneath an American flag draped over the Interstate 10 underpass on Feb. 11 on his final journey home. Hidalgo County Fire and EMS placed the flag along the route twice, here and earlier in the day when Jarrott was brought to Lordsburg from Deming. (Photo by Jason K. Watkins, for the Hidalgo County Herald)

LORDSBURG — Lordsburg hosted hundreds of law enforcement officers from around the state Feb. 11 as the New Mexico State Police conducted a memorial ceremony for fallen Officer Darian Jarrott, who was shot and killed in the line of duty on Feb. 4 by a suspected drug dealer.

Jarrott was 28. He left behind a fiancé, three children and another on the way.

A rosary at St. Joseph's Catholic Church and a viewing began the day's ceremony. More than 200 officers from around the state were then treated to a luncheon by a Deming caterer at the local State Police headquarters at the Port of Entry. The funeral followed at Maverick

Blood clot, heart attack cause golden eagle's death

By Makayla Grijalva
Silver City Daily Press

SILVER CITY — Gila Wildlife Rescue announced Feb. 17 that a blood clot brought on by an underlying intestinal infection caused a November heart attack that ultimately cost Thor, a golden eagle who rose to local fame in 2013, his life.

"The easiest way to describe it is, his body was getting old, and he got a little infection that just got the best of him probably during migration, and ended up getting down here very weak and sick," said Dennis Miller of Gila Wildlife Rescue, who rehabilitated Thor after he was hit by a car in 2013. "And really, it was a heart attack that was the final thing that got him. He could have survived the intestinal

infection, possibly, if the blood clot wouldn't have caused a heart attack."

Thor was found dead in a water trough between Silver City and Deming that he often frequented during his winter trips to southwest New Mexico, only days after traveling thousands of miles from the border between Alaska and Yukon. Miller estimates that the bird flew over 250,000 miles during his approximate 15-year life span.

"Thor was an inspiration to, really, thousands of people. The [Facebook] post [announcing his cause of death] has reached nearly 6,000 people since the last time I looked — maybe more now," Miller said while holding back tears. "Especially during this tumultuous time — not just the

pandemic, but even before that with all of the unrest and bad things — people like to watch and be inspired."

Kick-starting the interest in his journeys, Thor was apparently snacking on some carrion in 2013 on the side of U.S. 180 — not far from where he died — when he retreated just a second too late ahead of a passing vehicle and smashed into its windshield.

Thor was transported to Gila Wildlife Rescue, where Miller did a quick examination, finding major injuries — but no bone fracture, nerve or other permanent damage.

After about a month of healing, Thor got back onto his feet, into the air and was eventually released back into the wild.

However, prior to release,

wildlife biologist and Eagle Environmental Inc. President Dale Stahlecker and Miller fastened a transmitter onto Thor's back in order to track his migration patterns, which researchers were surprised to discover were rather expansive yet consistent.

Previous to receiving the results of Thor's necropsy, Miller and several other biologists who had studied Thor for years presumed his death to be a result of lead poisoning, which Miller said is one of the main causes of death for young eagles in particular, along with West Nile virus and accidents.

Miller said that Thor's actual cause of death was actually more likely just old age, accelerated by an infection he possibly picked up during his migration.

Since eagles are rarely necropsied unless poison is suspected or they have garnered a little bit of fame — as in Thor's case — it's difficult to know whether heart attacks are common once eagles reach a certain age.

"I'm very relieved because it's a natural cause, not a human cause," Miller said. "You know he led a fairly long life. ... He had a good life." While Thor's exact age is unknown, he was about 5 to 8 years old when he stayed with Gila Wildlife Rescue in 2013, with Miller estimating he was on the older side of that range — placing him at about 15 years of age on the day of his death. The average life expectancy of wild golden eagles sits around 25 years.

Miller said that Gila Wild-

life Rescue thanks all of the public who closely followed Thor in his biannual migration, making him into the icon he is today.

Secretary

Continued from Page 1

Stewart said his number one priority is keeping people safe and healthy.

“We definitely don’t want to see another loss of life, but we need to get back to business — we need to get back to kids in school,” Stewart assured Pettigrew.

“I think we are on a really good track because of the proactive steps we have taken to get kids back into school and the fact that you guys are stepping up and leading,” he added.

Lovington Superintendent LeAnne Gandy told Stewart that the district is doing everything in their power to

get kids back to in-person learning.

“I promise you, we care about our people. So we are going to do everything we can to keep them safe,” said Gandy.

“We are going to follow your guidance,” she added. “I didn’t see a single kid at high school yesterday that didn’t want to be here. They are ready to come back to school. Whatever it takes, we are willing to do it. We have ached for our kids and ached for our teachers. This has been the most difficult year ever.”

Gandy also praised Stewart and Pettigrew for helping the district get the 2,000 Chromebooks it had ordered in June 2020. “We spent the

money and ordered them, but we couldn’t get them in.”

Stewart mentioned the New Mexico PED has recently requested a waiver from the U.S. Department of Education that would allow schools and districts to skip high-stakes student assessment again this spring, shifting instead to optional testing to benchmark academic achievement and identify any gaps in learning.

“It’s a little different than what we have done in the past where you have 95% or more of the students taking the same test at the same time. It’s giving more flexibility to schools and districts who either opt in to the state assessment that we have or use some other

data sources that they have been using consistently in their own practice,” said Stewart. “Given the reality of COVID, we are going to have to think a little bit different.”

Gandy said she appreciated the flexibility the waiver gives the district.

She says the district has looked at everything that is available and has decided that if a test gives immediate feedback to teachers to determine where kids are and what the teachers are going to do instructionally — they will use it.

“As we continue to demonstrate that we can do this safely, it will go well for our return to the new normalcy,” Stewart said.

Stadium.

Because of the pandemic, attendance at the memorial service was extremely restricted. It was attended almost primarily by people from out of town, with the exception of a small group of family members. Except for two Albuquerque outlets, no media, including this newspaper, were allowed to view the event.

Three helicopters performed a “fly by” at the conclusion of the memorial. After the lengthy funeral, Officer Jarrott was transported by hearse along a parade procession that

included hundreds of citizens, law enforcement officers not allowed to attend, out-of-towners, even tourists. Giant American flags waved across Main Street and vehicles full of masked well-wishers lined the route from Lordsburg High School, down Main Street, all the way to the cemetery.

A burial at Shakespeare Cemetery followed, which was also closed to locals. The night before, the water tanks were once again illuminated in bright blue light, and houses across town were bathed in blue for an eighth night in honor of Officer Jarrott. Even the Belshor Apartments and the Courthouse turned blue.

ANTON CHICO LAND GRANT
OFFICIAL ELECTION PROCLAMATION

Pursuant to the Land Grant General Provisions Section 49-1-5 NMSA 1978 and the bylaws of the ANTON CHICO LAND GRANT, a regular election of the ANTON CHICO LAND GRANT for the election of members to the board of trustees shall be held on April 5, 2021.

The purpose of the election shall be to elect 3 members to the board of trustees. Terms of service for each elected position shall be 4 years.

In addition to electing members to the board of trustees voters will cast for the following items:

1. Should the Anton Chico Land Grant enter into an agreement with BluEarth Renewables for the development of a wind energy project on the common lands of the Anton Chico Land Grant? _____Yes or _____ No

All Declarations of Candidacy shall be filed with the Secretary of the Board of Trustees starting February 25, 2021. The Final day to submit Declarations of Candidacy shall be March 11, 2021 at 5PM. The secretary of the Board of Trustees will be available to receive declarations in person on March 11, 2021 from 1:00PM to 5:00PM at the Anton Chico Economic Development Building located at 1089 State Hwy 386 Anton Chico NM 87711. Prior to March 11th Declaration of Candidacy Forms can be obtained by contacting the President Stoney Jaramillo at (575) 512-6363 or the Secretary Max Sisneros at (575) 512-4100.

The following location is designated as a polling place for the conduct of the election:

Anton Chico Economic Development Building
1089 State Hwy 386
Anton Chico, NM 87711

Polls shall be open for voting at 7:00 AM and shall closed 7:00 PM

The registration books for the Anton Chico Land Grant shall be closed on March 21, 2021 at 5:00 PM. Any Heirs desiring to become qualified voting members must do so prior to that date or wait until the Monday following the election, when registering shall reopen. Any Heirs interested in registering to become a qualified voting member of the land grant may contact Stoney Jaramillo at (575) 512-6363 or Max Sisneros at (575)512-4100.

The Board of Trustees will meet on March 25, 2021 at 1:00 PM at the Anton Chico Economic Development Building to Finalize the Registration books to be used for the election.

MERCED DE ANTON CHICO

Published in the Guadalupe County Community on Feb. 24, 2021.

ANTON CHICO LAND GRANT
PROCLAMACIÓN OFICIAL DE LAS ELECCIONES

De conformidad con la Sección 49-1-5 nmsa 1978 de la concesión de tierras y los estatutos de la CONCESIÓN DE TIERRAS ANTON CHICO, el 5 de abril de 2021 se llevará a cabo la elección ordinaria de la SUBVENCIÓN DE TIERRAS ANTON CHICO para la elección de los miembros del patronato.

El propósito de la elección será elegir a 3 miembros del consejo de administración. Los términos de servicio para cada cargo electo serán de 4 años.

Además de elegir a los miembros de la junta de síndicos, los votantes serán elegidos para los siguientes artículos:

1. ¿Debería la Subvención De Tierras Anton Chico celebrar un acuerdo con BluEarth Renewables para el desarrollo de un proyecto de energía eólica en las tierras comunes de la Subvención De Tierras Anton Chico? _____Yes o _____ No

Todas las Declaraciones de Candidatura se Entregan con el Secretario del Patronato a partir del 25 de febrero de 2021. El último día para presentar las declaraciones de candidatura será antes del 11 de marzo, 2021 a las 17:00 horas. El secretario del Patronato estará disponible para recibir declaraciones presencialmente el 11 de marzo de 2021 de 13:00PM a 5:00PM en el Edificio de Desarrollo Económico Anton Chico ubicado en el Estado 1089 Hwy 386 Anton Chico NM 87711. Antes del 11 de marzo se puede obtener la Declaración de Formularios de Candidatura poniéndose en contacto con el Presidente Stoney Jaramillo al (575) 512-6363 o con el Secretario Max Sisneros al (575) 512-4100.

El siguiente lugar se designa como lugar de votación para la realización de la elección:

Anton Chico Economic Development Building
1089 State Hwy 386
Anton Chico, NM 87711

Las urnas estarán abiertas para votar a las 7:00 AM y cerrarán a las 7:00 PM

Los libros de inscripción para la Beca de Tierras Anton Chico se cerrarán el 21 de marzo de 2021 a las 5:00 PM. Cualquier Heredero que desee convertirse en miembros calificados de votación debe hacerlo antes de esa fecha o esperar hasta el lunes siguiente a la elección, al registrarse reabrirá. Cualquier Heredero interesado en registrarse para convertirse en un miembro con derecho a voto de la subvención terrestre puede comunicarse con Stoney Jaramillo al (575) 512-6363 o Max Sisneros al (575)512-4100. The Board of Trustees will meet on March 25, 2021 at 1:00 PM at the Anton Chico Economic Development Building to Finalize the Registration books to be used for the election.

THE

GUADALUPE COUNTY
COMMUNICATOR

Back in the classroom, back in the game

By Aesa Thompson
The Communicator

In the years 2010-2012, Mighty Lions football fans were saying "Back to Back to Back State Champs!"

In the unusual era the pandemic has brought about, Santa Rosa's student-athletes are now just happy to be back in the classroom and back on the fields and courts of SRHS.

Santa Rosa High School Lions and Lady Lions were invited back for sport-specific practices earlier this month — namely, volleyball, cross country and Mighty Lion football, the "fall" sports during this "Covid Year."

Schedules for these programs have been approved. The cross-country team will take on the unusual season first, starting out on March 6 in Cimarron, followed by the Mora meet March 12, the District meet on either the 19th or 20th of March and the State meet on either March 26 or 27. According to Coach Jimmy Chavez, the final two meets have yet to decide on a location.

The Lady Lion volleyball team travels to Logan to rumble for the first time on Tuesday, March 9. The Lady Lions will host the home opener against Mora on Thursday, March 11. The full volleyball

Junior cross-country runners Santiago Pacheco, in front, and Juakin Baca round a turn on Riley Road in Santa Rosa early Friday morning as part of that day's cross-country practice. The cross-country team is scheduled to compete in its first meet this year at Mora on March 12. (Photo by Aesa Thompson, The Communicator)

schedule can be found on max-preps.com.

As for football, the Lions will debut their season at home against Estancia at 1 p.m. on Saturday, March 13. A complete schedule for

the season was not available before deadline.

As for the "winter sport" of basketball, the first games for the Lady Lions and Lions are slated for April 15 in the Den, versus Pecos. New

schedules are not yet available for softball, baseball or track and field, but the Estancia Bears are warming up the stadium lights for a March 26 invasion of "Fighting Lions" to kick-off the

abbreviated season.

Although individual sports practices have begun, health and safety guidelines have not changed for athletes or coaches. Equipment is still sanitized before and after

use, temperatures are still taken, masks worn, and social distancing is in place, along with the "pods" system to ensure that athletes and coaches can continue to coach and participate in the activities they are so passionate about.

Hybrid school (for those who choose to attend in-person schooling) was scheduled to start Monday with freshmen and seniors going Mondays and Tuesdays, followed by sophomores and juniors attending Wednesdays and Thursdays.

Fridays are reserved for sanitization the building by custodial staff.

Teams, parents, coaches, administrators and fans have kept their fingers crossed in anticipation of earlier start dates elsewhere. In neighboring Portales, Eastern New Mexico University announced that there wasn't a single positive COVID test among the 100 student-athletes and coaches involved in their fall sports programs.

Although their Lone Star Conference will bypass the super-regionals round this year, Greyhound baseball is underway and other sports resume in early March.

Davy Delgado contributed to this article.

GUEST EDITORIAL

Taxes on top of taxes, even on Social Security

Rio Grande Sun

ESPANOLA — Bill sponsors and supporters are encouraging the passage of a Social Security tax relief bill. One of the key selling points is attracting senior with money to the Land of Enchantment.

How about those seniors already here eking by on Social Security and a part-time job? Maybe the virus stole their part-time job and they're only income is Social Security.

New Mexico exempts the first \$8,000 of Social Security income if the person has less than \$28,5000 in income. That helps some of the lower earners but senators are after rich old people who don't qualify for the exemption.

Instead of accepting the rich old people argument, let's look at a dollar that passes from a company's income to finally being spent decades later by a senior citizens.

First the dollar is taxed about 9% by the state

in Gross Receipts Tax. That is in addition to the dollar so the whole dollar goes into the company's bank account. Then it's paid as a salary to someone and is taxed 7.65% for Social Security and Medicare taxes (matched by the employer) and about 25% in federal and state withholding taxes. That dollar has so far earned the state about 16 cents and the federal government about 27 cents, some of which may return to the wage earner in a tax refund.

Our earner has about 68 cents left. If he goes to Center Market to buy a loaf of bread, the 68 cents ends there and is only taxed as income to the grocery store, restarting the cycle we just went through.

If he goes to Walgreens to buy a razor blade, it is again taxed 9%, reducing his buying power by that much.

The 7.65 cents initially taken from his check and matched by the employers, sits in a treasury account for decades being borrowed by the federal government, which sells bonds to China

to cover the loan. It earns money on paper, but not really, because the money is gone, spent. Social Security is a giant IOU that continually gets pushed to the next generation.

Time passes and our earner retires. He or she applies for Social Security. The money that comes out of the Social Security treasury account has been taxed at least three times, possibly more.

Our retiree starts the entire taxing cycle again, simply by drawing money from his account. The federal government also taxes a retiree's Social Security income. If an individual has \$25,000 to \$34,000 in income, up to 50% of the benefit is taxed at the individual's tax rate. If the person's total retired income is more than \$34,000, up to 85% of the benefit may be taxable.

So the dollar our retiree and several other younger workers still paying into Social Security has been taxed at every level and now is subject to applicable federal and state taxes.

While searching sites for taxation on Social

Security benefits, it's notable that more sites which answer the query state, "Your Social Security benefit is only taxable as federal income." That's because there are only seven states in the country that still tax it.

Again, New Mexico sits in the dark ages afraid to change, afraid to let go of an archaic tax structure that makes it a gargantuan task to push the economy along.

New Mexico state leaders lack the vision and gumption to tackle the nightmarish tax pyramid we have. That's understandable, between the exceptions and exemption and sliding rates and deductions, it takes a math genius to know where our money goes.

Eliminating the state tax on Social Security will not result in rich hordes of seniors, cash in hands eager to move our economy off of the transition oil teat. It will lower income tax on seniors trying to make a choice between medications, food and utilities. We thought that's for whom legislators worked.

GUEST COLUMN

Time is now to move on N.M. Health Security Plan

By Janet Wallet-Ortiz
Silver City Daily Press

SILVER CITY — What New Mexican does not wish for health security? While polls reveal most of us believe health care is a right, we need our state legislators to take the steps to develop a coherent plan that guarantees health care for all New Mexicans.

The latest study proves this is possible, while saving New Mexico \$1.6 billion to \$2.7 billion on health care costs over a five-year period.

Mary Feldman, Ph.D., executive director of the Health Security for New Mexicans Campaign, and other proponents, including Tyler Taylor, M.D., who is on the Campaign's executive committee, believe that we have a great opportunity this year to move the New Mexico Health Security Plan (HSP) forward.

Legislation to enact the HSP was first introduced by state representatives Max Coll and Lucky Varela in 1993. Based on public input, proponents have since refined and polished the framework for this plan, which will achieve universal coverage and control costs. The 2021 Health Security Planning and Design Board Act would enable our state to begin the planning phase of the HSP itself, creating a board of experts to determine

the most effective design for the many elements of the HSP.

The health security approach presents a systemic change in how we pay for health care, shifting the primary focus from "for profit" to "for patient." The HSP, which would automatically cover most state residents, would be run like a co-op, in that it would be managed by a citizens' board and would be a not-for-profit entity. It would provide comprehensive benefits that would be based on the health services state employees (and teachers) receive. The HSP framework would shift private insurance to secondary coverage, as Medicare did when it was established.

Funding

Three streams of revenue would support the HSP fund.

First, individuals and families who are covered by the HSP will pay a premium, based on income.

Second, employers will contribute to the HSP fund, likely based on the number of employees and payroll.

Third, public state and federal sources of money which already exist — subsidies, tax credits and Medicaid funds — will help pay for HSP.

Billions of dollars in premium monies collected will be put into a New Mexico-dedicated fund and in-

vested in the state of New Mexico, not outsourced like the current premiums we now pay to private companies. And, because HSP premiums will be based on income, premiums will not increase due to chronic illness.

Under health security, health care coverage for New Mexicans will not be tied to their job, and the HSP will cover preexisting conditions. HSP members will also have freedom of choice to seek out the doctors they prefer, including across state lines.

Provider benefits

With most New Mexicans under one plan, billing will be streamlined, resulting in lower overhead costs for providers. The HSP also authorizes higher fees for providers in rural, underserved areas.

Doctors will no longer have the hassle and cost of sorting through multiple plans, and will have the freedom to make timely and necessary health decisions

for their patients without the constraints of insurance peddlers who play the middleman.

The HSP also includes a "global budget" for each hospital in New Mexico, to ensure that they have a state-secured, annual revenue stream. Hospital administrators could set priorities, knowing that the money

will continue to flow, year after year. Such budgets will reflect the needs of local health care providers and communities.

The HSP will be administered by a geographically representative citizens' commission. The commission will include doctors, health facility representatives, consumers and business owners. Regional councils will be set up to make recommendations to the commission. All meetings will be open to the public, and finances will be subject to public scrutiny.

The crisis

Today, more than 214,000 New Mexicans are uninsured. With increasing job insecurity due to the pandemic, that number keeps increasing. Many others are underinsured — although they have insurance, their copays, deductibles and poor coverage mean they still have high health costs.

Prescription drug prices continue to increase, so the HSP includes bulk purchasing of drugs, thereby reducing costs for those using medications. Premiums and other out-of-pocket costs are also always increasing. Even those who enjoy private plans must still live in fear, never knowing what their private insurance company will do next. Will a procedure or necessary

piece of health care equipment be denied? Is your favorite doctor suddenly out of network?

Not only is the HSP economically viable, passing the 2021 health security bill will also prove that our state legislators truly believe that protecting and preserving the health of all New Mexicans is a priority. More than 170 organizations support the HSP, including LULAC, NAACP, doctors, nurse practitioners, farmers and acequia groups.

Constituents need to email and call their state legislators and demand that they take New Mexico's health crisis seriously now. Learn more at nmhealthsecurity.org, and spread the word to all your friends and relatives in every corner of the state. The proponents of the HSP have done their homework, the studies are in, and New Mexico can save billions while at the same time ensuring that virtually everyone in the state has coverage. The first step is to pass the Health Security Planning and Design Board Act being sponsored now by Rep. Debbie Armstrong and Sen. Jerry Ortiz y Pino.

Janet Wallet-Ortiz is a retired WNMU professor and a longtime Silver City resident.

Student-athlete bill advances

ALBUQUERQUE — On Feb. 3, the Senate Education Committee passed SB 94, known as the "Student Athlete Endorsement Act," clearing a hurdle for the bill to become law and allow student-athletes to make money from their name, image and likeness (NIL).

Similar laws passed or proposed in sundry states across the country would allow student-athletes to profit from their NIL, with several due to take effect on July 1.

Thus, if a student were to appear in a commercial and earn money off the appearance, for example, a "post-secondary educational institution" — i.e., the University of New Mexico — couldn't prevent that athlete from doing the commercial or receiving compensation from the appearance.

SB 94 also aims to prohibit UNM from either withholding or revoking an athlete's scholarship due to the athlete participating in commercials and profiting from them. Another part of the bill would allow student-athletes to hire legal professional representation without consequence.

The bill was sponsored by Sens. Mark Moores, R-Albuquerque, Bill O'Neill, D-Al-

buquerque and Rep. Antonio "Moe" Maestas, D-Albuquerque.

Drilling ban exemption rejected

ROSWELL — A legislative memorial proposed by New Mexico House and Senate Republicans, that would have asked the Biden administration to exempt the state from a temporary halting of new oil and gas leases and permits for drilling on federal lands, was rejected Feb. 18 by the House Energy, Environment and Natural Resources Committee.

House Joint Memorial 3 (HJM3) whose primary sponsors included House Minority Leader Jim Townsend, R-Artesia, and Senate Minority Leader Gregory Baca, R-Belen, was tabled by the committee on a 7-4 vote. Townsend, who is also a member of the committee was among those who voted against the tabling motion.

In an interview after the committee adjourned, Townsend of House District 54, which includes Eddy County, the second largest oil producing county in the state, accused the Democratic-led committee of being hostile toward the oil and gas industry.

"I think it is unfortunate that the committee was so biased against oil and gas that the state could possibly suffer," he said.

HJM3, as written, would have requested that President Joe Biden and the U.S. Department of Interior grant the state of New Mexico a waiver from a 60-day moratorium on the issuance of new oil and gas leases and drilling permits on federal lands, citing the detrimental impact such a halt in new permits could have on the oil and gas industry, which New Mexico depends on

for much of its revenue.

— Roswell Daily Record

Coaster project comments sought

EDGEWOOD — A proposed "mountain coaster" project at the Sandia Peak Ski Area in the Sandia Ranger District is in planning stages, and the U.S. Forest Service wants to hear from the public.

A public comment period is underway through March 20, although comments from the public will still be accepted after that, according to a press release from the Forest Service.

Planning documents shows the mountain coaster is projected to bring in as many as 100,000 visitors in the first year; the Tram brings in approximately 250,000 visitors annually and the expectation is the coaster would increase the visitors to the tram by 10-15%, according to the Sandia Peak Ski Area's website.

The Sandia Peak Ski Area had an average of approximately 20,000 winter visitors a year and approximately 5,800 summer guests annually, pre-Covid, while the number of winter days that the Ski Area is closed has increased in recent years.

The proposed project area would be at the Sandia Peak Ski Area, near the Sandia Peak Tramway top terminal.

Information about the mountain coaster project can be found at fs.usda.gov. Written comments may be submitted to Crystal Powell, District Ranger, Sandia Ranger District, Cibola National Forest, 11776 Hwy 337, Tijeras, NM 87059, Attention: Bryan West. Electronic comments may be submitted to cara.ecosystem-management.org. For more information, contact the project

leader, Bryan West, at bryan.west@usda.gov or 303-275-5276.

Officials wonder about vaccines

EDGEWOOD — Officials in Torrance County are worried their efforts for vaccine distributions may be going to residents outside of the county. Mayors Ted Hart, Peter Nieto and Nathan Dial all said they didn't recognize a majority of the people that showed up to vaccination events that were held in Torrance County.

"I don't want to say I know a lot of people, but I didn't really see a lot of people I knew at this event," Nieto said. "What tipped us off was earlier in the day, we got phone calls from people figuring out how to get to Mountainair. We

asked where they were from and they were like, 'Oh, we're coming in from Los Lunas, never been to Mountainair.'"

Hart said the communities are spending about \$300 to \$500 a week to employ people to help with the events to vaccinate Torrance County residents.

Torrance County Emergency Manager Matt Prop said the system that generates the radius for the events made the parameters too big.

"[The system] creates a big circle, in essence," he said. "If there's not enough people registered in that immediate area, that circle just keeps getting bigger. What ended up happening was that the circle grew large enough by people who were already registered that we were heading into Valencia County."

— The Independent

EDITORIAL

Tragedy and triumph
at half a million

The Communicator

As it turns out, there are two half-million markers to remember this week. One's a tragedy; the other, a ray of hope. Earlier this week, we passed 500,000 Americans who have died of COVID-19. That's more than World Wars I and II and Vietnam altogether. President Biden told us at a somber ceremony Monday to honor the virus' victims and their families. It's a terrible death toll, owed to a virus we didn't know existed until late 2019, and innumerable families have suffered as it made its way across the world and into our personal lives and homes.

Then comes another announcement this week, that New Mexico has passed the half-million mark on vaccine doses given out so far. That's pretty good for a state this size. In fact, the Land of Enchantment is ranked third among states with the percentage of its residents now vaccinated.

It may not seem like it right now, with Guadalupe County returning to a red-hot zone for at least two more weeks, but we're not so far away from better days. Last we checked, Guadalupe was at the top of the state's counties in terms of percentage vaccinated, so with continued vigilance we can pull out of this.

If this were a long-distance race, it would be time to "kick it in" to the finish line.

Of course, there may be no absolute finish line; COVID will probably remain with us like influenza, with yearly vaccines to fight off the latest strain. But it won't be in pandemic proportions, and with a vaccine to fight it we'll be able to control it. This year will be better than last year.

Meanwhile, we still need to kick it in with the best health and safety habits we can muster. It's a collective effort, so let's all do our part.

—TKM

DISPATCH NEW MEXICO

The 'Soaring Twenties'

By Tom McDonald
Gazette Media Services

SANTAROSA, N.M. — As another impeachment comes to an end, the pandemic weakens, a new administration takes over and a terrible 2020 is finally in the rearview mirror, let's take a look at the decade ahead.

Let's use as our guide Time magazine's recently published "Time 2030," a special section that highlights "big solutions" this decade, if we can pull ourselves together to take on climate change, nationalism, internet access and a lot more pressing issues for our time.

We've got the technology to reshape our world. The question is, do we have the collective willpower to save us from ourselves.

Time's "Soaring Twenties" writeup calls it "a cascading cluster of problems (that) requires big solutions" in this decade, lest we're too late in saving the world.

"These new ways of thinking will come from government leaders, to be sure, but also from activists, entrepreneurs, and academics," writes Justin Worland before introducing the reader to eight individuals with something to say about our future.

The most famous is activist and actor Angelina Jolie, who writes about the climate

crisis.

"We know what needs to be done: keep fossil fuels in the ground, switch to renewable energy, and help countries and communities on the front lines to adapt and prepare for what is to come," Jolie writes in her short essay. "And we must find ways to resolve conflicts and bring down refugee numbers globally. Speed and scale are of the essence ... The answer depends on us."

Well, if Angelina Jolie said it, it must be so.

Seriously, I'm not one to put celebrities on some pedestal of authority, but since Time led with Jolie's essay as the first among eight, and because what she says makes good introductory sense, I thought I'd run with it. She aptly summed up the biggest crisis of our time.

But Time's package doesn't stop with the climate crisis. Dr. Larry Brilliant, an epidemiologist, writes about how, after World War II, alliances were formed out of an understanding that the nations of our world are increasingly interdependent; but now "nationalism is on the rise" and that's hindering our ability to work together on issues of importance to us all.

"Just 75 years ago, leaders joined in the quest for something larger than country," Brilliant writes. "We need to

find our way back to that kind of optimism."

Where's "The Greatest Generation" when we need them?

Then there's the world renown chef José Andrés, who wants us to invest in "green stoves" to help feed the world; Ford Foundation president Darren Walker's appeal to make internet access a human right worldwide and Time's 2020 Kid of the Year, Gitanjali Rao, and her emphasis on the World Wide Web as a tool to level the playing field in education; Duke Energy CEO Lynn Good's call to make all vehicles electric by 2030, which she argues is "a win-win for all"; fashion designer Christian Siriano's argument against the waste that comes with "fast fashion"; and African Leadership Academy founder Fred Swaniker on the far-out idea of addressing the global housing crisis by — get this — printing out 3-D homes.

The special section goes on to delve more deeply into issues such as the new urban economies that will come with going green, reshaping the internet to support rather than tear down democracy, going vegan (with China currently leading the way), and climate innovations.

Space doesn't allow me to give ample attention to any

of the essays and articles that Time ran in this special section, but I hope I'm giving you enough to whet your appetite for more "outside-the-box" thinking we'll need to undertake in the challenges we are facing. We're at a critical moment in our world, and breaking from our status quo thinking on energy, consumption, international relations and digital technology is the only way to create a healthy future for humanity.

You don't have to pick up a copy of Time to find a growing chorus of can-do innovators out there, though you do have to search a little harder to find the optimists out. That's because we're teetering on the edge of disaster.

But it's amazing what humanity can do when we set our mind to accomplishing something. If we still believe in our country as a great world leader, and ourselves as problem-solvers, we can do it.

We're betting our children and grandchildren's future on it, so let's get started. This is going to be an exciting decade.

To submit a letter, some guidelines:

- Keep your letter to 400 words maximum. If it's longer than that, it may have to be edited to size or it won't run. Shorter letters get better reads, so it's in your interest to get to the point.
 - You must use, and we will publish, your real name. Have the courage of your convictions and you'll be surprised how many people will respect you for it.
 - Include a phone number where you can be reached. We won't publish the number, but we may need it for questions we have or to confirm the letter's authenticity. And while you're at it, clearly label your submission as a "letter to the editor" so we'll know you intend for it to run.
 - Understand that it's up to me, the editor, as to what runs and how it's edited, and I reserve the right to reject any letter I deem inappropriate. I'll take care to make sure your message is left intact — and well read.
- And if you want to submit a longer guest column, contact me directly and we'll talk. So bring it on! We'd love to hear from you.

THE ONE PERCENTER

'Flopping' entertains on the court, in politics

By Don McDonald
For The Communicator

MEMPHIS, Tenn. — ESPN has a show called "First Take." Molly Qerim moderates spirited debates/discussions usually between Stephen A. Smith and Max Kellerman. It takes on a variety of topics, including flopping.

Flopping is known in basketball as acting as if you were fouled when you were not. "First Take" showed video of athletes, including some of the superstars of the game, crashing to the floor when replays revealed they were not touched.

It reminds me of Hollywood actors fighting. One actor swings at the other actor's head, while the actor being swung at turns his head as if hit. With the right camera angle, you'd swear he really was hit — but it's just acting.

In a recent game between the L.A.

Lakers and the Memphis Grizzlies, LeBron James, who some are saying is one the most convincing of the many NBA floppers, scored on a layup, crashed to floor, while screaming as if hit hard. A foul was called, and James got to shoot a free throw.

However, Brevin Knight, a former NBA player and the color commentator for the Grizzlies TV station, was not fooled. He asked to see the replay, which showed James had not been touched.

Later, in the same game, James was standing next to a Grizzly player who jumped for a rebound. As the Grizzly player came down with the ball, his elbow approached James who fell flat on his back. It looked real, but, again, the replay showed James was never touched. James got up complaining of a hurt arm.

Stephen A. defended the players by pointing out that flopping has always

been a part of the game. He said that the ex-NBA star, Vlade Divac of the Sacramento Kings, had no chance defending Shaquille O'Neill well, until he mastered the art of flopping when O'Neill came his way.

O'Neill, disgusted, started referring to the Sacramento Kings as the Sacramento Queens. But criticism did not stop Divac and he continued to get calls in his favor. Divac had a long flopping NBA career.

As Stephen A. and Max Kellerman debated on how flopping should be handled, Molly Qerim came up with a suggestion: Why not have the NBA, during the all-star ceremonies, have a flopping contest?

Great idea, Molly! Take away the boring "skills" competition and put in a more entertaining "floppers" competition.

These floppers have worked hard to perfect their craft. Why not let

them be recognized for their work?

I imagine the rules for the flopping competition would be simple: In a one-on-one basketball game, when "almost" fouled, have a convincing flop, fake an injury and complain like mad.

Floppers should be allowed a coach on the sideline who can help by pleading the flopper's case.

Judges will award scores from 1 to 10, with 10 being the highest.

Or: If basketball doesn't want the NBA dominated by fakers/floppers (same thing), identify the floppers with TV replays and level a punishment that hurts.

But what about our political leaders? Wasn't the claim of the rigged election (now referred to as the "Big Lie") pretty much screaming foul when none existed?

Why not have a flopping contest for politicians?

My top three picks for the best congressional floppers (or fakers) would be Sen. Ted Cruz of Texas, Sen. Josh Hawley of Missouri, and Rep. Marjorie Green of Georgia.

Are there any members of Congress better than these at flopping, faking injury and then non-stop complaining?

Rudy Giuliani is also a great flopper, but he is a lawyer for Trump and has been defending fouls (or, if you prefer, lies) for so long he would have an unfair advantage in a flopping contest.

In fact, Giuliani is such a great faker, maybe we should name this the "Giuliani Bowl."

Zen and the art of tea brewing

By Liam DeBonis
New Mexico Daily Lobo

ALBUQUERQUE — Imagine this, if you will: You're over at a friend's house, and they ask "green or black tea?" You pick green, but to your horror, you hear the kettle boiling and a few minutes later, you spend the next half hour sipping profanely bitter liquid and feigning enjoyment.

If you're the friend in this scenario, don't feel bad. I sat down with Shawn Whitehurst — who's been with the New Mexico Tea Company for over eight years — and learned that there's a lot that goes into making the perfect cup of tea.

Whitehurst said the tannin content in the final product makes a significant difference in the flavor of tea. Tannins are naturally occurring chemical compounds found in tea and other foods and beverages. Different types of teas release their tannins in different ways, which is why water temperature is critical for a smooth, enjoyable brew.

In the case of green tea, she said, leaves are intentionally damaged to allow for some oxidation to occur until the tea is heated.

"That sort of gentle damage to the leaf makes it incredibly quick to brew. If you put a green tea like that in a fully, freshly boiled pot and steep it like a black tea ... what you would have is so many tannins in that cup of tea that it might even be undrinkable," Whitehurst said. "It would just be so, so bitter."

A general rule of thumb I use when

A pot of Pad Mu Tan tea, a white tea which pairs nicely with fruit such as honeycrisp apple. (Photo by Liam DeBonis, New Mexico Daily Lobo)

heating water for tea is about 170°F for green teas, 180°F for oolong or white teas and a gentle boil for black or herbal teas.

Your tea supplier may give you special instructions regarding brewing temperature, the amount of tea leaves per cup and infusion (steeping) time, so be sure to ask or check the packaging for recommendations. If you're making your tea iced, Whitehurst advised to increase your leaf-to-water ratio while keeping the steeping time the same.

Another component to consider is what's in the water you're using to make your tea. Whitehurst said she likes to pour tap water into a glass

pitcher and let it sit for a while to let the chlorine in the water evaporate at room temperature. Water filters can also help to remove chlorine from tap water.

"Chlorine does rid itself from the water really quickly, and it's just such a huge flavor difference if I drink immediately from the tap or if I let it sit out for 15 minutes," Whitehurst said. "But you also really don't want to use things like distilled water, because you do want minerals in your water when you're brewing tea because minerals give something for the flavors to kind of bounce off of."

To enhance a cup of tea even further, you can pair it with some food that complements its flavor profile.

"If (the food) is something sweet or rich, I'm more inclined to pair it with a pure, hearty black tea," Whitehurst said.

For lighter, more fruity foods, an oolong or green can enhance the flavor without dominating the palate. My favorite food and tea pairing happens to be Pai Mu Tan, a white tea, with sliced honeycrisp apples.

With all of these tips in mind, though, it's important that you experiment and figure out what works best for you. While many may not like the bitterness of an over-brewed tea, I personally know some people who prefer strong, bitter green tea.

"For brewing a cup of tea, your own personal preference is the most important consideration," Whitehurst said.

Subject: Re: Community WF Flyer Draft

Hi Arturo, Stoney

Just checking in to hear about your review of the English version of the mailout? Sorry to put pressure on you, but it's a tight deadline for the first meeting on March 12! If you don't have any changes, pls let us know so we can get going on translation!

Thanks very much!

Jason

Subject: Community WF Flyer Draft

Gents

Please find attached our 'final' draft of the flyer in English. We have worked hard on it, but we realize that there may be content or info in it that needs changes to meet your needs, so please don't hesitate to give us comments or advice on what to change. I've added our Communications Lead, Erin, so that she gets any of your comments as soon as any of us.

If you could please get back to us by Monday with edits, we can fix and send for Spanish translation. Once we have that, we'll ask you to review it for correct language.

Thanks so much!

Jason

Reminders & Draft Criteria forms for verify membership applicants and candidates

Arturo Archuleta

Wed 3/17/2021 2:07 PM

To:stoney.jaramillo@antonchicolandgrant.org <stoney.jaramillo@antonchicolandgrant.org>

 2 attachments (45 KB)

Criteria for Review and Approval of Membership Applications.docx; Criteria for Verifying Candidate Eligibility.docx;

Stoney:

Just a reminder that you will have to provide 10 meeting notice of the meeting of the board to canvass the votes that takes place after the election. The Board can determine the date for the canvassing at either the meeting on the 25th or the meeting on the 29th. I suggest the meeting on the 25th since that meeting is specific to the election. It will also give you more time to post the notice.

For the meeting on the 25th you need to have the following items on the 72 hour advance agenda:

1. Verification of eligible candidates
2. Approval of Membership Applications
3. Finalize Voter Registration Books
4. Appointment of Election, Judges, Clerks and Canvassing Board
5. Set date of election canvassing meeting

Also, you may want to consider getting a copy of the voter rolls for Gudalupe and San Miguel County, for the precincts in the Anton Chico Land Grant, prior to the meeting on the 25th. That way if local residents submitted a membership application with the land grant but failed to provide proof of State voter registration, we can use the county voter rolls as an alternate way to verify their voting status. This will only work for local residents, but it will at least provide an additional option for verifying their state voter registration.

Lastly, attached are the draft forms for evaluating criteria for membership applicants and candidates. Please review and share with the rest of your board. These are based on the requirements in the State statutes and the Anton Chico Land Grant Bylaws. Let me know if you see any necessary changes. If folks are okay with these the board can adopt these on the 25th for use. I will have them electronically so if the board votes to change anything we can amend and print them up that day for use. I can also print and bring some up with me on the 25th if we work out any needed changes in advance.

Arturo Archuleta
Program Manager

UNM Land Grant Studies Program

Criteria for Review and Approval of Membership Applications

Applicant Name: _____

1. Application & Affidavit of Heirship is complete and correctly filled out (Bylaws Article IX, Section

2.a.)

___ All information is legible

___ Name, Address, & Telephone number are complete (1,2,3,4 & 6).

If not, what is missing _____

___ There is a legal description for property owned within the land grant-merced

___ Name is printed on affidavit portion and matches name on application

___ At least one of the original grantees is listed on #1 of affidavit portion

___ Description of interest in common lands (inheritance, gift, purchase)

___ Name is printed on certification of Affidavit and matches name on application

___ Is signed by heir

___ Signature has been notarized

2. Required Heirship Supporting Documentation (Bylaws Article IX, Section 2.a.)

___ Genealogy establishing relationship to original grantee.

Or

___ Comparable documentation establishing relationship to original grantee:

___ documentation establishing relationship to verified existing member of the land grant-merced.

___ Other documentation _____
(Description of Documentation)

3. Required Documentation of Interest in Common Land (Bylaws Article IX, Section 2.b.)

_____ Deed of property ownership of applicant or of applicant's parent(s) or grandparent(s).

Or

_____ Copy of current grazing permit held by applicant's parent(s) or grandparent(s).

Or

_____ Copy of current rock permit or other natural resources permit held by applicant's parent(s) or grandparent(s).

4. Proof of New Mexico Voter Registration (Bylaws Article IX, Section 3)

_____ copy of voter registration card

_____ Other proof of NM voter registration _____
(Description)

CERTIFICATION:

_____ Application determined to be complete and is subject to approval by Board of
(Date) Trustees.

OR

_____ Application determined to be incomplete and requires the following documentation
(Date) be submitted for further review by the Board of Trustees: _____

FINAL MEMBERSHIP APPROVAL:

Membership to the Anton Chico Land Grant approved for _____,
Name of Applicant
by the Anton Chico Land Grant Board of Trustees on _____.
Date

Criteria for Verifying Candidate Eligibility

Candidate Name: _____

As per 49-1-4, NMSA 1978:

“...A person shall be qualified to be a member of the board if the person is a qualified voting member and is not in default of any dues, rent or other payment for the use of any of the common lands of the land grant-merced; provided that no person convicted of a felonious or infamous crime, unless the person has been pardoned or restored to political rights, shall be qualified to be elected or appointed to any board of trustees of a land grant-merced.”

1. Is the candidate a qualified voting member of the Anton Chico Land Grant?

_____ YES _____ NO

2. Is the candidate in default of any dues, rents or other payment for use of any of the common lands of the Anton Chico Land Grant?

_____ YES _____ NO

3. Has the candidate been convicted of a felonious or infamous crime?

_____ YES _____ NO

a. If yes, has the candidate had their voting rights be restored?

_____ YES _____ NO

b. Description of proof that voting rights have been restored: _____

As per the Anton Chico Bylaws Article X, Section 15 – Family Prohibition:

“No more than two family members shall serve on the Board. For the purpose of the section, family means individuals defined as blood relatives related by second degree, but including by marriage.”

1. Is the candidate related to the first degree (parent, sibling, child) or second degree (grandparent, grandchild, uncle, aunt, nephew, niece, half-sibling, double 1st cousin) by blood or marriage, to any current member of the board of trustees not up for reelection?

_____ YES _____ NO

- a. If yes, list each related Board of Trustee Member(s) not up for reelection and degree of relation:

2. Is the candidate related to the first degree (parent, sibling, child) or second degree (grandparent, grandchild, uncle, aunt, nephew, niece, half-sibling, double 1st cousin) by blood or marriage, to any other candidate?

_____ YES _____ NO

- a. If yes, list each related candidate and degree of relation:

____ **DECLARED ELIGIBLE:**

_____ has been verified by the Anton Chico Land Grant Board of Trustees
(Name of Candidate)

on _____ to be an eligible candidate for placement on the ballot for the 20____ Anton Chico
(Date) (Year)

Land Grant Board of Trustees Election.

____ **DECLARED INELIGIBLE:**

The Anton Chico Land Grant Board of Trustees, on _____, has verified that

_____ is *ineligible* to be a candidate placed on the ballot for the 20____
(Name of Candidate) (Year)

Anton Chico Land Grant Board of Trustees Election.

Arturo, Stoney,

Good meeting in general, we have a few takeaways that we will work on for the next one. We'll let you know what questions come in by email before next meeting. Let us know if you want to debrief or discuss.

I'm going to take the rest of this week off, I think. 😊

Cc: Gareth McDonald <gareth@bluearth.ca>; Erin Roberts <erin.roberts@bluearth.ca>

[EXTERNAL]

Hi Jason , yes Mr. Baca biggest concern is that we are getting kick backs and of course we all know we have never even asked for such a thing and do not never intend to do so...also the land grant not the board but all the heirs and no its not going to certain individuals only .Not even if they have a lease there. The board has disscussed about buying some of there land back that they have lost and does not mean just around the land grant but any where that all of the heirs can enjoy..the discussion is in the early terms but there ideas are to help all heirs for the future generations to come.

Subject: FW: Questions on Anton Chico land grant

Stoney

We got one other email below, and a voicemail from Mr. Baca. I called Baca back and had a nice chat for about 25 minutes. His main question was 'are any Heirs or Board members getting a commission or bonus if this project goes through?'. Of course not is what I replied and I told him that even I wouldn't get one. He sounded very relieved and asked that we make that very clear at the next meeting.

Here is a draft reply to Mrs. Gonzalez that would be great to have your comments on please:

Dear Mrs. Gonzalez,

Thank you for your note and questions.

The proposed project is still at a very early stage, with no agreements in place, so we don't know exactly where the turbines would go. We are interested in the general Mesa Colonias area as well as the Palo Amarillo area. If you have one of the information packets we sent out (available at Tenorio's Tiendita or Maesta's Lounge) there is a map in it with those general areas indicated.

Our proposal is to place turbines on Land Grant land that is commonly owned by the Heirs.

Monies would be paid to [the Anton Chico Land Grant] [is there a more formal name, or would it go to the Economic Development company?]. It is our understanding in speaking to the Board members that the intention is for the monies to benefit all the Heirs {do you want us to even say this????}

There will be virtual Community Meeting with BluEarth again this Saturday at 9 am. Details are in the information packet and on the Land Grant website. I hope to see you there.

Jason Edworthy | Director Community and Indigenous Affairs

Subject: Questions on Anton Chico land grant

Hello,
 Are you going to put turbines on owned land or just leased land?
 Also do already know or have an idea where these turbines will be put, do you have a map that we can see the interested areas?
 Will the monies go to all the heirs regardless if they have turbines on their land or only to who own/lease land?
 Thank you.

Attorney for Plaintiff or Plaintiff pro se

Name: Eric J. Sandoval
 Address: 17 Placita Del Oro Anton Chico, NM 87711
 Telephone No.: (505)652-8269
 Fax No.: _____
 Email Address: eisteco@gmail.com

THIS SUMMONS IS ISSUED PURSUANT TO RULE 1-004 NMRA OF THE NEW MEXICO RULES

STATE OF NEW MEXICO
 IN THE FOURTH JUDICIAL DISTRICT COURT
 SAN MIGUEL COUNTY

2021 MAR 31 PM 1:45 *NG*

Case No: D-412-CV-2021-00081
Abigail Aragon

Eric Sandoval,
 Petitioner

Vs.

Anton Chico Board of Trustees,
 Respondent

Emergency
PETITION FOR TEMPORARY RESTRAINING ORDER, PRELIMINARY INJUNCTION
AND PERMANENT INJUNCTION

Petitioner Eric Sandoval, through Pro Se representation. For his Petition for Temporary Restraining Order, Preliminary Injunction states as follows:

1. Petitioner is an Heir and resident of the Anton Chico Land Grant.
2. Respondents are Board of Trustees of the Anton Chico Land Grant.
3. On or about April of 2019, Petitioner qualified under the By-laws and the New Mexico Election Code, and was approved by the board to be candidate and registered voting member for the Election of 2019.
4. On or about March 25th, 2021, Petitioners' required Affidavit was filed by Board of Trustees to be a candidate in the upcoming April 5th, 2021 Land-grant Election.
5. Despite Petitioner filing for candidacy, the Board did not challenge his qualifications until March 25th, 2021,

almost 10 days before the 2021 Election.

6. On or about March 25th, 2021, the Anton Chico Board of trustees allowed the Chairman of the Board to chair discussion of Mr. Sandoval's candidacy in violation of the By-laws Article X Section 3.
7. On or about March 25th, 2021, the Board of Trustees disqualified Mr. Sandoval from being a candidate in the April 5th, 2021 Election. Despite fulfilling and meeting all necessary requirements.

8. At the meeting of March 25th, 2021, Mr. Arturo Archuleta Land grant County Indians, openly stated that Mr. Sandoval met the qualifications to be a candidate.
9. Having accepted Petitioner's qualifications in 2019, the verification of Mr. Arturo Archuleta and Petitioners complying with candidate requirements, the Anton Chico Land-grant Board voted to deny Petitioner from getting on the Ballot.
10. On or about March 25th, 2021, The Anton Chico Land-grant Board of Trustees violated the By-laws by setting precedence and voting to verify relatives of Board members as candidates while denying Petitioner Eric Sandoval.
11. It is a conflict of interest to allow the Chairman and Secretary whom are candidates themselves to decide who can vote and who can be a candidate.
12. On or about March 25th, 2021, the Anton Chico land-grant Board of Trustees violated Due Process Rights under the constitution of the United States Constitution of New Mexico and the By-laws of the Anton Chico Land-grant by not allowing the Heirs to vote for their choice of candidate.
13. On or about March 25th, 2021, The Anton Chico Land-grant Board of Trustees violated Petitioners Due Process Rights by giving him no notice of impending action to vote on his qualifications.
14. Since the candidacy applications process was announced petitioner filed his affidavit and began campaigning, putting up signs and addressing issues under the pretext that he was a qualified candidate pursuant to the documents he had filed in the 2019 election.
15. Pursuant to civil case D-242-cv-202100011, the Board of Trustees Stipulated to update the voter list on March 25th, 2021 for the April 5th, 2021 election, nothing else.
16. Petitioner has collected no less than 106 Signatures from Heirs that feel that Petitioner Eric Sandoval is qualified and should be placed on the Ballot to allow heirs to vote for a candidate of their choice.

Wherefore, Petitioner prays that the court issue a temporary restraining order, a preliminary injunction, enjoining the Board of Trustees from proceeding with the Trustee Election currently scheduled for April 5th, 2021, and restoring the Heirs the right of choice to vote.

respondent Anton Chico Board of Trustees
2021, and require the Respondents to schedule an election that allows the members
Mr. Eric Sandoval.

Respectively Submitted,

Eric Sandoval (505) 652-
Eric Sandoval

AFFIDAVIT

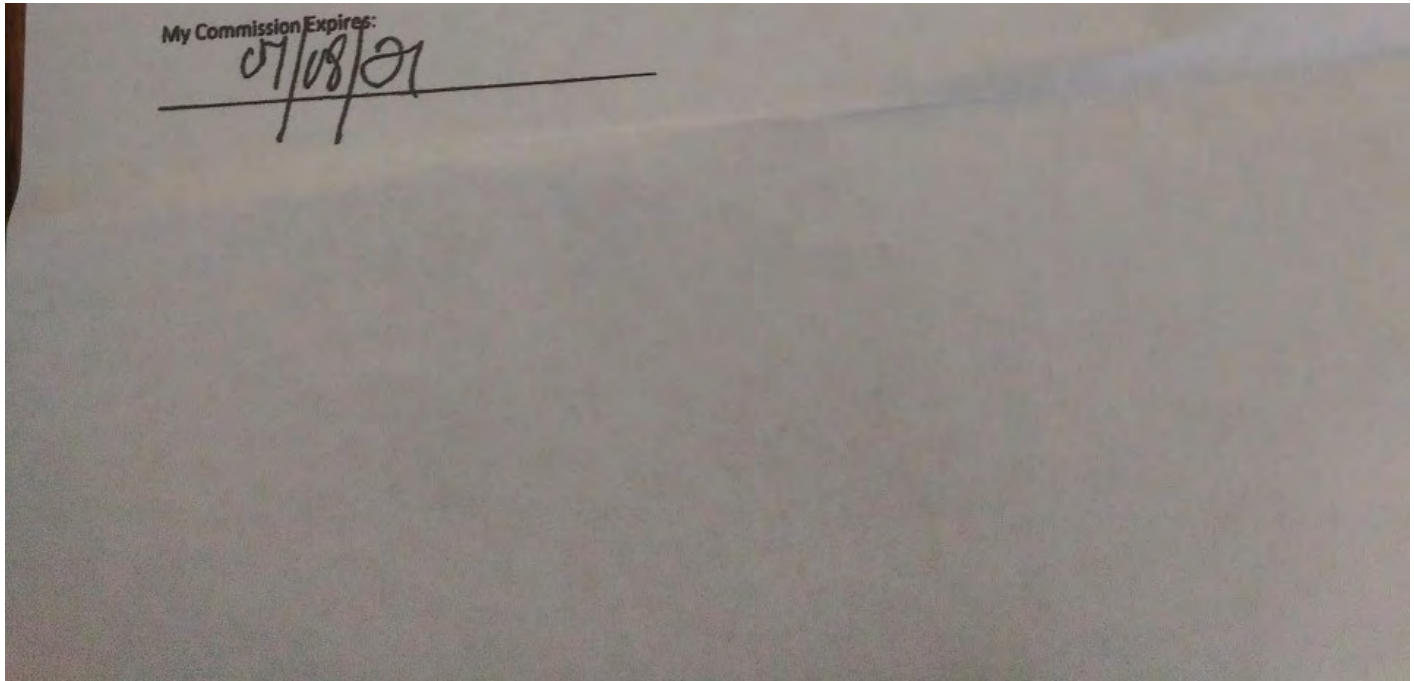

I Eric Sandoval, first duly sworn under oath state that I have read the PETITION FOR TEMPORARY RESTRAINING ORDER,
PRELIMINARY INJUNCTION AND PERMANENT INJUNCTION and that it is correct and accurate to the best of my
knowledge and belief.

Eric Sandoval (505) 652-8269
Eric Sandoval
17 Placita Del Oro
Anton Chico, New Mexico 87711

Subject: Land Grant Election Results

Stoney,

Congratulations on being re-elected to the Board of Trustees and also for remaining President. We also understand that a majority of the Heirs voted in favor of moving ahead with the wind project with BluEarth and we are very glad to hear that.

We are going to be meeting internally this week to review all the next steps. I realize you are probably extremely busy with Land Grant work following the election but perhaps we could have a quick chat in the next few days to review these with you as well?

Thanks very much!

Jason

Voter Rolls with updates

Arturo Archuleta

Thu 4/22/2021 8:33 AM

To: stoney.jaramillo@antonchicolandgrant.org <stoney.jaramillo@antonchicolandgrant.org>; Max Sisneros <max.sisneros@antonchicolandgrant.org>; Gerald.Maestas@antonchicolandgrant.org <Gerald.Maestas@antonchicolandgrant.org>; Adolpho Bachicha <Adolpho.Bachicha@antonchicolandgrant.org>

 5 attachments (15 MB)

Anton Chico Land Grant Voter Rolls 2021.xlsx; A-L Set 2.pdf; A-L Set 1.pdf; M-Z Set 2.pdf; M-Z Set 1.pdf;

All:

Attached is the Voter Rolls workbook which includes:

- the voters list from the 2019 Election
- the list of new voters added for 2021 election
- the list of incomplete membership applications with addresses
- the updated 2021 voter list post election (includes provisional voters left off election day list) - this can serve as the base for next election. Would can add qualified voting members to this list as you approve them throughout the year.
- the 2021 voter list used on election day
- the 2021 voter list that I sent to Max to file with County Clerk prior to the election (I removed SS# and birthdays)

Each of this items liste above are a separate tab within the excel workbook. each is labeled. Please let me know if you have any questions.

Also, I have scanned all the ballots and the sign in sheets. I've attached the sign in sheets to this email as well. I will hold on to both, until I can get the originals back to you in the next couple of weeks.

Lastly, I found an additional voter that cast a ballot on election day but that we missed in the canvassing. This individual was voter #1171 on the voter sheet M-Z Set , Marcelina M Urioste, we had marked her as deceased, but she claimed it was her Aunt Marcela Urioste, who had passed. I verified her I.D. and it matched her name on the voter log. We noted that it on the voter sheet, but the clerk must have forgotten to have her sign after writing the notes about her not being deceased. Since she did not sign we missed her in the counts. Therefore, there were 429 voters on election day and 430 ballots cast. Therefore, there was only 1 extra ballot that was cast not 2 as we originally thought.

Please let me know if you have any questions. Gracias!

Generals Office and the turbine vote fell in that election. The second reason is as expressed at the meeting with BluEarth several members of the community, myself included feel we did not have enough time or information to make this kind of decision. Per the state statute above I am contesting your report in the communicator that the decision to sign the 35 year contract has been passed. I look forward to your response.

The Land Grant Council sent me everything our board has filed with them and the Council Registry. Our old bylaws, things that happened at meetings. Some very cool stuff. If you want it comment it below and i am happy to share via email.

Our community has always relied on shared information ❤️

This may be important to save for your family's

Admin · 11h ·

Following the trail of what settlers we go off does seem to continue to verify we do not go off the Salvador Tapia claim. The NM Land Grant Council also goes off the Rivera story in the archives.

Our board and several community members do feel the state is certified to make these decisions.

20210423 Response IPRA Request Tapia.pdf;

Mr. Jaramillo,

We have been getting Inspection of Public Records (IPRA) requests from Deana Tenorio, concerning any materials we have from the Anton Chico Land Grant. The initial request came as a result of your Attorney advising them, in the attached letter, that the Anton Chico Land Grant board provides certain records to the Land Grant Council. These are the Land Grant Registry records. Therefore, we provided them with all the records from the Land Grant Registry, which I believe included the 2017 bylaws that we received and the old bylaws that had been filed with the Registry back when it was still under the Secretary of State. Since that time, we have been receiving additional IPRA request from Ms. Tenorio, relating to meeting minutes of the Council and audio of any Anton Chico Land Grant Board meeting that we have from any zoom meetings. We are working on the putting together those materials. I've cc'd Jacobo Baca, on this email since he is our official records custodian, and he can correct me if I was incorrect in anything stated in this email or if he has any additional details about what we have provided via IPRA requests so far. Let me know if you have any questions. Gracias!

RE: April 10, 2021 IPRA Request Response

Dear Mr. Tapia,

We are assisting the Board of Trustees of the Anton Chico Land Grant (Board) in responding to your Inspection of Public Records request, pursuant to NMSA §14-2-1 et seq., which was emailed to the Board on April 10, 2021.

In accordance with the Inspection of Public Records Act, any responsive documents that are located will be available for your inspection on or after Monday April 26, 2021 at the residence of the Secretary at 1053 Arriba Road Santa Rosa, NM 88435 by appointment only. Please contact Stoney Jaramillo at (575) 512-6363 to make an appointment to inspect those records. Upon inspection, you may request copies of any documents you identify. The copy procedures are outlined below.

In response to request 2, the minutes of the land grant will be available for your inspection. In response to items 1, 3, 4, 5 and 8 of your requests, please be advised that the Board of Trustees only has in its possession the following responsive financial records:

- Monthly fiscal files including bank account statements, copies of checks and invoices or receipts from July 1, 2018 to present.
- Annual Reports from 2015 through Present.
- Meeting Minutes from 2010 – 2015 (the fiscal year starts July 1st and ends June 30th of each year so the minutes from those months should reflect the annual financial reports that were made in each year).

The Board does not maintain in their records any of the “lists” contained in your requests 5, 8 and 9, and does not hold any records responsive to request number 11. However, for requests 5 and 8, the financial records, which the Anton Chico Land Grant maintains as indicated above, will be available for your inspection and the Secretary can direct you to the records for the years requested. Further for request number 9, the Board utilizes the voter registration rolls to confirm who is a registered heir of the land grant, which are available for your inspection. Additionally, for request number 9, records pertaining to lots and assessments are available for your inspection. Responsive documents pertaining to your request number 6, 10 and 12 are available for your inspection.

STREEPER FIRM

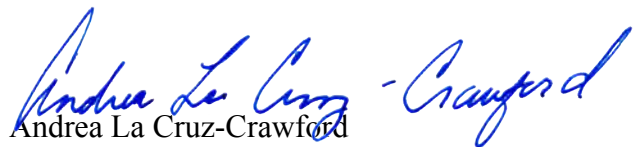

PO Box 31058
Santa Fe, NM 87594

For request number 7, there are no ongoing negotiations pertaining to this case, which occurred about the 1950's, and the records pertaining thereto are no longer maintained by the Anton Chico Land Grant. It is possible there may be records pertaining to this matter available from the district courts or at the New Mexico State Archives.

We also want to note that the Board provides certain documents to the Land Grant Council as provided in §49-1-23 for the Community Land Grant Registry but does not maintain any record of what documents were provided or when. Those records could be helpful in your search for information and should be available from the New Mexico Land Grant Council or otherwise stored at the New Mexico State Archives and records center.

Upon your inspection of records, you may identify what documents, if any, you would like copied or scanned on a copy request form on which you will tally the number of copies requested and how many are color or black and white and the size of the copies. The copy request form will be sent to a third party copy center, either Kinkos, or Technigraph (for oversized documents) in Santa Fe or some combination thereof, since the Anton Chico Land Grant does not maintain its own physical office where copies can be made. An estimate from Kinkos, Technigraph or both, as applicable, for reproduction costs will be provided to you prior to reproduction, at which time you can choose to have the Board deliver those files for reproduction or to adjust your copy request as needed. Any reproduction fees will be charged to you and must be paid in full in advance of reproduction of the requested documents. The Board will notify you via email when your copies are ready for you to pick up from the residence of the Secretary. Please feel free to contact Stoney Jaramillo should you require further information regarding this request.

Sincerely,

Andrea La Cruz-Crawford

Subject: Catch up call and Next Steps

Hi Stoney

Please could we schedule a catch up call soon? There are some important next steps to take, especially getting the discussed Resolutions in place by the Board to allow longer lease times, confirm election results, etc. Also, from the feedback we received during the Zoom calls, we were wondering what you thought about when we email you, including the entire Board for the most part, for greater transparency?

Thanks,

Jason

✓ STATE OF NEW MEXICO
COUNTY OF *San Miguel*
FOURTH JUDICIAL DISTRICT COURT

JNB

✓ ERIC SANDOVAL

Petitioner,

v.

✓ Case No. D-412-CV-2021-00081

✓ BOARD OF TRUSTEES OF THE
ANTON CHICO LAND GRANT

Respondent.

**ORDER GRANTING BOARD OF TRUSTEE'S MOTION FOR
SUMMARY JUDGMENT ON ALL CLAIMS**

THIS MATTER came before the Court pursuant to a *Motion for Summary Judgment* filed by Respondent Board of Trustees of the Anton Chico Land Grant ("Board") on May 11, 2021 in accordance with Rule 1-056 seeking judgment in favor of the Board on all claims contained in Petitioner Eric Sandoval's ("Sandoval") *Emergency Petition for Temporary Restraining Order, Preliminary Injunction and Permanent Injunction* ("Petition") filed on March 31, 2021. Sandoval did not file a response to the *Motion for Summary Judgment*. On June 2, 2021, the parties filed a *Stipulated Order on Motion to Continue* that permitted Sandoval an additional three weeks to locate legal counsel. A *Notice of Completion of Briefing and Request for Hearing* on the *Motion for Summary Judgment* were filed by the Board on June 11, 2021 and the *Motion for Summary Judgment* was heard by the Court on July 8, 2021. At that hearing, Sandoval appeared *pro se*, and the Board appeared through counsel.

Introduction

This dispute arises from the Board's March 25, 2021 decision that Sandoval would not be permitted to run as a candidate to serve on the Board in the 2021 Anton Chico Land Grant election.

Legal Standards

Summary judgment is warranted only where "the pleadings, depositions, answers to interrogatories and admissions on file, together with the affidavits, if any, show that there is no genuine issue as to any material fact and the moving party is entitled to judgment as a matter of law." NMRA 1-056(c) 1978. The movant's burden of production is to point to the uncontested or non-controverted facts on the record that "*demonstrate an absence of a genuine issue of material fact given the relevant substantive law.*" *Thomas v. Wichita Coca-Cola Bottling Co.*, 968 F.2d 1022, 1024 (10th Cir.1992) (citing *Celotex*, 477 U.S. at 322-23, 106 S.Ct. at 2552-53) See also *Anderson v. Liberty Lobby, Inc.*, 477 U.S. 242, 251, 106 S.Ct. 2505, 2511-12, 91 L.Ed.2d 202 (1986)). Therefore, "At the summary judgment stage, the court's function is not to weigh the evidence and determine the truth, but to determine whether there is a genuine issue for trial." *Anderson v. Liberty Lobby, Inc.*, 477 U.S. 242, 249, 106 S.Ct. 2505, 2510, 91 L.Ed.2d 202 (1986). New Mexico follows the "traditional" approach to summary judgment, in which the non-moving party must merely show that one or more factual issues are contested to defeat a Motion for Summary Judgment. *Bartlett v. Mirabal*, 2000-NMCA-036, 999 P.2d 1062. Sandoval did not file a response to the Board's *Motion for Summary Judgment*, therefore, the facts contained therein have been adopted by this Court.

The substantive law will identify which facts are material, and the inquiry regarding materiality is separate from the question of the incorporation of the evidentiary standard into the

summary judgment determination. “*While the materiality determination rests on the substantive law, it is the substantive law's identification of which facts are critical and which facts are irrelevant that governs.*” *Anderson v. Liberty Lobby, Inc.*, 477 U.S. 242, 248, 106 S. Ct. 2505, 2510, 91 L. Ed. 2d 202 (U.S. 1986). §49-1-7(D) NMSA 1978 provides a specific process for contesting an election of a community land grant:

Any unsuccessful candidate for election to the board of trustees ... who believes that any portion of a land grant-merced election was conducted in violation of any requirements set forth in Chapter 49, Article 1 NMSA 1978 or the land grant-merced bylaws may contest the outcome of an election; provided that the election contest is filed with the Guadalupe Hidalgo treaty division of the office of the attorney general within thirty days from the issuance of the certificate of the election by the canvassing board.

“It is the high duty and responsibility of the judicial branch of government to facilitate and promote the legislature's accomplishment of its purpose when interpreting a statute” and to look to the language of the statute in interpreting its meaning. *Nash v. Board of County Commissioners of Catron County*, 2021-NMC-005 at ¶29. The statutory language of §49-1-7(D) is specific and clear that an election contest under Chapter 49 of the New Mexico State Statutes must be brought under the Attorney General’s prosecutorial powers at § 8-5-2 NMSA 1978 et seq. In addition, §49-1-4 NMSA 1978 clearly provides that prior to filing a Declaration of Candidacy, an heir of the land grant must be “*a qualified voting member*” of the land grant and also “*not in default on any dues, rent or other payment for the use of the common lands....*”

Undisputed Facts

On February 24, 2021, the Board published notice of the deadline for meeting the requirements to file a Declaration of Candidacy for election in both English and Spanish in the Guadalupe County Communicator. Affidavit of Max Sisneros, Exhibit A at ¶ 7. Notice was also posted at numerous locations around the Anton Chico Land grant and on the Anton Chico

Land Grant website, and the Board Secretary, Max Sisneros, told Sandoval that the deadline for filing Declarations of Candidacy and to submit evidence of being a qualified voting member of the land grant was March 11, 2021. Affidavit of Max Sisneros, Exhibit A at ¶¶ 4-5. Supplemental Affidavit of Max Sisneros, Exhibit B at ¶ 3. Sandoval filed a timely Declaration of Candidacy on March 11, 2021, in which he verified in a sworn notarized statement under penalty of perjury that he was currently registered as a voting member in Land Grant elections, was registered to vote with San Miguel County and was otherwise eligible and legally qualified to hold office. Affidavit of Max Sisneros, Exhibit A at ¶ 8.

Pursuant to §49-1-4 NMSA 1978, and the declaration of candidacy provided in the by-laws, prior to filing a Declaration of Candidacy, an heir of the land grant must be “*a qualified voting member*” of the land grant and also “*not in default on any dues, rent or other payment for the use of the common lands...*”

Thereafter, on March 20, 2021, nine days after the Declaration of Candidacy was submitted and due, Sandoval submitted paperwork to register to become a voting member of the land grant for the 2021 election. Affidavit of Max Sisneros, Exhibit A at ¶ 9. Pursuant to §49-1-5(C) NMSA 1978:

“The registration of qualified voting members shall be conducted in the manner prescribed in the land grant-merced bylaws. The secretary of the board of trustees shall maintain the registration books. Registration shall be closed beginning fifteen days before an election and reopened on the Monday following the election. The board of trustees shall meet to finalize the registration books by resolution at least five days prior to the election.”

At a meeting held on March 25, 2021, which was overseen by the New Mexico Land Grant Council, the Board of Trustees met to update the registration rolls for the 2021 election. Affidavit of Max Sisneros at ¶10. Supplemental Affidavit of Max Sisneros, Exhibit B at ¶ 4. At

the March 25, 2021 meeting, the Board permitted Sandoval more than two hours to provide evidence and testimony as to why: 1) he should be allowed to vote and 2) become a candidate in the Anton Chico Land Grant's 2021 election. Affidavit of Max Sisneros, ¶¶10-13. Sandoval thereby availed himself of a full hearing after receipt of notice of the requirements for filing a Declaration of Candidacy. *Id.*

After allowing Sandoval to present his case at the March 25th meeting, the Board first voted on whether Sandoval should be allowed to become a registered voting member of the land grant. Affidavit of Max Sisneros at ¶15. After accepting evidence brought forward by Secretary Max Sisneros in favor of Sandoval's application, the Board approved Sandoval's membership in the land grant merced and right to vote in land grant elections, effective the date of his March 20, 2021 application, with only Treasurer Gerald Maestas voting against the proposal. Affidavit of Max Sisneros at ¶¶14-15.

Second, at the March 25, 2021 meeting a unanimous determination was made by the Board, that Sandoval should not be permitted to run in the Anton Chico Land Grant election, because he failed to timely register to vote in land grant elections prior to filing his Declaration of Candidacy, which falsely asserted that he was fully registered to vote in land grant elections, and also because he volunteered the fact at that meeting, that he had been helping his father pull rock product from the land grant without a valid rock permit. Therefore, the Board determined Sandoval was non-complaint with the requirements of §49-1-4 NMSA 1978. Affidavit of Max Sisneros at ¶14.

On March 31, 2021, Sandoval filed his *Emergency Petition for Temporary Restraining Order, Preliminary Injunction and Permanent Injunction* ("Petition"). The Petition sought a temporary restraining order, preliminary injunction and permanent injunction prohibiting the

Board of Trustees from proceeding with the 2021 election of the Board and asserted a federal constitutional due process claim. On April 2, 2021, the Board of Trustees filed an *Answer* to the Petition.

On April 5, 2021, the election of the Board of Trustees of the Anton Chico Land Grant occurred. Affidavit of Max Sisneros at ¶ 17. On April 9, 2021, the Board did the canvassing for the election and the results of the election were finalized. Supplemental Affidavit of Max Sisneros, Exhibit B at ¶ 5.

THIS COURT FINDS, ORDERS, AND DECREES AS FOLLOWS:

1. This Court has jurisdiction over the parties and the subject matter of this action.
2. The attorney general has authority as a matter of law to enforce the provisions of Section 49 of the New Mexico State Statutes under §49-1-7(D) NMSA 1978 in the district court. There is no independent right of an individual to file suit directly with the district court to contest the election of a land grant organized under Section 49 of the New Mexico State Statutes in the absence of complying with that statutory process.
3. Sandoval failed to file a response or rebut the facts outlined in the *Motion for Summary Judgment*.
4. The facts raised in the Board's *Motion for Summary Judgment* are sufficient to establish as a matter of law that Sandoval was not qualified to become a candidate in the 2021 election, that the Board complied with all applicable due process requirements and there is no right to injunctive relief.

WHEREFORE,

- A. Judgment is hereby entered in favor of the Board and against Sandoval, on all claims contained in Sandoval's *Petition*, which are hereby dismissed WITH PREJUDICE.

B. Sandoval shall have thirty (30) days from entry of this order to file a motion for reconsideration with the Court.

C. The Board is entitled to collect from Sandoval its court costs in the amount of \$33.00 plus \$1,789.22 in attorney fees pursuant to paragraph 26 of the Anton Chico Land Grant By-laws, for a **Total Award of \$1,822.22.**

IT IS SO ORDERED.

Hon. Abigail Aragon
District Court Judge

FY 2024-2028 ICIP Completion Certification Form

Official Entity Name

ICIP Entity Code

This certifies that the official has completed and entered the information required for the FY 2024-2028 Infrastructure Capital Improvement Plan (ICIP), to include the following for each project (please check mark each item completed):

1. Entity Information

- ☐ ICIP Officer, Procurement Officer, Financial Officer: name, telephone, email
- ☐ COG District number
- ☐ Address Information
- ☐ Entity type
- ☐ Compliant with Executive Order 2013-006
- ☐ Comprehensive plan and other planning documents

2. Capital Project Detail

- ☐ Priority
- ☐ Year/Rank
- ☐ Project Title
- ☐ Project Contact Information
- ☐ Total Project Cost

County, Municipality/Tribal Government/Special District of

COUNTY OF _____

Resolution No. _____

A RESOLUTION ADOPTING THE FY 2024-2028 INFRASTRUCTURE CAPITAL IMPROVEMENT PLAN (ICIP)

WHEREAS, the _____ of _____ recognizes that the financing of public capital projects has become a major concern in New Mexico and nationally; and

WHEREAS, in times of scarce resources, it is necessary to find new financing mechanisms and maximize the use of existing resources; and

WHEREAS, systematic capital improvements planning is an effective tool for communities to define their development needs, establish priorities and pursue concrete actions and strategies to achieve necessary project development; and

WHEREAS, this process contributes to local and regional efforts in project identification and selection in short and long range capital planning efforts.

NOW, THEREFORE, BE IT RESOLVED BY THE _____ that:

1. The county/municipality/tribal government/special district has adopted the attached FY 2024-2028 Infrastructure Capital Improvement Plan, and
2. It is intended that the Plan be a working document and is the first of many steps toward improving rational, long-range capital planning and budgeting for New Mexico's infrastructure.
3. This Resolution supersedes Resolution No. _____.

PASSED, APPROVED and ADOPTED by the governing body at its meeting of _____, 2022

Stoney Jaramillo, President

Infrastructure Capital Improvement Plan FY2024-2028

ICIP Capital Project Description

Year/Rank 2024 001 **Priority:** High **ID:**29393

Project Title: Anton Chico School Building Improvements **Class:** Renovate/Repair **Type/Subtype:** Facilities - Other

Contact Name: Stoney Jaramillo **Contact Phone:** (575) 512-6363 **Contact E-mail:** stoney.jaramillo@antonchicolandgrant.org

Total project cost: 897,000 **Proposed project start date:** Fall 2022

Project Location: Old Anton Chico School Anton Chico NM 87711 **Latitude:** 25.198347 **Longitude:** -105.140491

Legislative Language: to plan, design, construct, demolish, renovate, repair, furnish, secure, and equip the Anton Chico economic development building for the Anton Chico Land Grant in Anton Chico in Guadalupe county

Scope of Work: To design, construct, demolish and implement a plan for the beneficial use of the Anton Chico Economic Development buildings which will include making needed building renovations, demolition of buildings or sections of building too outdated and/or costly to repair, and furniture and equipment purchases. Additional improvements will include needed upgrades to water infrastructure, roofing, stucco, security, and other general building improvements and furniture and equipment purchases. A heating and cooling study was done in order to assess the most cost efficient way to heat and cool the building. A new boiler was purchased and installed, but needs to be repaired, upgraded or replaced to allow for heating and cooling zones, which will allow for more efficient heating and cooling. The gym has been painted and a new office was created for the Economic Development Manager. The building still needs to be secured by providing new windows, doors and locks. The roof continues to leak and needs to be repaired or replaced and the building needs to be re stuccoed.

Secured and Potential Funding Budget:						
State Grant Funding should only be requested when all other funding sources have been exhausted if entity is providing matching funds, i.e. Federal, Local Taxes, Fees, NM Finance Authority Loans (NMFA), Tribal Infrastructure Fund (TIF), Water Trust Board (WTB), Public School Facility Authority (PSFA), Colonia's Infrastructure Board (CIB), etc.						
Please complete table below with all secured and potential funding sources.						
Funding Source(s)	Funding Amount	Applied For? Yes or No	Amount Secured	Amt Expended to Date	Date(s) Received	Comment

Amount Not Yet Funded		850,000						

PHASING BUDGET

Can this project be phased? Yes

Phasing: Stand Alone: No Multi-Phased: Yes

A project single phase approach is used for projects that can be completed with one process because it is manageable, affordable, and will not require any foreseeable additional resources or activities to be fully operational when complete.

A project multi-phased approach is used for breaking down very large projects into manageable standalone parts that are independently functional and easier to fund.

If the multi-phase approach is being used it is required to provide accurate dates, costs, and funding sources for prior phases, and be able to provide reasonable projections of dates, costs, and funding sources for future phases. In addition, each multi-phase has three main levels: Planning, Design, and Construction. Each level can be funded individually, however strong emphasis is put on completing all three levels.

Phase	Amount	Plan	Design	Construct	Furnish/Equip/Vehicles	Other (Wtr Rights, Easements, Acq)	# Mos to Complete
1	375,000	Yes	Yes	Yes	No	No	12
2	250,000	No	No	Yes	No	No	12

Infrastructure Capital Improvement Plan FY2024-2028

3	225,000	No	No	Yes	Yes	No	12
4	0	No	No	No	No	No	0
5	0	No	No	No	No	No	0
TOTAL	850,000						

Has your local government/agency budgeted for operating expenses for the project when it is completed?							Yes
If no, please explain why:							
ANNUAL OPERATING BUDGET	YEAR 1	YEAR 2	YEAR 3	YEAR 4	YEAR 5	TOTAL	
Annual Operating Expenses plus Debt Service	1,500	1,500	1,500	1,500	1,500	7,500	
Annual Operating Revenues	0	2,500	2,700	3,000	3,200	11,400	

Does the project lower operating costs?

Yes

If yes, please explain and provide estimates of operating savings

Will include design aspects to the extent possible that will reduce energy costs such as solar panels and insulation.

Entities who will assume the following responsibilities for this project:

	Fiscal Agent:	Own:	Operate:	Own Land:	Own Asset:	Maintain:
	Anton Chico Land Grant	Anton Chico Land Grant	Anton Chico Land Grant	Anton Chico Land Grant	Anton Chico Land Grant	Anton Chico Land Grant
Lease/operating agreement in place?	No	No		No	No	No

More detailed information on project.

(a) How many years is the requested project expected to be in use before needing Renovate/Repair or Replacement? 16 years or more

(b) Has the project had public input and buy-in? Yes

(c) Is the project necessary to address population or client growth and if so, will it provide services to that population or clientele? Yes

(d) Regionalism - Does the project directly benefit an entity other than itself? Yes

If yes, please list the other entity. Yes the project when complete will serve as an economic development hub for the region.

(e) Are there oversight mechanisms built in that would ensure timely construction and completion of the project on budget? Yes

Please explain. Board of Trustees would oversee development and implementation of the planning and construction phases.

Infrastructure Capital Improvement Plan FY2024-2028

(f) Other than the temporary construction jobs associated with the project, does the project maintain or advance the region's economy?

Yes

If yes, please explain. The Anton Chico Economic Development building will serve as business incubator for the region, which will include a food processing center, a call center and office space.

(g) Does the project benefit all citizens within a recognized region, district or political subdivision?

Yes

If yes, please explain and provide the number of people that will benefit from the project.

Population that will be served by the facility will include, Anton Chico, Upper Anton Chico, Tecolotito, La Loma, Colonias.

(h) Does the project eliminate a risk or hazard to public health and/or safety that immediately endangers occupants of the premises such that corrective action is urgent and unavoidable? Emergencies must be documented by a Subject Matter Expert.

No

If yes, please explain. (If mandatory, provide Summary Page of the Federal, State or Judiciary Agency who issued the mandate.)

Project Title: Rodeo Ground Events Building **Class:** New **Type/Subtype:** Facilities - Convention Facilities

Contact Name: Stoney Jaramillo **Contact Phone:** (575) 512-6363 **Contact E-mail:** stoney.jaramillo@antonchicolandgrant.org

Total project cost: 500,000 **Proposed project start date:** Spring 2023

Project Location: Rodeo Grounds La Loma NM 87711 **Latitude:** 35.195226 **Longitude:** -105.120246

Legislative Language: Plan, design, purchase construct, furnish, and equip event facility at Anton Chico Land Grant Rodeo Grounds in La Loma in Guadalupe County

Scope of Work: Purchase and construct large metal building for rodeos and community events.

Secured and Potential Funding Budget:

State Grant Funding should only be requested when all other funding sources have been exhausted if entity is providing matching funds, i.e. Federal, Local Taxes, Fees, NM Finance Authority Loans (NMFA), Tribal Infrastructure Fund (TIF), Water Trust Board (WTB), Public School Facility Authority (PSFA), Colonia's Infrastructure Board (CIB), etc.

Please complete table below with all secured and potential funding sources.

PHASING BUDGET

Can this project be phased? No

Phasing: Stand Alone: No Multi-Phased: Yes

A project single phase approach is used for projects that can be completed with one process because it is manageable, affordable, and will not require any foreseeable additional resources or activities to be fully operational when complete.

A project multi-phased approach is used for breaking down very large projects into manageable standalone parts that are independently functional and easier to fund.

If the multi-phase approach is being used it is required to provide accurate dates, costs, and funding sources for prior phases, and be able to provide reasonable projections of dates, costs, and funding sources for future phases. In addition, each multi-phase has three main levels: Planning, Design, and Construction. Each level can be funded individually, however strong emphasis is put on completing all three levels.

Phase	Amount	Plan	Design	Construct	Furnish/Equip/Vehicles	Other (Wtr Rights, Easements, Acq)	# Mos to Complete
1	30,000	No	Yes	No	No	No	0
2	100,000	No	No	Yes	No	No	0
3	370,000	No	No	Yes	Yes	No	0
4	0	No	No	No	No	No	0
5	0	No	No	No	No	No	0
TOTAL	500,000						

Infrastructure Capital Improvement Plan FY2024-2028

Has your local government/agency budgeted for operating expenses for the project when it is completed?						Yes
If no, please explain why:						
ANNUAL OPERATING BUDGET	YEAR 1	YEAR 2	YEAR 3	YEAR 4	YEAR 5	TOTAL
Annual Operating Expenses plus Debt Service	2,000	2,200	2,400	2,600	2,800	12,000
Annual Operating Revenues	3,500	3,700	3,800	3,900	4,000	18,900

Does the project lower operating costs?

No

If yes, please explain and provide estimates of operating savings

Entities who will assume the following responsibilities for this project:

	Fiscal Agent:	Own:	Operate:	Own Land:	Own Asset:	Maintain:
	Anton Chico Land Grant	Anton Chico Land Grant	Anton Chico Land Grant	Anton Chico Land Grant	Anton Chico Land Grant	Anton Chico Land Grant
Lease/operating agreement in place?	No	No		No	No	No

More detailed information on project.

(a) How many years is the requested project expected to be in use before needing Renovate/Repair or Replacement? 16 years or more

(b) Has the project had public input and buy-in? Yes

(c) Is the project necessary to address population or client growth and if so, will it provide services to that population or clientele? No

(d) Regionalism - Does the project directly benefit an entity other than itself? Yes

If yes, please list the other entity. Facility can be utilized by general public and for rodeo clubs.

(e) Are there oversight mechanisms built in that would ensure timely construction and completion of the project on budget? Yes

Please explain. Board of trustees will oversee the implementation of the project

(f) Other than the temporary construction jobs associated with the project, does the project maintain or advance the region's economy? No

If yes, please explain.

(g) Does the project benefit all citizens within a recognized region, district or political subdivision? Yes

If yes, please explain and provide the number of people that will benefit from the project. will be used by general public including 400+ residents in local region.

(h) Does the project eliminate a risk or hazard to public health and/or safety that immediately endangers occupants of the premises such that corrective action is urgent and No

unavoidable? Emergencies must be documented by a Subject Matter Expert.

If yes, please explain. (If mandatory, provide Summary Page of the Federal, State or Judiciary Agency who issued the mandate.)

Infrastructure Capital Improvement Plan FY2024-2028

ICIP Capital Project Description

Year/Rank 2024 005 **Priority:** High **ID:**29398

Project Title: Livestock Water Wells **Class:** New **Type/Subtype:** Water - Water Supply

Contact Name: Stoney Jaramillo **Contact Phone:** (575) 512-6363 **Contact E-mail:** stoney.jaramillo@antonchicolandgrant.org

Total project cost: 110,000 **Proposed project start date:** Fall 2022

Project Location: Anton Chico Land Grant Anton Chico NM 87711 **Latitude:** 35.225 **Longitude:** -105.113

Legislative Language: To plan, design and construct water well systems for livestock for the Anton Chico Land Grant in Guadalupe & San Miguel Counties.

Scope of Work: Complete Environmental Studies, Design and Construct a system of water wells and stock tanks for providing water for livestock. The exact number of wells to drilled and stock tanks to be constructed will be determined as part of the planning phase. The goal of this project is to provide five water wells throughout the 104,000 acres in order to provide water for cattle. Many people in the area depend on income secured from selling cattle. In drought years the rain ponds are low or empty and the cattle require a water source.

Secured and Potential Funding Budget:

State Grant Funding should only be requested when all other funding sources have been exhausted if entity is providing matching funds, i.e. Federal, Local Taxes, Fees, NM Finance Authority Loans (NMFA), Tribal Infrastructure Fund (TIF), Water Trust Board (WTB), Public School Facility Authority (PSFA), Colonia's Infrastructure Board (CIB), etc.

PHASING BUDGET

Can this project be phased? No

Phasing: Stand Alone: No Multi-Phased: No

A project single phase approach is used for projects that can be completed with one process because it is manageable, affordable, and will not require any foreseeable additional resources or activities to be fully operational when complete.

A project multi-phased approach is used for breaking down very large projects into manageable standalone parts that are independently functional and easier to fund.

If the multi-phase approach is being used it is required to provide accurate dates, costs, and funding sources for prior phases, and be able to provide reasonable projections of dates, costs, and funding sources for future phases. In addition, each multi-phase has three main levels: Planning, Design, and Construction. Each level can be funded individually, however strong emphasis is put on completing all three levels.

Phase	Amount	Plan	Design	Construct	Furnish/Equip/Vehicles	Other (Wtr Rights, Easements, Acq)	# Mos to Complete
1	0	No	No	No	No	No	0
2	0	No	No	No	No	No	0
3	0	No	No	No	No	No	0
4	0	No	No	No	No	No	0
5	0	No	No	No	No	No	0
TOTAL	0						

Infrastructure Capital Improvement Plan FY2024-2028

Has your local government/agency budgeted for operating expenses for the project when it is completed?						Yes
If no, please explain why:						
ANNUAL OPERATING BUDGET	YEAR 1	YEAR 2	YEAR 3	YEAR 4	YEAR 5	TOTAL
Annual Operating Expenses plus Debt Service	100	110	120	140	150	620
Annual Operating Revenues	0	0	0	0	0	0

Does the project lower operating costs?

No

If yes, please explain and provide estimates of operating savings

Entities who will assume the following responsibilities for this project:

	Fiscal Agent:	Own:	Operate:	Own Land:	Own Asset:	Maintain:
	Anton Chico Land Grant	Anton Chico Land Grant	Anton Chico Land Grant	Anton Chico Land Grant	Anton Chico Land Grant	Anton Chico Land Grant
Lease/operating agreement in place?	No	No		No	No	No

More detailed information on project.

(a) How many years is the requested project expected to be in use before needing Renovate/Repair or Replacement? 16 years or more

(b) Has the project had public input and buy-in? Yes

(c) Is the project necessary to address population or client growth and if so, will it provide services to that population or clientele? Yes

(d) Regionalism - Does the project directly benefit an entity other than itself? No

If yes, please list the other entity.

(e) Are there oversight mechanisms built in that would ensure timely construction and completion of the project on budget? Yes

Please explain. The Anton Chico Land Grant Board of Trustee would over see the project, the lead would be the Secretary of the Board of Trustee Max Sisneros.

(f) Other than the temporary construction jobs associated with the project, does the project maintain or advance the region's economy? No

If yes, please explain.

(g) Does the project benefit all citizens within a recognized region, district or political subdivision? Yes

If yes, please explain and provide the number of people that will benefit from the project.

The park is open to the public and mainly serves the community of Colonias.

(h) Does the project eliminate a risk or hazard to public health and/or safety that immediately endangers occupants of the premises such that corrective action is urgent and No

Infrastructure Capital Improvement Plan FY2024-2028

unavoidable? Emergencies must be documented by a Subject Matter Expert.

If yes, please explain. (If mandatory, provide Summary Page of the Federal, State or Judiciary Agency who issued the mandate.)

Infrastructure Capital Improvement Plan FY2024-2028

ICIP Capital Project Description

Year/Rank 2025 003 **Priority:** High **ID:**33522

Project Title: Land Survey Land Grant Common Land **Class:** New **Type/Subtype:** Other - Other

Contact Name: Stoney Jaramillo **Contact Phone:** (575) 512-6363 **Contact E-mail:** stoney.jaramillo@antonchicolandgrant.orgz

Total project cost: 100,000 **Proposed project start date:** Spring 2023

Project Location: Anton Chico New Mexico Anton Chico NM 87711 **Latitude:** 35.200050 **Longitude:** -105.142220

Legislative Language: to survey common lands of the Anton Chico Land Grant in Guadalupe and San Miguel counties

Scope of Work: Land survey including identification of grazing leases and residential lots, including but not limited to an exterior boundary survey.

Secured and Potential Funding Budget:

State Grant Funding should only be requested when all other funding sources have been exhausted if entity is providing matching funds, i.e. Federal, Local Taxes, Fees, NM Finance Authority Loans (NMFA), Tribal Infrastructure Fund (TIF), Water Trust Board (WTB), Public School Facility Authority (PSFA), Colonia's Infrastructure Board (CIB), etc.

Please complete table below with all secured and potential funding sources.

Funding Source(s)	Funding Amount	Applied For? Yes or No	Amount Secured	Amt Expended to Date	Date(s) Received	Comment

TOTAL	100,000						

Infrastructure Capital Improvement Plan FY2024-2028

Has your local government/agency budgeted for operating expenses for the project when it is completed?						No
If no, please explain why:						It doesn't require any maintenance/operating costs
ANNUAL OPERATING BUDGET	YEAR 1	YEAR 2	YEAR 3	YEAR 4	YEAR 5	TOTAL
Annual Operating Expenses plus Debt Service	0	0	0	0	0	0
Annual Operating Revenues	0	0	0	0	0	0

Does the project lower operating costs?

Yes

If yes, please explain and provide estimates of operating savings

Land Grant is now paying approx \$8,000 per year in property taxes. After survey, residential lots will pay their own property taxes which will result in operating savings for Land Grant.

Entities who will assume the following responsibilities for this project:

	Fiscal Agent:	Own:	Operate:	Own Land:	Own Asset:	Maintain:
	Anton Chico Land Grant	Anton Chico Land Grant	Anton Chico Land Grant	Anton Chico Land Grant	Anton Chico Land Grant	Anton Chico Land Grant
Lease/operating agreement in place?	No	No		No	No	No

More detailed information on project.

(a) How many years is the requested project expected to be in use before needing Renovate/Repair or Replacement? 16 years or more

Villagra Building
Santa Fe, NM 87501

Sent via registered mail.

Under the New Mexico Inspection of Public Records Act, 14-2-1 NMSA 1978 et seq.,

1. I am requesting an opportunity inspect public records for the following properties belonging to Lorenzo Mata on the Anton Chico Land Grant? Copies of title deeds with dates. Location coordinates, maps, meeting minutes discussing all these properties. And any other information in your possession regarding the properties attached.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$20.00. However, I

would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the Anton Chico Land Grant.

I am still interested in negotiating a price for the fenceline you state is over. My offer is \$1000 for the extra space. Also can negotiate one of my boys lots for the extra space. Still haven't heard anything about these offer from you? Can you explain why?

The New Mexico Inspection of Public Records Act requires a response time of no less than three business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for considering my request.

Sincerely,

Robert Sierra

Subject: FOIA REQUESTS

Cc: Raul Torrez
New Mexico Attorney General
408 Galisteo Street
Villagra Building
Santa Fe, NM 87501

Under the New Mexico Inspection of Public Records Act, 14-2-1 NMSA 1978 et seq.,

1. I am requesting an opportunity to inspect or obtain copies of public records that Qualify Gerald Maestas to run for the Anton Chico Land Grant board? Under the Preston/Beck map, Gerald does not qualify as an heir to the Anton Chico Land Grant. A copy of his genealogy that ties him to Anton Chico Land Grant is demanded. If non is available, Gerald must resign immediately. His election was during the whole genealogy fiasco.
2. A list of properties under Gerald Maestas, wife Renee and children's Robert, Amadeo on the Anton Chico Land Grant. I have seen these properties myself. And know Gerald and his boys Robert and Amadeo

Maestas have over 180 head of cattle on the Anton Chico Land Grant which I will present as evidence to the Attorney General.

Stating Gerald not his boys have no property on the Anton Chico Land Grant is totally dishonest. I have photos, maps and video of his cattle and cattle brands, as well as his boys.

3. Please include the genealogy report for Myria Trini and her mother who just recently received property deeds according to the minutes of the meeting discussing deeds.

4. Map of the Max Sisneros subdivision in Colonias. I have seen it, so I know it exists with all the sisneros family lots. As well as other maps I have requested. I have seen these maps in Colonias as well. Max don't be so dishonest to say they don't exist.

5. Looking for the property deed, paperwork, permissions to fence for the following property that was recently fenced in by Stoney and Jody Jaramillo? Photos of property in question sent in prior email to Stoney.

6. Property information for the Sisneros Cattle business in Colonias. Property location, property lease, property deed, and information with regards to this property Max Sisneros and Allan Sisneros have cattle on.

THIS IS SOME OF THIS YEARS SISNEROS
herd!!! I will be if interested

 **Share**

7. UBS bank statements for the past ten years.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$20.00. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the Anton Chico Land Grant.

I am still interested in negotiating a price for the fenceline you state is over. My offer is \$1000 for the extra space. Also can negotiate one of my boys lots for the extra space. Still haven't heard anything about these offer from you? Can you explain why?

The New Mexico Inspection of Public Records Act requires a response time of no less than three business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for considering my request.

Sincerely,

Fwd: FOIA Request

Proyecto Eólico Propuesto
Paquete de Información

Power to Change THE FUTURE™

Acerca del Proyecto Eólico Propuesto

Proponemos estudiar las áreas de las Mesas de Palo Amarillo y Colonias para determinar la viabilidad de un proyecto eólico en la Merced de Antón Chico. Si es viable, el plan incluiría la construcción y operación de dos sitios eólicos potenciales, con una capacidad nominal de hasta 400mW cada uno. Este paquete de información está destinado a proporcionar una descripción general del proyecto propuesto e informar a la comunidad sobre los beneficios de un proyecto eólico.

¿Qué se ha hecho?

A principios de 2019, BluEarth comenzó a buscar tierras en Nuevo México que parecían favorables para un proyecto eólico basado en recursos, capacidad de transmisión y tierra. Se identificó que la Merced de Antón Chico cumplía con los criterios de BluEarth.

En abril de 2019, BluEarth tuvo una reunión introductoria con Stoney Jamarillo y Rafael Jamarillo, donde BluEarth discutió la propuesta de un proyecto eólico y arrendamiento con la opción de compra. En julio de 2019, BluEarth se reunió con la junta de síndicos y, con permiso, visitó a la Merced de Antón Chico para revisar la idoneidad de la tierra. En septiembre, BluEarth compartió un acuerdo del arrendamiento con la opción de compra, que fue revisada por la Natural Resources and Environmental Law Clinic de la Facultad de Derecho de la Universidad de Nuevo México, con la asistencia del New Mexico Land Grant Council. BluEarth regresó a Antón Chico en noviembre de 2019 y recibió una visita guiada de la Merced de Antón Chico por Rafael y Gerald Maestas.

En febrero de 2020, BluEarth regresó a Nuevo México con nuestro presidente y director ejecutivo, Grant Arnold, para reunirnos con representantes de la Merced de Antón Chico. Desde marzo de 2020, debido a COVID, todas las reuniones con representantes de la Merced de Antón Chico relacionadas con el proyecto se han organizado por teléfono o videollamada. En el 30 de octubre de 2020, BluEarth participó en una reunión informativa comunitaria a través de Zoom, para dar una presentación sobre el proyecto eólico propuesto y responder preguntas de los herederos de la Merced de Antón Chico.

¿Qué pasa después?

Trabajaremos en consulta cercana con la comunidad local para responder a cualquier pregunta que pueda tener sobre el proyecto. Para BluEarth, consultar con la comunidad es una actividad continua y continuaremos trabajando con la comunidad local a lo largo de la vida del proyecto.

Acuerdo de Arrendamiento con Opción de Compra (1-2 meses después de la elección de la junta de fideicomisarios de la Merced de Antón Chico)

Como próximo paso en la propuesta de este proyecto, nuestro objetivo es firmar un contrato de arrendamiento y opción de compra con ACLG para permitir que BluEarth desarrolle el proyecto en la Merced de Antón Chico.

Proceso del Estado de Nuevo México (4-6 meses)

- El contrato de arrendamiento será revisado por la Junta de Finanzas del Estado de Nuevo México para garantizar la protección fiscal de la Merced de Antón Chico y los herederos.
- Se otorgará una orden del Tribunal del Cuarto Distrito Judicial de Nuevo México, afirmando la resolución de la Junta de fideicomisarios.

Período de Opción (hasta 10 años)

Si la Merced de Antón Chico decide celebrar el acuerdo, BluEarth tendría la capacidad de arrendar el terreno y construir una instalación eólica. Durante el período de opción, evaluaremos muchos factores que son necesarios para un proyecto exitoso, incluyendo:

- Medir el recurso eólico en el sitio con una torre meteorológica (torre de prueba de viento)
- Conducir encuestas relacionadas con la vida silvestre y la vegetación
- Solicitar la interconexión a la red de transmisión eléctrica
- Solicitar permisos para construir y operar el proyecto
- Ingeniería y diseño del proyecto
- Asegurar un contrato para la venta de energía generada por el proyecto

Período de Arrendamiento - Construcción (2 años por proyecto)

Si el proyecto se considera viable, durante el período de arrendamiento construiremos las instalaciones del proyecto, que incluyen caminos de acceso, cables colectores eléctricos subterráneos, turbinas eólicas, una subestación eléctrica y una línea de transmisión aérea para conectar la instalación a la red de transmisión de Nuevo México.

Período de Arrendamiento - Operaciones (35 años con opción de renovación)

Una vez concluido el proyecto, BluEarth será propietario y operará el proyecto eólico durante los 35 años de vida útil. Esto incluye:

- Encargar los componentes del proyecto
- Pagar regalías a los propietarios de tierras de la Merced de Antón Chico
- Desmantelar los componentes del proyecto al final de la vida útil
- Recuperar el sitio, incluyendo el contorno de la tierra y la resiembra

Ubicación e infraestructura del proyecto

El proyecto se propone en las áreas Palo Amarillo y Colonias Mesas de la Merced de Antón Chico, las cuales serían arrendadas por los 35 años de vida del proyecto eólico.

Una vez construido, cada sitio del proyecto incluiría una subestación, un sistema de colectores eléctricos y caminos, y una línea de transmisión de 34.5 kilovoltios (kV) hasta el punto de interconexión. El punto de interconexión estaría dentro de la Merced de Antón Chico, contiguo a la línea de transmisión de 34.5kV existente que cruza la Merced de Antón Chico. La construcción del proyecto también incluiría mejoras viales, construcción de caminos e investigaciones geotécnicas, y sería seguida por la construcción de los cimientos, los sistemas de recolección eléctrica y la instalación de generadores de turbinas eólicas.

Adjunto encontrará un mapa que muestra la ubicación de los proyectos propuestos en la Merced de Antón Chico.

Beneficios para la comunidad

Estamos comprometidos al fortalecimiento de la economía local donde vivimos, trabajamos y operamos, invirtiendo y retribuyendo a la comunidad local durante las próximas décadas. El proyecto eólico propuesto traerá varios beneficios directos e indirectos a la comunidad.

Empleo local.

Durante la construcción, cada sitio del proyecto proporcionaría trabajo para más de 300 personas (en su punto más alto) durante dos años, incluyendo la agrimensura, la construcción de caminos, la instalación de redes eléctricas y redes de comunicación, la excavación, el suministro e instalación de concreto y agregados, la construcción de conexiones eléctricas, infraestructura asociada y transporte de materiales. Durante las operaciones, cada sitio del proyecto proporcionaría hasta 10 puestos de mantenimiento y operaciones locales a tiempo completo.

Ingresos fiscales a largo plazo.

A lo largo de los 35 años de la vida útil del proyecto, este proporcionaría contribuciones continuas a los impuestos locales sin requerir servicios municipales como servicios de agua y aguas residuales.

Energía limpia y renovable.

El proyecto generaría energía suficiente para proporcionar electricidad limpia, sostenible y sin emisiones para hasta 300,000 hogares al año, en base a dos sitios del proyecto con una capacidad nominal de 400 MW cada uno.

Beneficios económicos locales.

Se pagarían regalías a la Merced de Antón Chico cada año durante los 35 años de vida del proyecto. Un sitio de proyecto con una capacidad nominal de 400 MW proporcionaría más de \$1,000,00 en regalías a la Merced de Antón Chico cada año. Además, el proyecto proporcionaría ingresos por impuestos a la propiedad, puestos de mantenimiento y operaciones a tiempo completo, además del abastecimiento local de servicios del sitio de construcción, suministros, componentes y contratistas.

¿Cómo es tener una turbina eólica en su tierra?

Que Bueno que es tener una idea de una buena cantidad de ingresos que vas a tener disponible en los próximos 20 a 25 años. Puedes hacer algunos planes y guardar un poco de dinero. No siempre estás seguro de muchas cosas.

Gary Sproule, propietario
(Fuente: CanWEA, 2014)

Estamos comprometidos a informar a los herederos de la Merced de Antón Chico sobre todos los aspectos de los proyectos eólicos propuestos. Creemos que la confianza es la base para relaciones exitosas a largo plazo, y sabemos que la confianza solo se gana con el tiempo, trabajando juntos con comunicaciones honestas y transparentes.

Para garantizar la seguridad de la comunidad mientras la pandemia de COVID-19 continúa desarrollándose, no podemos hacer una presentación a la comunidad en persona para los proyectos eólicos propuestos. Sin embargo, sus preguntas y comentarios sobre estos proyectos son un componente importante de nuestro proceso de desarrollo.

Por Favor, venga a nuestras próximas reuniones virtuales de información pública:

Viernes 19 de marzo de 9 a.m. a 11 a.m. (MT)

También se puede encontrar detalles adicionales de llamadas por teléfono o computadora en www.antonchicolandgrant.org/meetings

El proyecto eólico propuesto se votará en la próxima elección de la Junta de fideicomisarios de la Merced de Antón Chico.

Si tiene alguna pregunta sobre los proyectos eólicos propuestos antes de esta elección, lo alentamos a que se conecte con nosotros en una de las sesiones de información virtual (enumeradas arriba) o comuníquese con nuestro equipo de proyecto por teléfono (1-844-214-2578) o por correo electrónico (projects@bluearth.ca).

Para obtener más información sobre BlueEarth y lo que las comunidades y los socios indígenas piensan sobre trabajar con nosotros, visite nuestro canal de YouTube.

Construyendo una Instalación Eólica

Obras Civiles. Se prepara el terreno y se inicia la construcción de caminos y las áreas de depósito.

Cimientos de Turbinas. Los cimientos de las turbinas eólicas se construyen con concreto (hormigón) y acero.

Entrega de Equipos. Los componentes de la turbina, incluyendo la torre, las paletas (aspas?) de viento y la góndola, se entregan en el sitio.

Montaje de la Turbina Eólica. Las turbinas se ensamblan e instalan usando grúas.

Componentes Eléctricos. Termina la construcción del sistema del colector eléctrico, subestación y punto de interconexión.

Limpieza y Finalización. Se limpia el sitio de construcción y la instalación comienza a generar energía.

Ubicación del proyecto

Proyecto eólico propuesto

Preguntas Frecuentes

Proyecto Eólico Propuesto

¿Cómo beneficiará este proyecto a la comunidad local?

BluEarth ha reunido con la junta de fideicomisarios para discutir una serie de beneficios comunitarios directos e indirectos del proyecto eólico propuesto. Principalmente, la Merced de Antón Chico obtendrá ingresos anuales de una parte de la venta de electricidad del proyecto. Esto comenzaría antes de que se construya el proyecto, mientras se están realizando los estudios sobre el terreno para determinar los recursos eólicos y las limitaciones ambientales, momento en el que BluEarth pagará aproximadamente \$100,000 por año. Si BluEarth puede construir y contratar ambos sitios del proyecto propuesto a 400 MW cada uno, esto podría resultar en ingresos anuales para la Merced de Antón Chico de aproximadamente \$1.2-1.5 millones / año durante la vida del proyecto, que se estima en 35 años. Además, BluEarth proporcionará beneficios para la comunidad en forma de becas, soporte 4H y alquiler de oficinas de al menos \$10,000 al año.

¿Estaremos perdiendo tierras por este proyecto?

La comunidad no perderá ningún terreno por este proyecto. Una pequeña porción sería arrendada a BluEarth para instalar turbinas eólicas, y cada turbina y su camino de acceso tomarían alrededor de 1 acre o menos. Con aproximadamente 40 ubicaciones de turbinas en cada uno de los sitios eólicos propuestos, eso significaría aproximadamente 80 acres arrendados por aproximadamente 35 años.

¿Cómo afectará el proyecto al pastoreo y la ganadería?

Las turbinas eólicas ocupan una pequeña fracción de la tierra en la que están ubicadas, por lo que funcionan en armonía con los usos de la tierra existentes y establecidos. Muchas de las actividades que ocurrieron en la tierra antes de que se construyera una instalación eólica pueden continuar sin ser molestadas después de que se termina la construcción. Por ejemplo, los cultivos se pueden plantar hasta la base de las turbinas y cosechar con equipos agrícolas típicos. El ganado, como ovejas, vacas y caballos, puede seguir pastando alrededor de las torres.

¿Cómo abordará el impacto visual de las turbinas eólicas?

La Junta nos ha pedido que miremos a las ubicaciones de las turbinas eólicas que serían difíciles de ver desde Anton Chico, Dahlia, Dilia y Colonias, por lo que hemos estado mirando a las Mesas de Palo Amarillo y Colonias. También crearemos simulaciones por computadora de cómo se vería el proyecto desde puntos de vista clave para compartir con la comunidad. Nuestro objetivo es minimizar el impacto visual.

¿Son ruidosas las turbinas eólicas?

Las turbinas eólicas producen emisiones de ruido, pero te sorprenderá lo poco que hacen. Es fácil mantener una conversación en la base de una turbina. Según la ubicación prevista del proyecto, es muy probable que haya poco o ningún impacto sonoro en las residencias.

¿Hay impactos en la salud de las turbinas eólicas?

La industria eólica mundial continúa colaborando colectivamente con expertos en ciencia, medicina y salud ocupacional y ambiental para monitorear la investigación creíble en marcha en el área de turbinas eólicas y salud humana. Numerosos estudios independientes y organizaciones gubernamentales de salud alrededor del mundo no han encontrado ningún vínculo entre la salud humana y el sonido de las turbinas eólicas. Nuestro equipo tiene más de 40 años de experiencia instalando y operando turbinas eólicas en comunidades ganaderas y agrícolas y ningún propietario se ha quejado nunca de enfermedad o malestar.

¿El proyecto tendrá un impacto en las aves?

La relación entre las aves y las turbinas eólicas se ha estudiado ampliamente en América del Norte y en todo el mundo durante las últimas décadas, y se comprende bien. Los proyectos de energía eólica tienen un bajo impacto en las aves cuando se ubican adecuadamente. En BluEarth, siempre estudiamos cuidadosamente la migración, anidación y patrones de caza de las aves locales para que sepamos dónde se encuentran las áreas importantes a evitar. Además, también estudiamos los otros animales, plantas pocas comunes, áreas ecológicas sensibles para que podamos acomodarnos o evitar esas áreas también.

¿Qué sucede cuando la instalación eólica deja de funcionar? ¿Se dejarán las turbinas en pie?

Si el proyecto se considera viable, el contrato de arrendamiento sería por un plazo inicial de 35 años con opción a extender. Una vez que finalice el contrato de arrendamiento, BluEarth quitará y reciclará todo el equipo, quitará los cimientos de concreto a una profundidad de al menos 24" y devolverá el sitio a su estado anterior. En Nuevo México, la mayoría de los condados tienen ordenanzas que exigen que las empresas eólicas depositen una fianza o depósito en los últimos años del contrato de arrendamiento equivalente al costo de desmantelamiento, para garantizar que esto se haga realmente. Además, el valor de rescate de las turbinas eólicas probablemente será suficiente para pagar el desmantelamiento de la instalación y la recuperación del sitio.

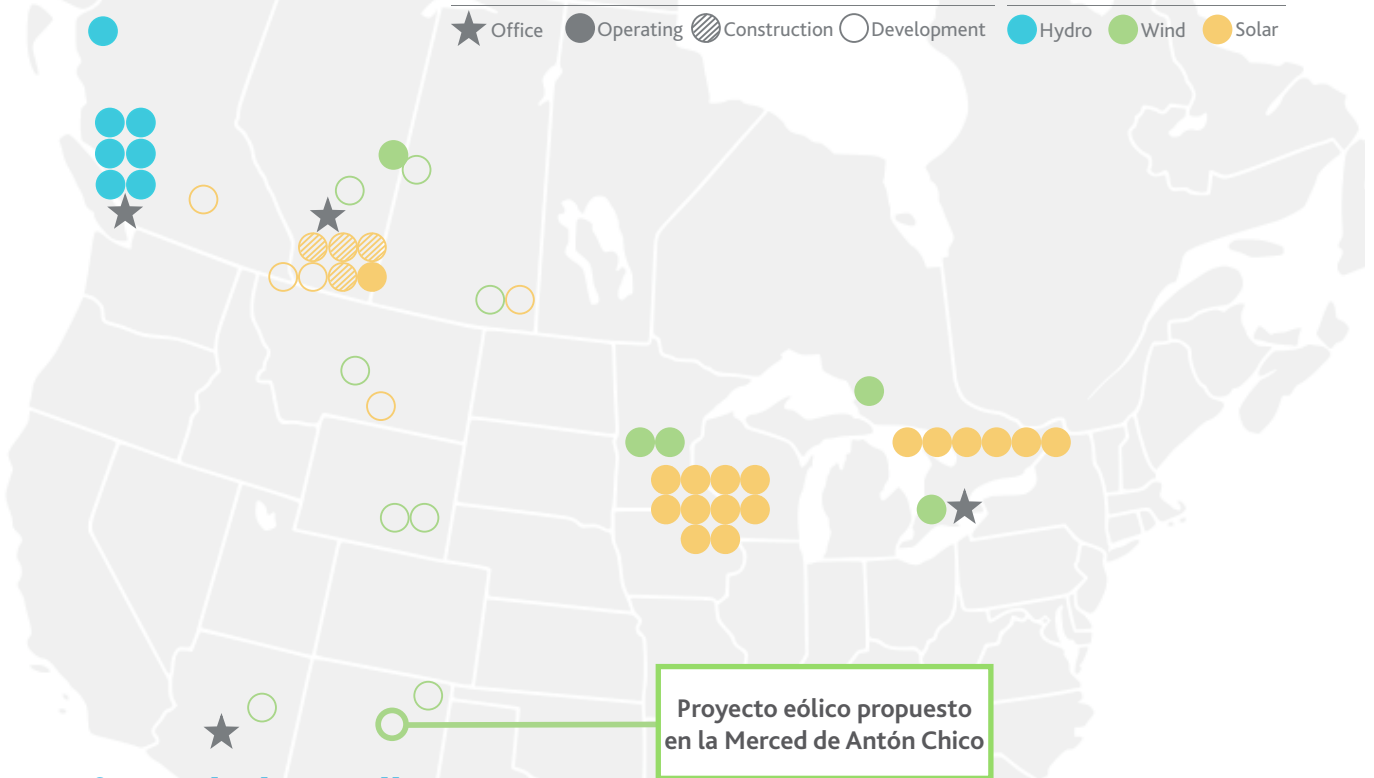

Si tiene preguntas adicionales, comuníquese con nuestro equipo del proyecto al 1-844-214-2578 o projects@bluearth.ca. Para obtener más información sobre BluEarth y lo que las comunidades y los socios indígenas piensan sobre trabajar con nosotros, visite nuestro canal de YouTube.

Acerca de BluEarth Renewables

BluEarth Renewables es un líder entre los productores de energía independiente que adquiere, desarrolla, construye, posee y opera instalaciones de energía eólica, hidroeléctrica y solar en América del Norte.

Nuestro portafolio

Nuestro enfoque de desarrollo

Nuestro equipo abarca **desarrollo, permisos, regulación, financiamiento, ingeniería, construcción y operaciones y mantenimiento de autoevaluación**. Con décadas de experiencia, nuestro equipo de expertos internos toma proyectos desde su concepción y los hace realidad.

IDENTIFICACIÓN DEL SITIO <ul style="list-style-type: none">Fuerte recurso y mercado para la venta de energíaEstudios de viabilidad	ACUERDO CON PROPIETARIOS Centrarse en acuerdos mutuamente beneficiosos	ANÁLISIS DE RECURSOS RENOVABLES Estudio de recursos locales	REGULACIÓN Y PERMISOS
	CONSULTA CON PROPIETARIOS Diálogo continuo y enfoque en la transparencia	EVALUACIÓN Y FINANCIAMIENTO DEL PROYECTO	PLANO DE DISEÑO Y SELECCIÓN DE EQUIPO

INVERSIÓN Y CONSULTA COMUNITARIAS

Para BluEarth, **la participación de la comunidad** es una actividad continua.

En la planificación y diseño de todos nuestros proyectos, tomamos decisiones basadas en la consulta y colaboración con todos nuestros grupos de interés. Desde la ubicación inicial de un proyecto, pasando por el proceso regulatorio y la construcción y hasta las operaciones, trabajamos para forjar relaciones a largo plazo y ayudar a construir comunidades sólidas.

Proposed Wind Project
Information Package

Power to Change THE FUTURE™

About the Proposed Wind Project

We are proposing to study the Palo Amarillo and Colonias Mesas areas to determine the viability of a wind project on the Anton Chico Land Grant. If viable, the plan would include building and operating two potential wind sites, with a nameplate of up to 400 MW each. This information package is intended to provide an overview of the proposed project and inform the community on the benefits of a wind project.

400 MW
nameplate capacity
per site

Up to **100**
wind turbines
per site

\$560 million
local investment
per site*

600
construction jobs*

*estimated

What's Been Done?

In early 2019, BluEarth began looking for lands in New Mexico that appeared favorable for a wind project based on resource, transmission capacity and land. The Anton Chico Land Grant was identified as meeting BluEarth's criteria.

In April 2019, BluEarth had an introductory meeting with Stoney Jamarillo and Rafael Jamarillo, where BluEarth discussed the proposal for a wind project and Option to Lease Contract. In July 2019, BluEarth met with the Board of Trustees and with permission drove through the Land Grant to review land suitability. In September, BluEarth shared a proposed Option to Lease Agreement, which was reviewed by the Natural Resources and Environmental Law Clinic at the University of New Mexico School of Law, with assistance from the New Mexico Land Grant Council. BluEarth returned to Anton Chico in November 2019 and received a guided tour of the Land Grant by Rafael and Gerald Maestas.

In February 2020, BluEarth returned to New Mexico with our President & CEO, Grant Arnold, to meet with representatives of the Anton Chico Land Grant. Since March 2020, due to COVID, all meetings with representatives of the Land Grant related to the project have been arranged by telephone or video call. On October 30, 2020, BluEarth participated in a Community Informational Meeting via Zoom, to give a presentation on the proposed wind project and to answer questions from the Land Grant Heirs.

What Happens Next?

We will work in close consultation with the local community to answer any questions you may have about the project. For BluEarth, consulting with the community is an on-going activity and we will continue to work with the local community through the life of the project.

Option to Lease Agreement (1-2 months after Anton Chico Land Grant Board of Trustees Election)

As the next steps in the proposal of this project, we aim to sign an Option to Lease Agreement with ACLG to allow BluEarth to develop the project on the Land Grant.

State of New Mexico Process (4-6 months)

- The Lease will be reviewed by the New Mexico State Board of Finance to ensure fiscal protection of Land Grant and Heirs.
- An order from the Fourth Judicial District Court of New Mexico will be granted, affirming the Board of Trustees' resolution.

Option Period (Up to 10 years)

If the Land Grant decides to enter into the agreement, BluEarth would have the ability to lease the land and to build a wind facility. During the Option period, we will evaluate many factors that are necessary for a successful project including:

- Measure the wind resource on site with a meteorological tower (wind test tower)
- Scope and conduct wildlife and vegetation surveys
- Apply for interconnection to the electric transmission grid
- Apply for permits to build and operate the project
- Engineering and design for the project
- Secure a contract for the sale of energy generated by the project

Lease Period - Construction (2 years per project)

If the project is deemed viable, during the lease period we will construct the project facilities including access roads, underground electrical collector cables, wind turbines, an electrical substation and overhead transmission line to connect the facility to the New Mexico transmission network.

Lease Period - Operations (35 years with option to renew)

Once constructed, BluEarth will own and operation the wind project for the 35-year life. This includes:

- Commission the project components
- Pay royalties to the landowner, Anton Chico Land Grant
- Decommission the project components at the end of the useful life
- Reclaim the site including land contouring and reseeding

Project Location & Infrastructure

The project is proposed on the Palo Amarillo and Colonias Mesas areas of the Anton Chico Land Grant which would be leased for the 35-year life of the wind project.

Once constructed, each project site would include one substation, an electrical collector system and roads, and a 34.5 kilovolt (kV) transmission line to the point of interconnection. The point of interconnection would be within the Land Grant, adjacent to the existing 345kV transmission line that crosses the Land Grant. Project construction would also include road improvements, road construction, and geotechnical investigations, and would be followed by construction of foundations, the electric collection systems, and installation of wind turbine generators.

Enclosed you will find a map which shows where the proposed projects would be located on the Anton Chico Land Grant.

Community Benefits

We are committed to strengthening the local economies where we live, work and operate by investing in and giving back to the local community for decades to come. The proposed wind project would bring several direct and indirect benefits to the community.

Local employment.

During construction, each project site would provide over 300 jobs (at peak construction) over two years including land surveying, road construction, set-up of electrical and communication networks, excavation, concrete and aggregates supply and installation, construction of electrical connection and associated infrastructure, and material transportation. During operations, each project site would provide up to 10 full-time, local operations and maintenance positions.

Long-term tax revenue.

Over the course of the project's 35-year life span, it would provide ongoing contributions to the local tax base without requiring municipal services such as water and wastewater services.

Clean, renewable energy.

The project would generate enough power to provide clean, sustainable, zero-emission electricity for up to 300,000 homes annually, based on two project sites with a 400 MW nameplate capacity each.

Local economic benefits.

Royalties would be paid to the Anton Chico Land Grant every year for the 35-year life of the project. One project site with a 400 MW nameplate capacity would provide over \$1,000,00 in royalties to the Land Grant each year. In addition, the project would provide property tax revenue, full-time operations and maintenance positions, and the local sourcing of construction site services, supplies, components and contractors.

What is it like to have a wind turbine on your land?

“It's sure nice to have an idea of a pretty good chunk of income that you are going to have available in the next 20 - 25 years. You can make some plans and have a little money set aside. You're not always sure of a lot of other things when you farm, so this is kind of a nice, reliable number that you have to work with.”

Gary Sproule, landowner
(Source: CanWEA, 2014)

We are committed to informing Land Grant Heirs about all aspects of the proposed wind projects. We believe that trust is the foundation for long-term successful relationships, and we know that trust is only earned over time, by working together with honest and transparent communications.

To ensure the safety of the community as the COVID-19 pandemic continues to unfold, we cannot make a presentation to the community in-person for the proposed wind projects. However, your questions and feedback on these projects are an important component of our development process.

Please join us at one of our upcoming virtual public information meetings:

Friday, March 19 from 9 a.m. to 11 a.m. (MT)

Join by computer: www.unm.zoom.us/j/94930803283

Meeting ID: 949 3080 3283

Additional call in details by phone or computer can also be found at
www.antonchicolandgrant.org/meetings

The proposed wind project will be voted on at the
upcoming Anton Chico Land Grant Board of Trustees Election.

If you have any questions about the proposed wind projects in advance of this election, we encourage you to connect with us at one of the virtual information sessions (listed above) or contact our project team by phone (1-844-214-2578) or by email (projects@bluearth.ca).

To learn more about BluEarth and what communities and Indigenous partners think about working with us, visit our [YouTube channel](#).

Building a Wind Facility

Civil Works. The ground area is prepared and construction of roads and laydown areas begin.

Turbine Foundations. Foundations for the wind turbines are constructed from concrete and steel.

Equipment Delivery. Turbine components including the tower, blades and nacelle are delivered to site.

Turbine Assembly. Turbines are assembled and installed using cranes.

Electrical Components. Construction of the electrical collector system, substation and interconnection point is completed.

Clean Up & Commissioning. The construction site is cleaned up and the facility begins making power.

Project Location

Proposed Wind Project

Frequently Asked Questions

Proposed Wind Project

How will this project benefit the local community?

BluEarth has met with the Board to discuss a number of direct and indirect community benefits from the proposed wind project. Primarily, the Land Grant will earn annual revenue from a portion of the sale of electricity from the project. This would begin before the project is built, while studies on the land for wind resource and environmental constraints are underway, at which time BluEarth will pay approximately \$100,000 per year. If BluEarth is able to build and contract both proposed project sites to 400 MW each, this could result in annual proceeds to the Land Grant of approximately \$1.2 to 1.5 million / year for the life of the project which is estimated at 35 years. In addition, BluEarth will provide community benefits in the form of scholarships, 4H support and office rentals of at least \$10,000 annually.

Will we be losing land for this project?

The community will not lose any land for this project. A small portion would be leased to BluEarth to put wind turbines on, with each turbine and with its access road taking about 1 acre or less. With approximately 40 turbine locations at each of the proposed wind sites, that would mean about 80 acres leased for approximately 35 years.

How will the project impact grazing and ranching?

Wind turbines occupy a small fraction of the land on which they are sited, so they work in harmony with existing and established land uses. Many of the activities that occurred on the land before a wind facility was built can continue undisturbed after construction is completed. For example, crops can be planted right up to the base of the turbines and harvested with typical farming equipment. Livestock, such as sheep, cows and horses, can continue to graze around the towers.

How will you address the visual impact of wind turbines?

The Board has asked us to look at wind turbine locations that would be hard to see from Anton Chico, Dahlia, Dilia, and Colonias, so we've been looking at the Palo Amarillo and Colonias Mesas. We will also build computer simulations of what the project would look like from key viewpoints to share with the community. Our goal is to minimize the visual impact.

Are wind turbines noisy?

Wind turbines do produce noise emissions, but you will be surprised by how little noise they make. It is easy to hold a conversation right at the base of a turbine. Based on our intended project location, it is very likely that there will be little to no sound impact at residences.

Are there health impacts from wind turbines?

The global wind industry collectively continues to engage with experts in science, medicine and occupational and environmental health to monitor ongoing credible research in the area of wind turbines and human health. Numerous independent studies and government health organizations from around the world have found no link between human health and wind turbine sound. Our team has over 40 years' experience installing and operating wind turbines in ranching and farming communities and no landowners have ever complained of illness or discomfort.

Will the project have an impact on birds?

The relationship between birds and wind turbines has been extensively studied in North America and worldwide over the last several decades, and is well understood. Wind energy projects have a low impact on birds when properly sited. At BluEarth, we always carefully study the migration, nesting and hunting patterns of local birds so that we know where important areas to avoid are located. In addition, we also study the other animals, rare plants, sensitive ecological areas so that we can accommodate or avoid those areas as well.

What happens when the wind facility is done operating? Will the turbines be left standing?

If the project is deemed viable, the lease would be for an initial term of 35 years with the option to extend. Once the lease is over, BluEarth will remove and recycle all of the equipment, remove concrete foundations to a depth of at least 24" and return the site to its former state. In New Mexico, most counties have ordinances that require wind companies to post a bond or deposit in the last few years of the lease that is equivalent to the cost of decommissioning, to guarantee that this is actually done. In addition, the salvage value of the wind turbines will most likely be sufficient to pay for the decommissioning of the facility and the reclamation of the site.

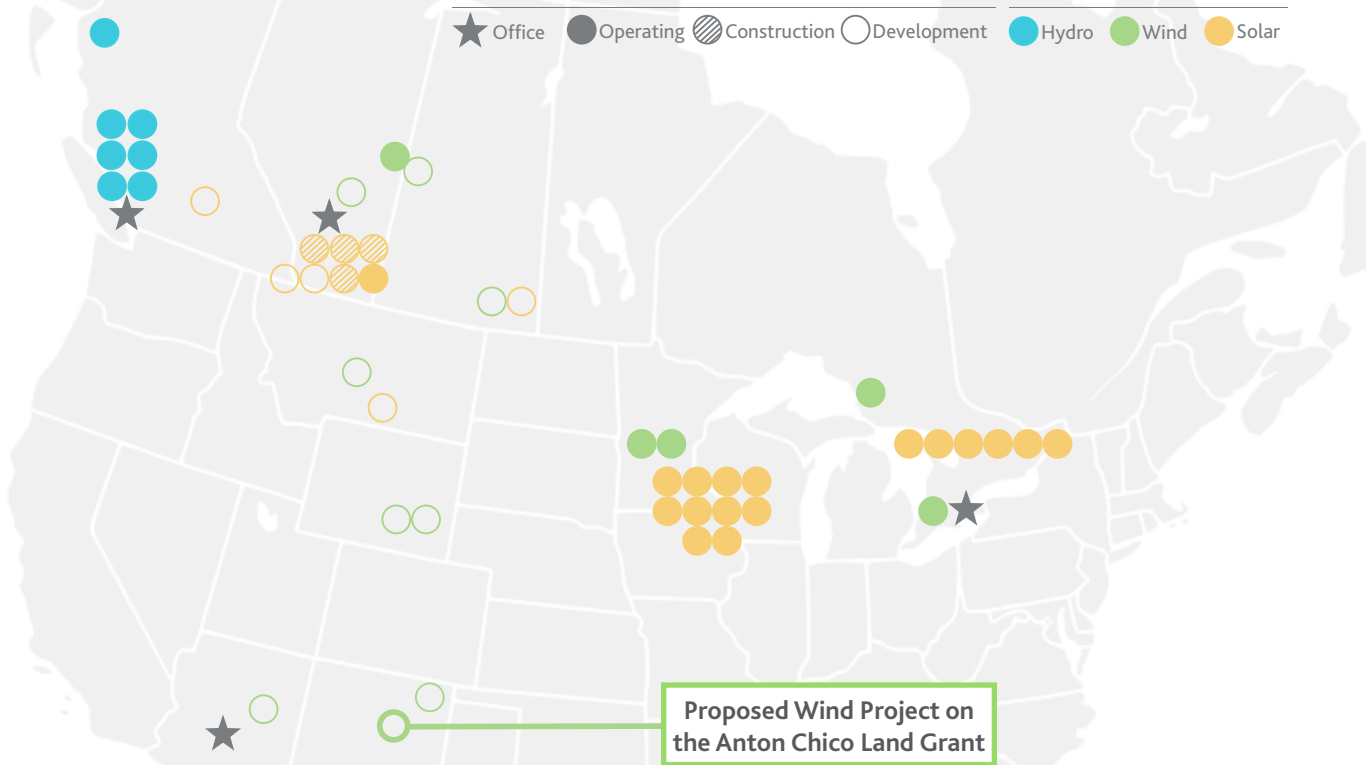

If you have additional questions, please reach out to our Project Team at 1-844-214-2578 or projects@bluearth.ca

About BluEarth Renewables

BluEarth Renewables is a leading independent power producer that acquires, develops, builds, owns and operates wind, hydro and solar facilities across North America.

Our Portfolio

Our Approach to Development

Our team spans **development, permitting, regulatory, financing, engineering, construction and self-perform operations and maintenance**. With decades of experience, our team of internal experts takes projects from conception and makes them a reality.

SITE IDENTIFICATION <ul style="list-style-type: none">• Strong resource and market for power sales• Feasibility studies	LANDOWNER AGREEMENT Focus on mutually-beneficial agreements	RENEWABLE RESOURCE ANALYSIS Local resource study	REGULATORY AND PERMITTING
	LANDOWNER CONSULTATION Continued dialogue and focus on transparency	PROJECT EVALUATION AND FUNDING	LAYOUT DESIGN AND EQUIPMENT SELECTION

COMMUNITY INVESTMENT AND CONSULTATION

For BluEarth **community engagement** is an ongoing activity.

In the planning and design of all our projects, we make decisions based on consultation and collaboration with all our stakeholders. From the early siting of a project, through the regulatory process and construction and into operations, we work to forge long-term relationships and help build strong communities.

Approval of Wind Lease Option by Anton Chico Land Grant

This memo is a summary of the required internal and external approvals necessary for the Anton Chico Land Grant (ACLG) to enter into a leasing arrangement for a renewable energy project.

Summary: The required steps are:

1. Approval by the Board of Trustees of Anton Chico Land Grant,
2. Approval by the majority vote of a quorum of qualified voting members of the ACLG
3. Approval by the New Mexico State Board of Finance.
4. An order from the Fourth Judicial District Court of New Mexico affirming the Board of Trustees' resolution.
5. Board of Trustees executing the lease option and necessary documents in the name and under the seal of the land grant-merced.

1. Approval by the Board of Trustees of Lease Option

The first step to entering into the lease option is to obtain a resolution from the Board of Trustees approving the lease option. For efficiency, the Board meeting to approve the lease option should be the same Board meeting to approve the necessary amendments to the 1984 Rules and Regulations (as described below).

a. Process

- i. The proposed resolution will need to amend the 20-year restriction on lease terms contained within the 1984 leasing Rules and Regulations. The proposed rule amendment must be distributed to all members of the Land Grant prior to holding the Board meeting to allow for a minimum 30-day comment period on the amendment.
- ii. Following completion of the above-noted comment period, the ACLG Board of Trustees must hold a duly noticed open meeting of the Board (which can be a regular meeting, a special meeting or the annual meeting) to pass the resolution.
- iii. For a regular meeting of the Board, a notice (in Spanish and English) containing the agenda for the meeting must be posted in a public place within the land grant at least 10 days prior to the meeting.

b. Resolution to Address the Below Items¹

- i. Approval of the lease option, subject to Board of Finance and court approval.
- ii. As required by the Article VII(3) of the 2017 Bylaws, confirmation that the lease option is “for emergency, critical, vital or community and economic development purposes that directly benefit the health, welfare, safety or socio-economic well-being of the residents and members” of the land grant.

¹ BluEarth's local New Mexico counsel will prepare a form of resolution which will contemplate the necessary approvals, as well as the certificates required for financing the project.

- iii. An amendment to the 1984 leasing Rules and Regulations to allow for leases beyond 20 years.
- iv. Confirmation of the due election of the current Board of Trustees of the ACLG.
- v. Confirmation that the Board of Trustees that existed in 2017 was duly elected and duly adopted the Bylaws that were recorded in 2017.
- vi. Confirmation that no additional bylaws or rules and regulations have been adopted.
- vii. Confirmation that no zoning or comprehensive plan has been adopted as is possible under Article VIII of the 2017 Bylaws.
- viii. Authorization of a board member to execute a certificate on behalf of the Board in respect of the foregoing confirmations.

c. Protests and Appeals

- i. If the Board of Trustees adopts a resolution approving the lease, any heir may file a protest within 30 day. The Board of Trustees must then hear any protest within 30 days after it is made.
- ii. If an heir is dissatisfied with the decision of the Board of Trustees as to the protest, then the heir can appeal the matter to the district court within 30 days of the Board of Trustees' decision on the protest.
- iii. The district court's action in relation to a protest should be appealable to the New Mexico Court of Appeals and then potentially to the New Mexico Supreme Court.

2. Approval by the Majority Vote of a Quorum of Qualified Voting Members.

The 2017-recorded Bylaws provide that leasing to non-members of the land grant for any purpose must be approved by a majority vote of a quorum of the qualified voting members of the land grant at a meeting of the land grant.

a. Process

- i. 15% of the total qualified voting membership constitutes a quorum. If a meeting is held and there is no quorum, another meeting can be held within 30 days, and at such meeting, the qualified voting members present constitute a quorum.
- ii. We note that the timing of this step depends on whether multiple meetings are required in order to get a quorum, and if it would be put to the vote of the members at the same time as the Board of Trustees acts or not.

3. New Mexico State Board of Finance.

Any lease by a political subdivision of the the State of New Mexico for a period of more than five years or with lease payment of more than \$25,000 must be approved by the State Board of Finance. A primary, but not the sole inquiry of the Board, is whether the rent is for less than fair market value. If the rent is determined by the

appraisal to be less than fair market value, then the lease will not be approved unless there is an exception to the “Anti-donation Clause” of the New Mexico Constitution.

a. Process

The following must be submitted to the board as part of its lease review, per applicable administrative code (NMAC 1.5.23.10.B):

- an appraisal of the fair market value of the property (while not stated, that appraisal must contain an appraisal of the fair market lease rents)
- a copy of the lease
- a resolution from the ACLG that approves the lease and which must contain a provision making the lease subject to Board of Finance approval
- an explanation of the reason for the lease
- a description of the selection process used to determine the tenant, as to whether it was by competitive sealed bid, public auction, or negotiation
- if lease consideration includes services, property or construction services, then evidence that the selection of the tenant complied with the procurement code or an exemption to it (not applicable here)

A hard copy and an electronic copy of materials, tabbed and bookmarked, must be submitted by the required submission date published on the board’s website, which is approximately 3 weeks prior to a meeting. The board, in its discretion, may require additional information be provided as may be relevant to a specific transaction.

4. An Order by the Fourth Judicial District Court of New Mexico Affirming the Board of Trustees’ Order.

As required by NMSA 1978, § 49-1-11, the Board of Trustee must petition for an order from the district court affirming the above-noted resolution approving the conveyance of common lands by the land grant (i.e. the lease option).

a. Process

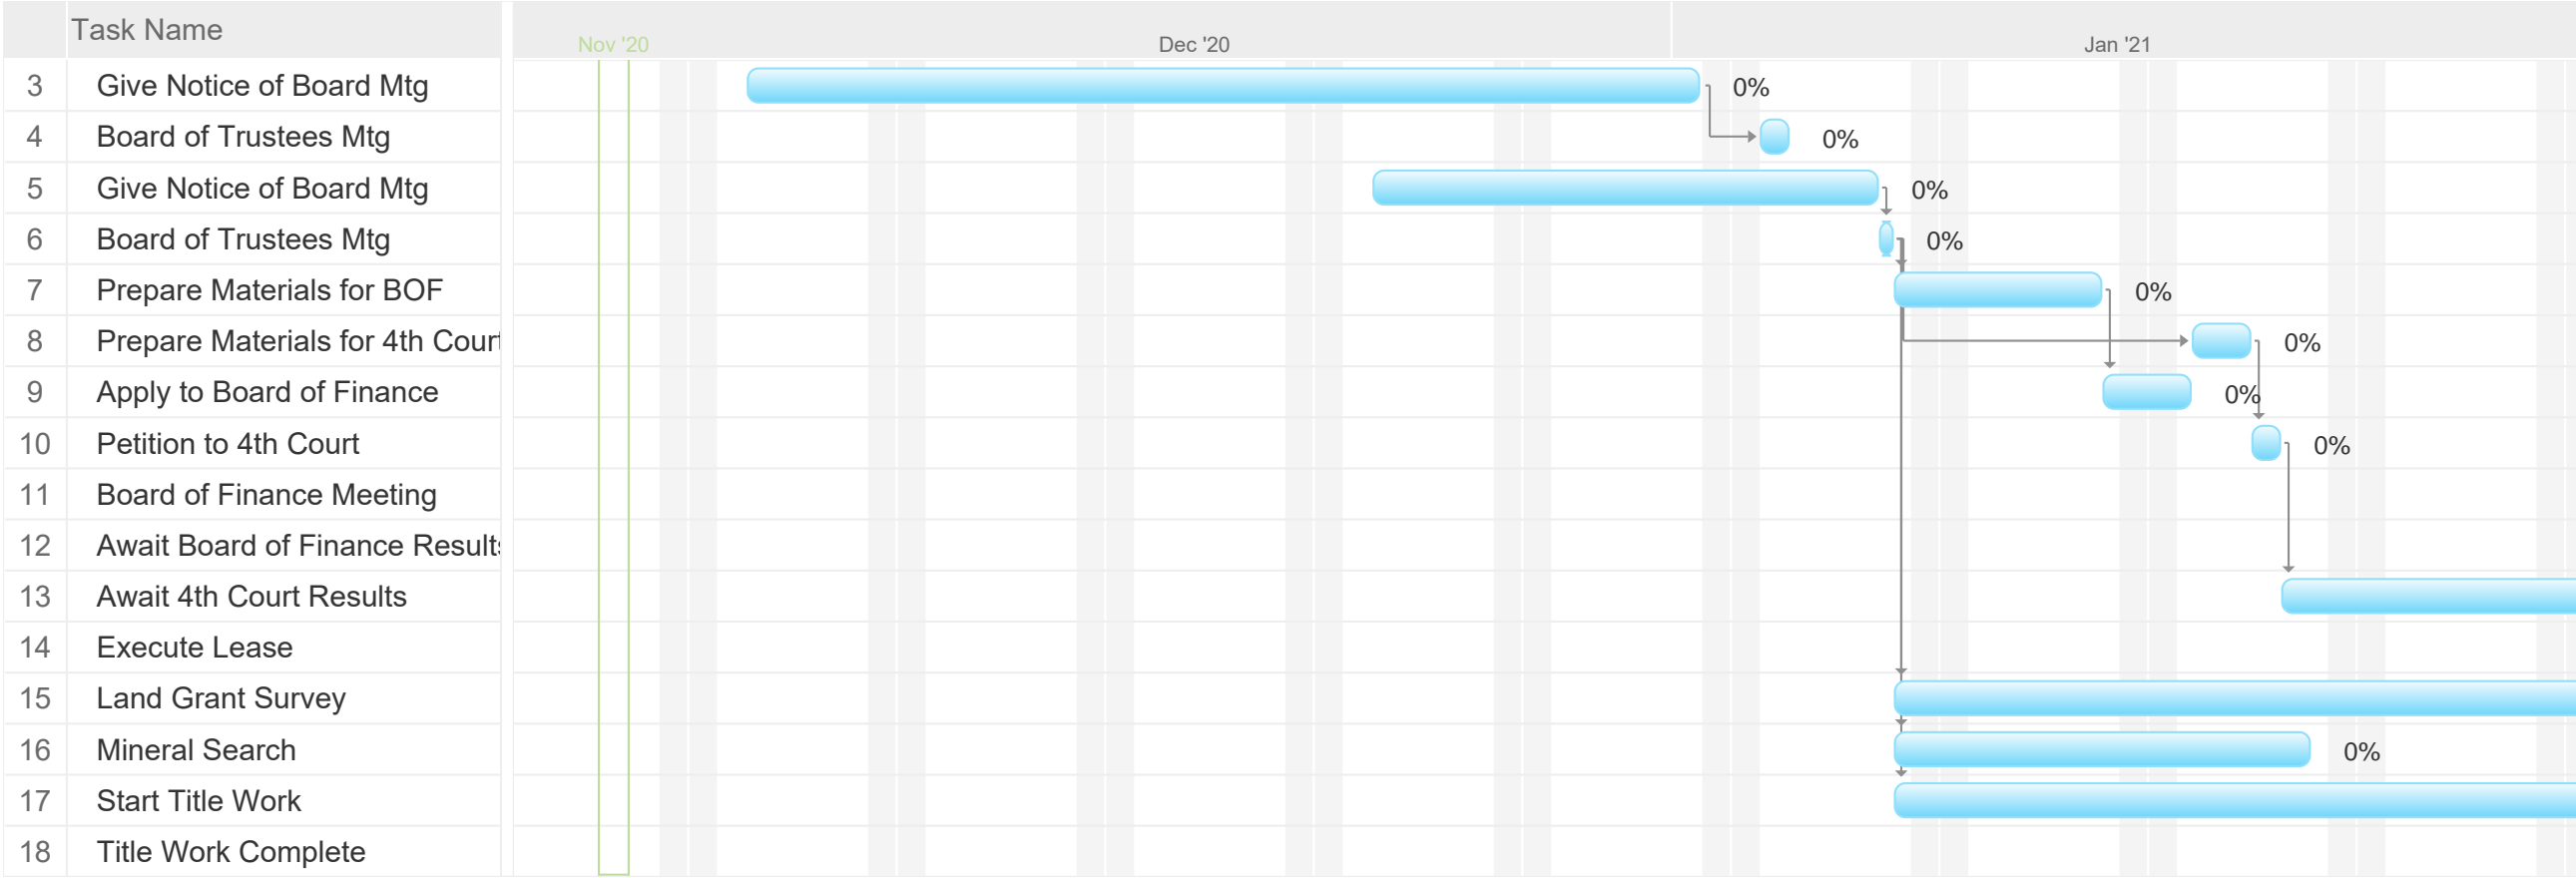

- i. The court’s approval will evaluate whether the following statutory requirements have been met: (i) the lease must comply with the bylaws of the land grant, (ii) the conveyance must be for the “benefit” of the land grant (no specific criteria are established for this, but it should parallel the required findings under the Bylaws), and (iii) the Board of Trustees must have duly approved a resolution approving the lease at a properly noticed, public meeting.
- ii. If the court determines that the statutory requirements have been satisfied and that “all protests and appeals have been concluded,” then the court is required to approve the lease.

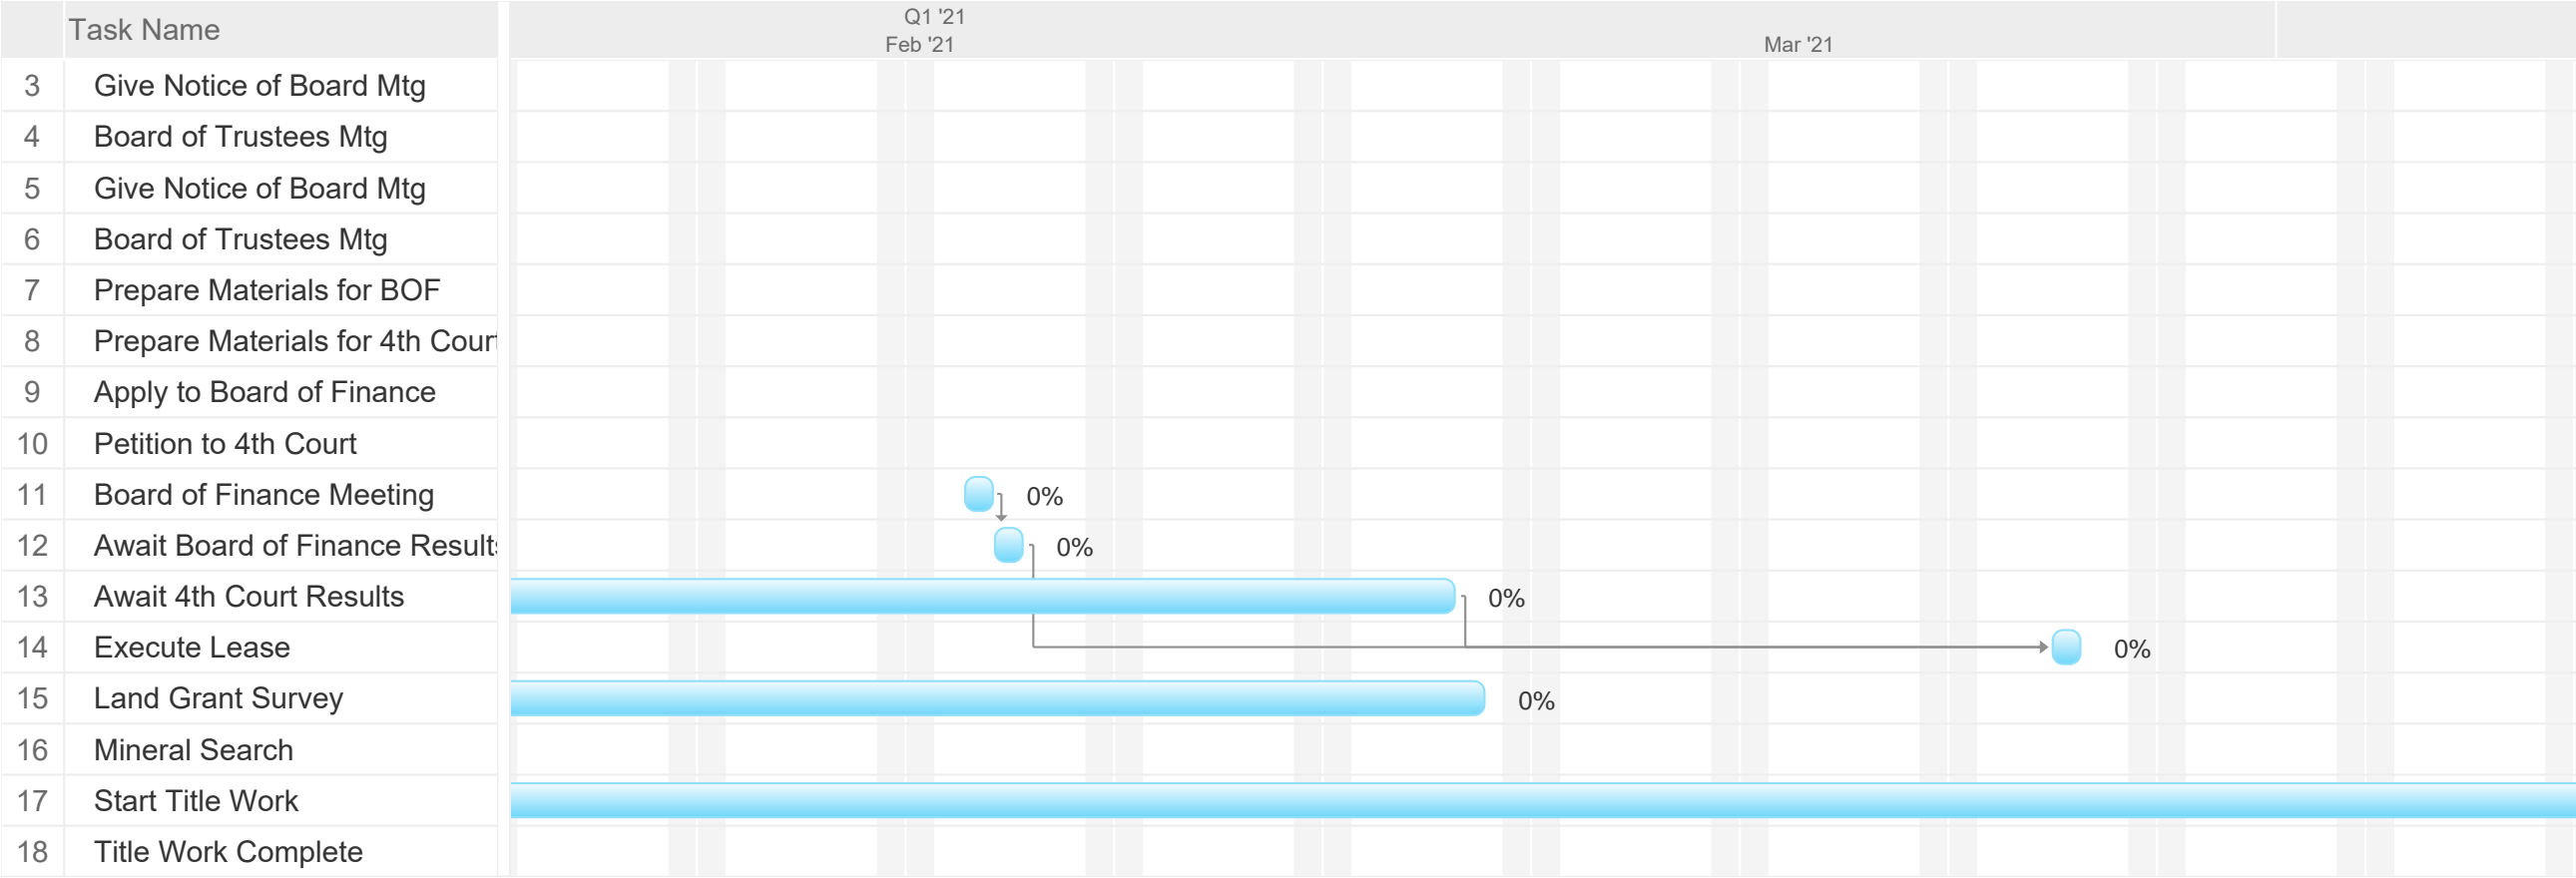

b. Protests and Appeals

Within 30 days after the final order, an “aggrieved party” may appeal to the Court of Appeals from an order of the District Court approving the Board’s resolution. There is no specific timeframe for a decision by the Court of Appeals, but the New Mexico Rules allow further appeal to the Supreme Court within 30 days of the Court of Appeals’ decision. It is difficult to estimate the length of time involved in an appeals decision.

5. Final Execution.

Upon the foregoing approvals having been issued, the lease can be fully executed and becomes binding.
